Bayview Shuttle Community Congress – August 6, 2025

Workforce Development

Continue:

- Recruiting, training, and hiring local residents as part of the service
- Building a pipeline to the CityDrive program for residents to become Muni operators

Proposal #1

- Fund quarterly in-community programming focused on job readiness and skills development
- Potential workshops include: car maintenance/repair, bike maintenance/repair, digital skills, resume building, etc.

Proposal #2

- Establish a "Barriers to Access" fund that will provide financial assistance to community residents for work or job-related expenses
- Determine eligibility requirements and eligible costs

Proposal #3

- Youth-led community histories project featuring community tours using the shuttle
- Interns hired on a quarterly basis will plan and promote tours that highlight different community assets
