MINNESOTA STREET
between Mariposa Street and 22nd Street

District: 10
Length: 0.88 mi
Meets Vehicle Volume Target: No
Meets Vehicle Speed Target: Yes

“The slow open street on Minnesota Street brings a sense of community to the neighborhood and calms traffic. It is pleasant and decreases traffic and improves walkability. Also because there are a lack of bike lanes in the Dogpatch it improves bike riding safety for cyclists of all ages (particularly young cyclists and even skateboarders).”
