Minnesota Street Slow Street Proposed Design

18th and Minnesota

Diverter island restricting northbound vehicle traffic at Minnesota Street & 19th Street to reduce cut-through car traffic.

Signs & Stencils
- Slow Streets Delineators
- Slow Streets Wayfinding Sign
- Slow Streets Pavement Marking

19th and Minnesota

Painted safety zone and median island at the southwest corner of Minnesota Street and 18th Street to slow right turns from eastbound 18th Street while preserving access to loading zones and the UCSF police yard.

Mid-block between 20th and 22nd

Traffic calming island mid-block between 20th and 22nd streets to slow speeds at the southern block of the corridor.
