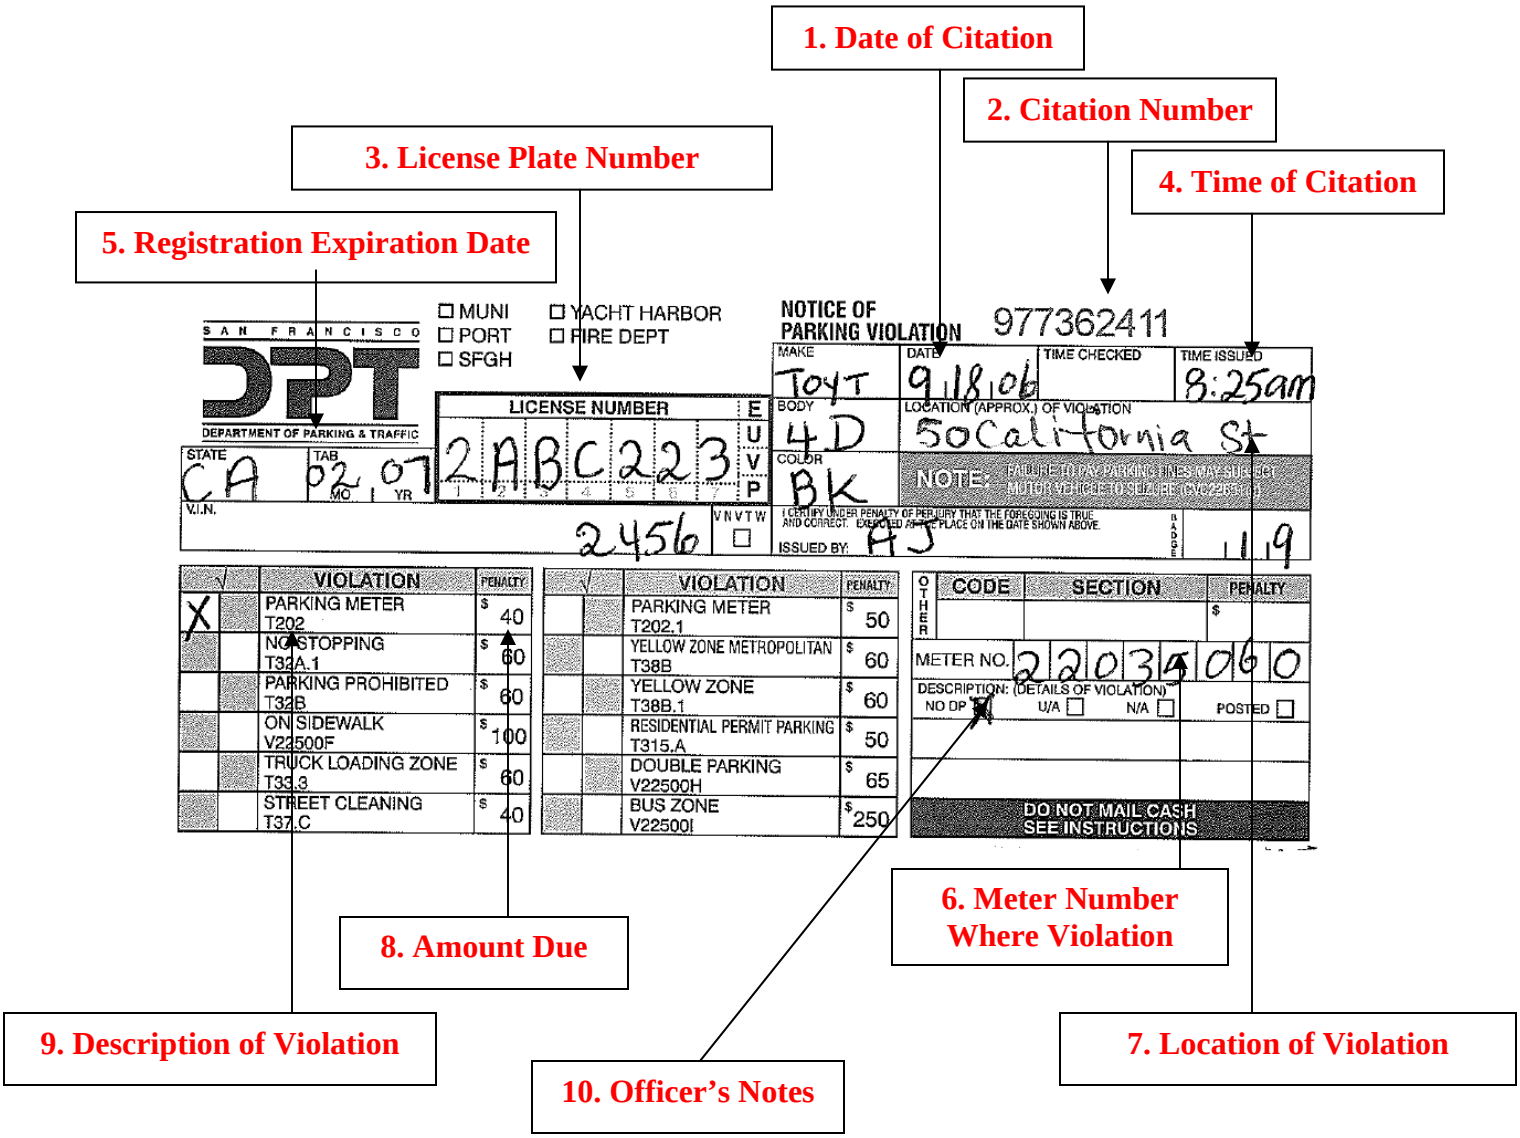
How to Read Your Citation

It is important to read the information on the front and back of your citation:

1. Date of Citation
2. Citation Number
3. License Plate Number
4. Time of Citation
5. Registration Expiration Date
6. Meter Number Where Violation Occurred
7. Location of Violation
8. Amount Due
9. Description of Violation
10. Officer's Notes



On the back of your citation you will see the following:
