Lower Great Highway Pedestrian Improvements Project

October 16, 2018
SFMTA Board of Directors Meeting
Lower Great Highway Facts

- Lower Great Highway is the north-south street immediately east of Upper Great Highway
- Two-mile corridor between Lincoln Way and Sloat Blvd
- 18 intersections (10 stop-controlled, 8 uncontrolled)
- One lane in each direction with parking on both sides; largely residential with two preschools and a church
Project Background
Near-Term Proposals

Painted Safety Zones (PSZ)

Pedestrian Visibility Zones (Daylighting)

Back-in Angled Parking (Kirkham to Lawton streets)

Red pedestrian visibility zones in advance of each crosswalk

Painted Safety Zone to slow down right turns off LGH
Outreach/Timeline
