DIVISION: Sustainable Streets

BRIEF DESCRIPTION:

Designating various on-street parking locations as Tow-Away No Stopping Anytime Except Permitted Car Share Vehicles, as part of the on-street car share pilot program, pursuant to Transportation Code Division II, Section 911.

SUMMARY:

- The SFMTA Board approved an enlarged on-street car share pilot program, as well as amendments to the Transportation Code, on July 16, 2013. The two-year pilot program will facilitate participation by qualified car share organizations (CSOs), who will be permitted exclusive and conditioned use of on-street parking spaces in exchange for providing various data to evaluate the feasibility and effectiveness of on-street car sharing spaces.
- The SFMTA has approved three entities as qualified CSOs for pilot program participation. So far, these CSOs have requested 450 parking space locations for designated car share vehicle parking spaces, and are conducting community outreach with SFMTA’s oversight and coordination. Under this pilot program, as many as 900 on-street parking spaces will be designated as on-street car share parking spaces.
- Designated on-street car share parking spaces must be approved by the SFMTA Board of Directors as required by the Transportation Code.

Based on the experience of an initial pilot of on-street car share vehicle parking carried out by the SFMTA in 2011-2012, as well as the SFMTA's ongoing car share parking program in designated off-street parking facilities, in July 2013 the SFMTA Board adopted a car share policy framework and approved a two-year pilot program to further evaluate the feasibility and effectiveness of on-street car sharing spaces. At the conclusion of the pilot, SFMTA staff will complete an evaluation and recommend whether to make the on-street car share program permanent.

The two-year pilot program will involve participation by qualified car share organizations (CSOs), who will be permitted exclusive and conditioned use of on-street parking spaces in exchange for providing various data to evaluate the feasibility and effectiveness of on-street car sharing spaces.

The SFMTA has approved three entities as qualified CSOs for pilot program participation. So far, these CSOs have requested 450 parking space locations for designated car share vehicle parking spaces, and are conducting community outreach with SFMTA's oversight and coordination. Under this pilot program, as many as 900 on-street parking spaces will be designated as on-street car share parking spaces.

Designated on-street car share parking spaces must be approved by the SFMTA Board of Directors as required by the Transportation Code.

The proposed action would establish 41 on-street parking spaces as Tow-Away No Stopping Anytime Except Permitted Car Share Vehicles. On-street car share vehicle parking permits will be issued to CSOs under the terms and requirements established for the pilot program.

FUNDING IMPACT

As many as 900 new on-street car share parking spaces may be permitted over the two year pilot program. There will be minimal revenue realized from these permits and any parking citations issued as a result of the on-street car sharing pilot program. The costs of establishing and utilizing the on-street parking spaces are to be paid by the participating CSOs.

PUBLIC HEARING

Public hearings were held on May 30, 2014 and June 13, 2014, to consider the above parking changes. A total of 12 people provided comments about the proposals. Ten people spoke in opposition to the proposals; two were in favor. In addition, 15 email messages were received as comment on the proposed parking changes, 11 voicing opposition and four expressing support. A representative of City CarShare submitted approximately 100 emails from members expressing support for the proposals.

The chief concern voiced by opponents was the scarcity of on-street parking in the proposed locations compounded by the large number of private vehicles owned by neighbors, and/or commuter or customer vehicles, competing for limited on-street parking. Other comments expressed skepticism that car share services would be well utilized by neighbors, relative to the loss of scarce parking, or that private businesses would benefit from the service to the detriment of local neighbors.

Based on testimony from speakers at the public hearing as well as e-mail testimony submitted for the hearing, three locations comprising six parking spaces are not included in this proposal and subject to for further planning and outreach by CSOs and the SFMTA.

OTHER APPROVALS RECEIVED OR STILL REQUIRED

The proposed on-street car share parking modifications are subject to environmental review under the California Environmental Quality Act (CEQA). The Planning Department has determined that the proposed on-street parking modifications are categorically exempt from environmental review under Class 6 (information collection activities which do not result in a serious or major disturbance to an environmental resource).

A copy of the determination is on file with the Secretary for the SFMTA Board of Directors. The proposed action is the Approval Action as defined by the S.F. Administrative Code Chapter 31.

The City Attorney's Office has reviewed this report.

ALTERNATIVES CONSIDERED

Not applicable.

RECOMMENDATION

SFMTA staff recommends the designation of various locations as Tow-Away No Stopping Anytime Except Permitted Car Share Vehicles, as set forth in Items A through SSS above.
