

Financial Statements and Supplemental Schedules

June 30, 2004 and 2003

(With Independent Auditors' Report Thereon)

#### Disclaimer

This document provides general information about the San Francisco Municipal Transportation Agency (SFMTA) and its outstanding bonds, notes or other obligations. The information is provided for quick reference only. It is not a summary or a compilation of all information relevant to any particular financial transactions, bonds, notes or other obligations. It does not purport to include every item that may be relevant, nor does it purport to present full and fair disclosure with respect to any financial transactions, bonds, notes or other obligations related to the SFMTA within the meaning of applicable securities laws and regulations.

The information presented in this document speaks only as of the date it was posted or, if such information is dated, as of its dated date. The SFMTA does not undertake continuously to update materials posted in this document. Developments may occur after the dated date or posted date of such information that could render it inaccurate or unreliable.

Certain information has come from other sources that are not developed by the SFMTA, and the SFMTA presents that information for convenience only. The SFMTA does not guarantee the accuracy of any such information and undertakes no responsibility to verify any of that information. Links to other websites similarly are provided for convenience; the SFMTA takes no responsibility for the accuracy of such information.

THIS IS NOT AN OFFER TO SELL BONDS. Information in this document is not an offer to sell securities or the solicitation of an offer to buy securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

Viewers acknowledge that: (1) the SFMTA is not now by this document and the information shown herein offering any bonds, notes or other obligations, nor soliciting an offer to buy any such securities; (2) this document and the information herein shall not be construed as any description of the SFMTA, any departments thereof or the programs of the SFMTA in conjunction with any offering of bonds, notes or other obligations; (3) the information in this document is subject to change without notice, and no one shall assume from the availability of this document and the information herein that the affairs of the SFMTA and/or the programs of the SFMTA have not changed since the date of this information; (4) no representation is made as to the propriety or legality of any secondary market trading of the bonds, notes or other obligations of the SFMTA by anyone in any jurisdiction, (5) the information in this document speaks as of its date, and the SFMTA does not hereby obligate itself in any manner to periodically or otherwise update this information or to maintain the availability of this information.

All information in this document has been obtained by the SFMTA from sources believed to be reliable but no representation or warranty is made by the SFMTA as to its accuracy or completeness. Neither the SFMTA, nor any of its agencies or departments nor any of its officers or employees, shall be held liable for any use of the information described and/or contained in this document. In no event shall the SFMTA or its agencies or departments, officers or employees be liable for any direct, indirect, incidental, special, exemplary or consequential damages however caused and on any theory of liability, whether in contract, strict liability or tort (including negligence or otherwise) arising in any way out of the use of this document, even if advised of the possibility of such damage. This disclaimer of liability applies to any and all damages and injuries, including, but not limited to those caused by any failure of performance, error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, theft or destruction or unauthorized access to, alteration of, or use of any record, whether for breach of contract, tortious behavior, negligence or under any other cause of action. This disclaimer applies to both isolated and aggregate uses of the information in this document.

Any addresses or links to other websites which may be contained in this document are given only for the convenience of the viewer. #### **Independent Auditors' Report**

The Honorable Mayor, Board of Supervisors and Municipal Transportation Agency Board of Directors City and County of San Francisco, California:

We have audited the accompanying basic financial statements of the San Francisco Municipal Railway (MUNI) and the San Francisco Municipal Railway Improvement Corporation (SFMRIC), departments of the City and County of San Francisco, California (the City) and the Municipal Transit Agency (MTA), as of and for the years ended June 30, 2004 and 2003, as listed in the table of contents. These financial statements are the responsibility of the management of MUNI and SFMRIC. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in note 1, the financial statements present only MUNI and SFMRIC and do not purport to, and do not, present fairly the financial position of the City or the MTA as of June 30, 2004 and 2003, and the changes in its financial position and its cash flows, where applicable, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of MUNI and SFMRIC as of June 30, 2004 and 2003, and their changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued a report dated November 23, 2004 on our consideration of MUNI's and SFMRIC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grants, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audits.

The management's discussion and analysis on pages 3 through 12 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements of MUNI and SFMRIC. The accompanying schedules of grants are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

KPMG LLP

November 23, 2004

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

As management of the San Francisco Municipal Railway (MUNI) and the San Francisco Municipal Railway Improvement Corporation (SFMRIC), we offer readers of MUNI and SFMRIC's financial statements this narrative overview and analysis of the financial activities of MUNI and SFMRIC for the fiscal years ended June 30, 2004 and 2003. We encourage readers to consider the information presented here in conjunction with information contained in the financial statements. All amounts, unless otherwise noted, are expressed in thousands of dollars.

#### Financial Highlights

- The assets of MUNI and SFMRIC exceeded their liabilities at the close of the most recent fiscal year by \$1,700,552.
- MUNI and SFMRIC's total net assets increased by \$79,913. This increase is due primarily to an increase in capital assets.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to MUNI and SFMRIC's financial statements, which can be found on pages 13 through 17 of this report. MUNI is an enterprise fund of the City and County of San Francisco (the City). SFMRIC is a nonprofit corporation established to provide capital financial assistance on behalf of the City for the modernization of MUNI by purchasing equipment and improving facilities. SFMRIC has no employees. As explained in note 2(a) to the financial statements (page 18), MUNI applies Governmental Accounting Standards Board (GASB) Statements. MUNI and SFMRIC are an integral part of the City and these financial statements are included in the City's Comprehensive Annual Financial Report. More information regarding MUNI and SFMRIC's organization and the basis of presentation is contained in notes 1 and 2(a). Only the accounts of MUNI and SFMRIC are included in these financial statements.

