SAN FRANCISCO MUNICIPAL TRANSPORTATION AGENCY

DIVISION: Sustainable Streets

BRIEF DESCRIPTION:

Approving temporary parking modifications associated with the Commuter Shuttle Pilot Program.

SUMMARY:

- The SFMTA Board of Directors has authority to adopt changes to parking and traffic regulations.
- The SFMTA Board approved an 18-month pilot program to test a limited network of shared Muni and commuter shuttle stops through a permit system.
- To facilitate the pilot, temporary peak period AM and PM extensions to existing Muni bus zones are necessary at certain designated stops in order to accommodate a higher frequency of usage associated with sharing the Muni zones with commuter shuttles during peak times.
- Temporary commuter shuttle-only peak period white zones are necessary at locations with high Muni and high shuttle frequency where sharing existing Muni zones would impact Muni service.
- The SF Planning Department determined that the pilot project was exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15306 as a Class 6 (Information Collection) categorical exemption.
- SFMTA has determined that the proposed stop modifications and establishment and modification of white zones are categorically exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15301 Class 1(c)(9) (changes in the traffic and parking regulations where such changes do not establish a higher speed limit and/or result in more than a negligible increase in the use of the street) and/or Class 1(c)(13) (installation, modification and replacement of traffic signals, where no more than a negligible increase in the use of the street will result).

ENCLOSURES:

1. SFMTAB Resolution

APPROVALS:

DIRECTOR ________________________________  8/11/14

SECRETARY ________________________________  8/11/14

ASSIGNED SFMTAB CALENDAR DATE: August 19, 2014
PURPOSE

Approve temporary parking modifications to support the Commuter Shuttle Pilot Program.

GOAL

This action supports the following SFMTA Strategic Plan Goal and Objectives:

Goal 1: Create a safer transportation experience for everyone
   Objective 1.3: Improve the safety of the transportation system.

Goal 3: Improve the environment and quality of life in San Francisco
   Objective 3.1 Reduce the Agency’s and the transportation system’s resource consumption, emissions, waste, and noise.

DESCRIPTION

On January 21, 2014, the SFMTA Board of Directors approved a Commuter Shuttle Policy and Pilot Program, including a resolution amending Division II of the Transportation Code to authorize the Pilot. The Pilot aims to gather information for a permanent program which can address the following key transportation issues related to commuter shuttles:

- Delays in Muni service, which are most intense at stops where Muni service is very frequent
- Challenge of shuttle identification and ability to identify the right provider in response to problems
- Safety concerns, local congestion, and upstream Muni delays that result when vehicles are stopping in zones that are not conducive to sharing
- Clarity for enforcement personnel, providers, and the public about where shuttles are allowed to stop
- Responsibility to recover agency costs
- Lack of complete information about shuttle operations – a challenge for communications and planning

The Pilot is intended to enable SFMTA to evaluate whether sharing Muni stops specifically selected to minimize impacts on Muni and other users, permit terms that establish standards for operations, and data-supported system management can minimize conflicts while supporting the beneficial commuter options that shuttles provide.

In February 2014, the SFMTA invited members of the commuter shuttle sector to propose the locations they wished to see included in the pilot network. At the same time, the SFMTA asked residents which locations they thought should or should not be included in the pilot network.
Muni service planners and transit engineers reviewed the input and developed a pilot network that is a combination of:

- Zones requested by shuttle service providers
- Zones requested by residents
- Alternative zones within a few blocks of locations requested by shuttle service providers

The Pilot aims to use curb space efficiently by sharing existing Muni zones that can accommodate shuttle activity. The majority of the pilot network was established in advance of the August 1 pilot launch. To address remaining gaps, the SFMTA is proposing extension of one existing Muni zone to accommodate sharing with commuter shuttles. Staff also proposes the creation of four new permitted commuter shuttle-only loading zones, the conversion of an existing shuttles-only loading zone to permitted commuter shuttles-only loading zone, and the conversion of an existing tour bus only loading zone to a permitted shuttles and tour bus only loading zone—with extended hours. The separate permitted commuter shuttle-only loading zones are proposed in locations where separate zones are needed to avoid impacts on Muni operations because there is both a high frequency of use by Muni, and by shuttle service providers.

Proposed changes A-G were presented at the duly noticed July 18, 2014, August 1, 2014, and August 15, 2014 SFMTA engineering public hearings. These changes require SFMTA Board approval:

A. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM, MONDAY THROUGH FRIDAY – San Jose Avenue, west side, from 29th Street to 85 feet southerly (85-foot zone; Restrictions parking at four residential parking permit (RPP) spaces during peak AM hours) PH 8/15/14, Requested by SFMTA.

