

Excessive speeding is the leading cause of death and serious injury on San Francisco's streets. Speed safety cameras are an important tool that will help make streets safer for everyone. These cameras are located at 33 locations across the city (see reverse for map).

Vehicles traveling 11mph or over the speed limit will receive a speeding ticket. Discounts are available to those who qualify.

For more information, visit **[SFMTA.com/SpeedCameras](https://www.sfmta.com/SpeedCameras)** or call 311.
