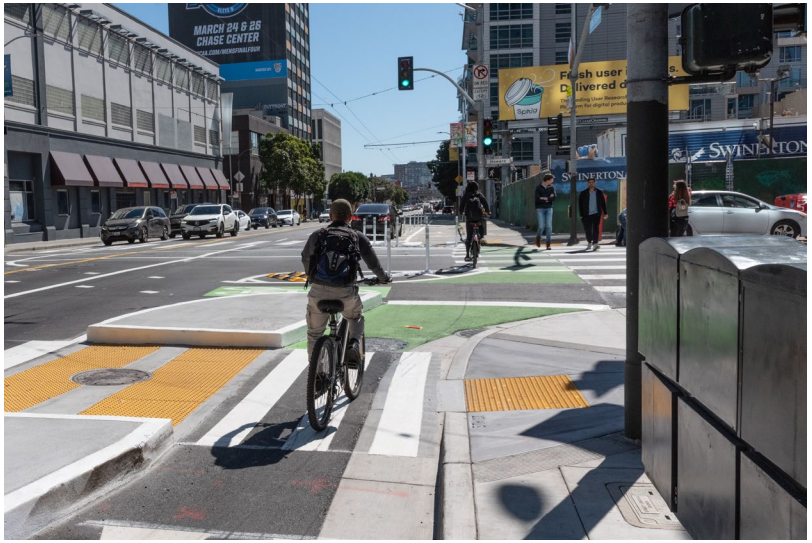
- BAAQMD/SFCTA Transportation Fund for Clean Air for 6 bike, transit, and accessible services projects – ($1.6 million)
- Federal Transit Administration All Stations Accessibility Program (ASAP) - Muni Metro Accessibility Projects ($2.4 million)



2027 State Policy & Legislative Priorities

Funding: Protect existing and secure new sources of short and long-term funding to support operations and capital investment needs.

Safe Streets: Advance overall safety for all road users, protect against negative safety impact.

Parking: Ensuring employee safety, flexibility within the California Vehicle Code to modernize parking systems, increase efficiency, provide more payment options.

Emerging Mobility & Innovation: Monitor and engage in the adoption and integration of new and emerging mobility innovations.

2027 State Policy & Legislative Priorities

Public Transit: Support paratransit, Innovative Clean Transit regulation update, and advancement of regional transit integration.

Sustainability, Climate Action & Resilience: Support City and State climate action targets.

Land Use & Transportation Integration: Support efforts to leverage transit real estate assets and private investment to generate revenue and prioritize the advancement of transit-oriented development.

Transportation Project Delivery: Support effective project delivery and strategies to deliver transportation plans, programs and projects.

2027 Federal Policy & Legislative Priorities

Funding and Appropriations

Advocate for a federal transportation reauthorization act that avoids steep cuts, sustaining and where possible, increasing transit state of good repair (SOGR) formula funding and federal investment in the Capital Investment Grant (CIG) program. Support efforts to address Highway Trust Fund solvency.

Monitor/Pursue Alignment with Agency Goals:

- Autonomous Vehicles
- Emerging Mobility & Innovation
- Sustainability, Climate Action, Resilience
- Project Delivery