B. EXTEND – BUS ZONE – Parnassus Avenue, south side, from 75 feet to 93 feet west of Stanyan Street (18-foot extension of existing bus zone; affects one residential parking permit (RPP) space) PH 8/15/14 Requested by SFMTA.

C. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM-10 AM, MONDAY THROUGH FRIDAY – Powell Street, west side, from Union Street to 129 feet northerly. (Restricts parking at six metered parking spaces during AM peak hours) PH 8/1/14 Requested by SFMTA.

D. STABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 4 PM-8 PM, MONDAY THROUGH FRIDAY and REVOKE – TOUR BUS ONLY, 9:30 AM TO 7 PM – Powell Street, east side, from Filbert Street to 40 feet northerly (Restricts parking at one residential parking permit space during PM peak hours) PH 8/1/14 Requested by SFMTA.
E. ESTABLISH – TOUR AND COMMUTER SHUTTLE BUS ZONE ONLY, 9:30 AM TO 8 PM – Fell Street, north side, from Pierce Street to 160 feet easterly (extends existing tour bus zone hours by a hour in the PM and allows commuter shuttle bus usage) PH 8/1/14 Requested by SFMTA.

F. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM AND 3PM-7PM, MONDAY THROUGH FRIDAY – 8th Street, west side, from 85 feet to 165, south of Market Street (85-foot zone). This commuter shuttle zone already exists; conversion to zone for permitted commuter shuttle use only. PH 8/15/14 Requested by SFMTA.

G. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM AND 3PM-7PM, MONDAY THROUGH FRIDAY – 4th Street, west side, from Brannan Street to 116 feet northerly (116-foot long zone; restricts parking at four metered parking spaces during AM and PM peak hours) PH 7/18/14 Requested by SFMTA.

Several members of the public expressed concern about Item A, San Jose Avenue. Concerns related to behavior of waiting riders, interactions between buses and bicyclists, and bus noise. The SFMTA proposes this zone to meet demand for AM shuttle loading that had previously taken place on 30th Street, which impacted Muni operations. In identifying a zone that could accommodate shuttle activity, transit engineering staff consulted with Livable Streets staff to identify a zone that would minimize impacts on bicyclists. SFMTA will monitor activity at this zone. Permitted shuttle service providers are required to train their operators on best safety practices for operations around bicyclists and pedestrians per the SFMTA-developed curriculum, once the curriculum is developed and adopted.

ALTERNATIVES CONSIDERED

Alternatives considered included:
- Not providing shuttle access in these locations, which would increase demand on other zones in the network beyond what could be accommodated and/or leave gaps in the network.
- Providing shuttle access at other zones, which were not selected because of concerns about impact on Muni.

FUNDING IMPACT

All costs associated with the Commuter Shuttle Pilot program are being recovered through the Designated Shuttle Stop Use Permit Fee.

OTHER APPROVALS RECEIVED OR STILL REQUIRED

On January 8, 2014, the SFMTA, under the authority delegated by the Planning Department, determined that the Commuter Shuttle Policy and Pilot Program and Transportation Code amendments to implement an 18 month pilot program were exempt from environmental review
pursuant to Title 14 of the California Code of Regulations Section 15306 as a Class 6 (Information Collection) categorical exemption. On January 9, 2014, the City Planning Department issued a concurrence with this determination. On April 1, 2014, the City Planning Department issued a Notice of Exemption, which was filed with the County Clerk on April 8, 2014.

On June 27, 2014, the SFMTA, under the authority delegated by the Planning Department, determined that one peak period zone for permitted shuttle buses (Item G) is categorically exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15301, Class 1(c)(9) (changes in traffic and parking regulations where such changes do not establish a higher speed limit and/or result in more than a negligible increase in the use of the street) and/or Class 1(c)(13) (installation, modification and replacement of traffic signals, where no more than a negligible increase in the use of the street will result).

On July 18, 2014, the SFMTA, under the authority delegated by the Planning Department, determined that two peak period-only white permitted commuter shuttle zones and the revocation and replacement of one tour bus-only zone with a tour bus and permitted commuter shuttle bus zone (Items C, D, E) are categorically exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15301, Class 1(c)(9) (changes in traffic and parking regulations where such changes do not establish a higher speed limit and/or result in more than a negligible increase in the use of the street) and/or Class 1(c)(13) (installation, modification and replacement of traffic signals, where no more than a negligible increase in the use of the street will result).

On August 4, 2014, the SFMTA, under the authority delegated by the Planning Department, determined that two peak period-only white permitted commuter shuttle zones and extension of one existing bus zone (Items A, B, F) are categorically exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15301, Class 1(c)(9) (changes in traffic and parking regulations where such changes do not establish a higher speed limit and/or result in more than a negligible increase in the use of the street) and/or Class 1(c)(13) (installation, modification and replacement of traffic signals, where no more than a negligible increase in the use of the street will result).

