****PRESS RELEASE****

SFMTA Weekend Transit and Traffic Advisory

San Francisco—The San Francisco Municipal Transportation Agency (SFMTA) releases the following upcoming event-related traffic and transit impacts for this weekend, Friday, February 2 through Sunday, February 4, 2018. Anyone traveling in San Francisco can check www.sfmta.com or call 311 to find out which of the 83 Muni lines will get them where they want to go. **All road users are encouraged to be aware, share the roadway and to follow all rules to ensure everyone's safety. Whether you are riding Muni, taking a taxi, walking, riding a bike or driving, please remain vigilant to keep everyone safe. If you see suspicious activity, please report it.**

For real-time updates, follow us on www.twitter.com/sfmta_muni or visit <http://www.sfmta.com/signup> to sign up for real-time text messages or email alerts.

For details of Muni re-routes, visit <http://www.sfmta.com/news/alerts>. This website will be updated when it is closer to the event date.

For additional notifications and agency updates, subscribe to our blog, [Moving SF](#) for [daily](#) or [weekly](#) updates.

Stockton Street Merchants Event

Friday, February 2 through Thursday, February 15: The Stockton Street Merchants Sidewalk Market Event will take place from Friday, February 2 through Thursday, February 15 along Stockton Street in Chinatown. The southbound Muni stop at Stockton and Jackson streets will be closed from 7 a.m. to 7 p.m., each day, throughout the duration of the event. Customers are advised to use either stops at Stockton and Pacific streets or at Stockton and Sacramento streets.

The following Muni routes will be affected: **8 Bayshore; 30 Stockton; 45 Union-Stockton.**

Kaiser Permanente San Francisco Half Marathon

Sunday, February 4: The 35th annual Kaiser Permanente San Francisco Half Marathon will take place in Golden Gate Park. The 5K run will start at 8 a.m. and the half marathon will start at 8:10 a.m. The race begins and ends in Golden Gate Park.

For more event details, please visit <https://getfitkpsf.com/>.

The following street closures will be required from 7:15 to 10 a.m. Each street will be reopened as the last runner goes through:

- Oak Street between Stanyan and Broderick streets
- Fell Street between Stanyan and Broderick streets
- Baker Street between Hayes and Page streets
- Masonic Street between Hayes and Page streets
- Stanyan Street between Hayes and Page streets
- Kezar Drive between Stanyan Street and Lincoln Way
- John F Kennedy Drive between Stanyan Street and Great Highway

Both northbound and southbound Great Highway between Fulton Street and Skyline Boulevard will be closed from 8 a.m. to noon.

The following Muni routes will be affected: **18 46th Avenue; 23 Monterey; 33 Ashbury/18th; 43 Masonic; and 44 O'Shaughnessy.**

CONSTRUCTION WORK AND OTHER UPDATES

UPDATE: Van Ness Improvement Project

The Van Ness Improvement Project is a civic improvement project that will bring San Francisco's first Bus Rapid Transit system. To maximize the benefits of construction, the City will also be replacing major utilities including water, sewer and emergency firefighting water systems. Work will also be done to repave Van Ness Avenue, enhance streetlights and landscaping, and install new sidewalk lighting and rain gardens.

Traffic lanes on Van Ness Avenue have been shifted to create two construction zones for upcoming utility work. Because some of this work requires reducing Van Ness Avenue to one lane in each direction, some work is limited to nighttime hours. Neighbors will be notified of night noise 72-hours in advance of night work.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Van Ness Improvement Project *continued*

Sunday, February 4: Between the hours of 8 p.m. and 7 a.m., sewer installation work will occur from McAllister to Turk streets. Crews will work on updating the emergency firefighting water systems from Lombard to Chestnut streets. Crews will pothole to determine underground utility alignments for upcoming sewer work from McAllister to Ellis streets and from Union to Filbert streets. Neighbors are advised to anticipate construction-related noise, including grinding, as crews work diligently to complete this necessary night work.

For more project details and the latest construction updates, please visit sfmta.com/vanness.

UPDATE: Central Subway Project

Pavement renovation at 4th and Brannan streets and track work on 4th Street between Brannan and King streets is ongoing. Until further notice, traffic reroutes will remain in effect.

Sewer and water supply infrastructure replacement work continues at 4th and Folsom streets, Monday through Friday, from 8 p.m. to 6 a.m. During these work hours southbound 4th Street will be reduced to one lane and eastbound Folsom Street will be reduced to two lanes. Sewer replacement work continues at night at 4th and Howard streets. Work hours are from 8 p.m. to 5 a.m. Two through lanes are in place southbound 4th Street. Westbound traffic on Howard Street will be impacted.

One lane on the south side of Ellis Street is open at all times for eastbound traffic. The parking garage between Ellis and O'Farrell is accessible on the north side of Ellis Street. Street restoration work is continuing on the north side of the intersection of Ellis and Stockton streets.

Washington Street between Stockton Street and Trenton Alley is under a long-term temporary closure to vehicular traffic as station construction continues. Pedestrian access to Washington Street between Stockton Street and Trenton Alley remains open.

