1   Introduction

This dataset is an inventory of major events which may have impacted the SF*park* pilot project, primarily derived from weekly SFMTA traffic advisory emails. This document provides critical information regarding the availability and use of this dataset.

1.1   Timeline

The dataset includes events from 2008 through 2017.

1.2   Availability of Data

The dataset is a single Excel worksheet. A data dictionary defining key elements of the data is listed in section 2.2 of this document and is included as a worksheet in the Excel file. For all data requests and related inquiries, please contact info@sfpark.org and put "SFpark evaluation data request" in the subject line.

The Disabled Placard/Double Parking file name, format and size are as follows:

- o   File name: SFpark_ExogenousData_Events_20112013 .xlsx
- o   File format: 2010 MS Office Excel workbook
- o   File size: 36 KB

2   Overview

2.1   Summary of Contents

This inventory of events in San Francisco is intended to support occupancy data. The events in this dataset may explain anomalies in parking behavior.
