## 6. Public Comment

Edward Mason discussed the San Jose Metro Newspaper. In November of 2025, the transportation authority awarded \$150,000 in grant money to study a logistics micro hub. The plan is focused on having rechargeable batteries for bicycles. Technology is moving so rapidly, there needs to be a peak behind the curtain to see what projects the agency is working on and how they're impacted by future technology.

#### PUBLIC COMMENT:

Edward Mason stated that since the free Muni for youth card that expires when they age out of the program, there should be a way to get the youth used to tagging a card once they become an adult. They've been ingrained with just get on and go. Mr. Mason said that getting young people into the habit of tagging now would be a good investment long term in trying to get them to realize that they have a social responsibility to pay their fare.