The Central Subway project is the first underground line to link the north and south corridors of the city, and will provide a direct connection to major retail, sporting and cultural venues while efficiently transporting people to jobs, educational opportunities and other amenities throughout San Francisco.

For project updates, please visit:

<https://www.sfmta.com/projects-planning/projects/central-subway-project>

CONSTRUCTION WORK AND OTHER UPDATES *continued*

UPDATE: Construction of Mission Bay Loop

Now until Further Notice: The SFMTA has resumed construction on 18th, 19th and Illinois streets, the project is expected to be completed in early 2018.

The Mission Bay Loop is a key component for San Francisco's T Third rail line and is critical to operating the T Third Central Subway service plan. The loop provides turn-around capabilities for the T Third Street light rail line via a connection of trackway from 3rd Street to 18th, Illinois and 19th streets, which will allow the SFMTA to operate the necessary service levels needed to support current and planned growth within the eastern portion of San Francisco.

Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic. Traveling around and through the construction area should expect minor delays.

Since early April, the contractor has been working on the sewer infrastructure within the center of Illinois Street starting at 18th and Illinois streets. General work hours are from 8 a.m. to 5 p.m., Monday through Friday.

In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18th to 19th and Illinois streets for the duration of the project (approximately until winter of 2018).

Due to a recent discovery of an old underground storage tank placed underneath the PG&E duct bank on Illinois and 18th streets, a site assessment by contractors and a city representative took place. Street excavation work to remove contents from the tank and additional testing will be needed. This unplanned work may delay completion of the sewer work.

Traffic lanes traveling both north and south will remain open and there will be flaggers posted to help direct traffic. The northbound bike lane will be converted to a shared roadway. Expect minor delays when traveling around and through the construction area.

Local access to properties along the project site will be maintained. Sewer work is scheduled to be completed by February 2018.

For project details or to sign up to receive project updates, please visit:
<https://www.sfmta.com/missionbayloop>.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

ONGOING: 8th Street Safety Project

Now until Further Notice: A new transit boarding island will come soon to 8th Street between Market and Stevenson streets. In coordination with a sewer upgrade effort, construction is in progress and may last until March 2018.

The transit boarding island will provide more space and reliability for transit passengers, and a protected space for bicyclists riding between the sidewalk and boarding island.

Traffic/Transit Impact

- Please follow posted signage to locate the closest 19 Polk and 83X Mid-Market Express bus stop during construction.
- At times, there may be temporary lane closures as crews perform work resulting in possible travel delays. Please plan to allow for extra travel time during construction due to possible delays.
- Traffic will be routed around construction activity as necessary, but will not be detoured. Pedestrian pathways and access to driveways and commercial/residential buildings will be maintained at all times.

For more project details, please visit sfmta.com/7th&8th.

ONGOING: Oak and Octavia Safety Project

The Oak and Octavia Safety Project is improving safety and accessibility at the highly trafficked intersections where Octavia Boulevard meets Oak and Fell streets. Identified as a top priority through a community planning process, enhancements currently under construction include new center medians between Oak and Fell streets, as well as pedestrian bulbouts and ADA accessibility upgrades on Laguna Street. The construction project is expected to be ongoing through mid-February with general work hours from 9 a.m. to 3 p.m., Monday through Friday.

Construction of sidewalk bulbouts at Fell Street and Laguna Street was completed in 2017 and new median islands on Octavia Boulevard were completed earlier in January. For the next several weeks, contractors will be completing sidewalk bulbouts at Oak and Laguna streets, resulting in periodic lane closures and parking restrictions. Additional (limited) lane closures on Octavia Boulevard at Oak Street are also anticipated as the construction and landscaping of new traffic islands are finalized.

For more project information, please visit www.sfmta.com/octavia.

CONSTRUCTION WORK AND OTHER UPDATES *continued*

ONGOING: Polk Streetscape Project

The Polk Streetscape Project is an effort to create a safer, more vibrant corridor for all residents of San Francisco. In addition to increasing safety for everyone traveling on Polk Street, this project will incorporate new lighting, landscaping and street infrastructure. The project is anticipated to be completed in six segments, with construction taking approximately 24 months to complete. General work hours will be from 8 a.m. to 4 p.m., Monday through Friday.

Construction began since October 2016 with sewer work on North Point Street, from Polk to Larkin streets.

San Francisco Public Works will be working to incorporate key safety, sewer and water utility infrastructure improvements and streetscape enhancements along Polk Street, from Beach to McAllister streets. Improvements also include: paving, ADA curb ramps installation, alleyway improvements, sidewalk bulb-outs and bus bulb-outs, traffic signal upgrades, street light upgrades and bicycle lane improvements.

Traffic/Transit Impact

- At times, there may be temporary intersection or lane closures as crews perform work resulting in possible travel delays. Please plan to allow for extra travel time during construction due to possible delays.
- Traffic will be routed around construction activity as necessary. Pedestrian pathways and access to driveways and commercial/residential buildings will be maintained at all times.

For more project details, please visit sfpublicworks.org/polk.