The proposed action is the Approval Action as defined by San Francisco Administrative Code Chapter 31.

This item has been reviewed by the City Attorney.

RECOMMENDATION

Staff recommends that the SFMTA Board of Directors approve the proposed temporary parking modifications, to remain in effect for the duration of the Commuter Shuttle Pilot Program.
WHEREAS, The San Francisco Municipal Transportation Agency has identified a need for temporary parking modifications in support of the Commuter Shuttle Pilot program as follows:

A. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM, MONDAY THROUGH FRIDAY – San Jose Avenue, west side, from 29th Street to 85 feet southerly (85-foot zone; Restricts parking at four residential parking permit (RPP) spaces during peak AM hours)

B. EXTEND – BUS ZONE – Parnassus Avenue, south side, from 75 feet to 93 feet west of Stanyan Street (18-foot extension of existing bus zone; affects one residential parking permit (RPP) space)

C. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM-10 AM, MONDAY THROUGH FRIDAY – Powell Street, west side, from Union Street to 129 feet northerly. (Restricts parking at six metered parking spaces during AM peak hours)

D. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 4 PM-8 PM, MONDAY THROUGH FRIDAY and REVOKE – TOUR BUS ONLY, 9:30 AM TO 7 PM – Powell Street, east side, from Filbert Street to 40 feet northerly (Restricts parking at one residential parking permit space during PM peak hours)

E. ESTABLISH – TOUR AND COMMUTER SHUTTLE BUS ZONE ONLY, 9:30 AM TO 8 PM – Fell Street, north side, from Pierce Street to 160 feet easterly (extends existing tour bus zone hours by a hour in the PM and allows commuter shuttle bus usage)

F. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM AND 3PM-7PM, MONDAY THROUGH FRIDAY – 8th Street, west side, from 85 feet to 165, south of Market Street (85-foot zone). This commuter shuttle zone already exists; conversion to zone for permitted commuter shuttle use only.

G. ESTABLISH – TOW-AWAY NO PARKING, PERMITTED COMMUTER SHUTTLE BUS ZONE, 6 AM TO 10 AM AND 3PM-7PM, MONDAY THROUGH FRIDAY – 4th Street, west side, from Brannan Street to 116 feet northerly (116-foot long zone; restricts parking at four metered parking spaces during AM and PM peak hours)

WHEREAS, The proposed modifications were presented at the duly noticed July 18, 2014, August 1, 2014, and August 15, 2014 SFMTA engineering public hearings; and,
WHEREAS, On January 9, 2014, the San Francisco Planning Department determined that the Commuter Shuttle Policy and Pilot Program were exempt from environmental review pursuant to Title 14 of the California Code of Regulations Section 15306 as a Class 6 (Information Collection), and on June 27, 2014, July 18, 2014, and August 8, 2014, SFMTA staff, under delegated authority from the Planning Department, determined that the parking modifications requested herein were categorically exempt from environmental review under Title 14 of the California Code of Regulations Section 15301, Class 1(c)(9) (changes in traffic and parking regulations where such changes do not establish a higher speed limit and/or result in more than a negligible increase in the use of the street) and/or Class 1(c)(13) (installation, modification and replacement of traffic signals, where no more than a negligible increase in the use of the street will result); and,

WHEREAS, The Commuter Shuttle Pilot program called for the creation of a pilot network of designated stops, to be primarily composed of shared existing Muni zones, and to include extensions of existing Muni zones and permitted commuter shuttle only loading zones as needed; and,

WHEREAS, The Commuter Shuttle Pilot program will provide the opportunity for the SFMTA to evaluate whether sharing Muni stops specifically selected to minimize impacts on Muni and other users, permit terms that establish standards for operations, and data-supported system management can minimize conflicts while supporting the beneficial commuter options that shuttles provide; and,

WHEREAS, Copies of the San Francisco Planning Department and SFTMA’s CEQA determinations are on file with the Secretary to the SFMTA Board of Directors; and,

WHEREAS, The proposed action is the Approval Action as defined by the San Francisco Administrative Code Chapter 31; and,

WHEREAS, The public has been notified about the proposed parking modifications and has been given the opportunity to comment on those modifications through the public hearing processes on July 18, 2014, August 1, 204, and August 15, 2014; now, therefore, be it

RESOLVED, That the San Francisco Municipal Transportation Agency Board of Directors approves the temporary parking modifications to remain in effect for the duration of Commuter Shuttle Pilot Program.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of August 19, 2014.