The statements of net assets (found on pages 13 and 14) present information on all of MUNI and SFMRIC's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of the financial position of MUNI and SFMRIC. Comparative information of MUNI and SFMRIC's financial position is presented as of June 30, 2004 and 2003.

The statements of revenues, expenses, and changes in net assets (found on page 15) present information showing how MUNI and SFMRIC's net assets changed during the most recent two fiscal years. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported in these statements for some items that will result in cash flows in future fiscal periods.

Management's Discussion and Analysis
June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

The statements of cash flows (found on pages 16 and 17) present information about the cash receipts and payments of MUNI and SFMRIC during the most recent two fiscal years. These statements show the effects on MUNI and SFMRIC's cash balances of cash flows from operating, noncapital financing, capital and related financing, and investing activities. When used with related disclosures and information in the other financial statements, the information in the statements of cash flows helps readers assess MUNI and SFMRIC's ability to generate net cash flows, their ability to meet their obligations as they come due, and their needs for external financing.

Notes to Financial Statements. The notes provide additional information that is essential to the full understanding of the data provided in the financial statements. The notes to financial statements can be found on pages 18 through 33 of this report.

**Other Information**. The supplemental schedules found on pages 34 through 42 of this report are presented for the purpose of additional analysis and are not a required part of the financial statements.

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of an entity's financial position. In the case of MUNI and SFMRIC, assets exceeded liabilities by \$1,700,552 at the close of the most recent fiscal year.

#### Summary of Net Assets

June 30, 2004, 2003 and 2002

(In thousands)

		2004	2003	2002
Assets:				
Total current assets	\$	158,873	154,207	165,715
Total restricted assets		47,425	56,208	62,376
Noncurrent deferred charges		4,000	4,000	4,000
Capital assets		1,745,399	1,652,658	1,559,864
Total assets	***	1,955,697	1,867,073	1,791,955
Liabilities:				
Total current liabilities		103,665	109,142	112,462
Total noncurrent liabilities		151,480	137,292	126,353
Total liabilities	-	255,145	246,434	238,815
Net assets:				
Invested in capital assets, net of related debt		1,745,231	1,652,327	1,559,864
Restricted net assets		46,484	55,304	61,453
Unrestricted net assets		(91,163)	(86,992)	(68,177)
Total net assets	\$_	1,700,552	1,620,639	1,553,140

#### Fiscal Year 2004

MUNI and SFMRIC's net assets increased by \$79,913 compared to the prior year, due primarily to an increase in total capital assets, less accumulated depreciation and amortization. Specifically, there were increases in equipment due to the acquisition of trolley coaches and light rail vehicles, and capitalization of infrastructure investments.

Almost all of MUNI's net assets (\$1,745,231 as of June 30, 2004) reflect its investment in capital assets (specifically land, building structure and improvements, equipment, infrastructure, and construction-in-progress). The value of these assets of \$2,290,243 is offset by accumulated depreciation and amortization of \$544,844. More information can be found in note 5 on pages 23 through 25.

Management's Discussion and Analysis June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

MUNI and SFMRIC use these assets to provide services. The investment is shown reported net of related debt. As of June 30, 2004, the related debt amounted to \$168. In fiscal year 2003, the related debt amounted to \$331. There was no related debt outstanding in fiscal year 2002.

The remainder of MUNI's net assets is composed of restricted net assets including deposits and investments with the City and receivables and unrestricted net assets in a deficit position.

#### Fiscal Year 2003

MUNI and SFMRIC's net assets increased by \$67,499 compared to the prior year, due primarily to an increase in total capital assets, less accumulated depreciation and amortization. Specifically, there were increases in equipment due to the acquisition of trolley coaches and motor coaches, and capitalization of infrastructure investments.

Almost all of MUNI's net assets (\$1,652,327 as of June 30, 2003) reflect its investment in capital assets (specifically land, building structure and improvements, equipment, infrastructure, and construction-in-progress). The value of these assets of \$2,140,742 is offset by accumulated depreciation and amortization of \$488,084. More information can be found in note 5 on pages 23 through 25.

MUNI and SFMRIC use these assets to provide services. The investment is shown reported net of related debt. As of June 30, 2003, the related debt amounted to \$331. In fiscal year 2002, there was no related debt outstanding.

The remainder of MUNI's net assets is composed of restricted net assets, including deposits and investments with the City and receivables and unrestricted net assets in a deficit position.

Total net assets – ending	\$ _	1,700,552	1,620,639	1,553,140

#### Fiscal Year 2004

Total revenues for the year ended June 30, 2004 were \$633,034. This is \$36,228 higher than from the previous year, due primarily to an increase in operating revenues and nonoperating revenues.

Operating revenues increased by \$17,827, or 16%, which was primarily due to increase in transit passenger fares revenue as a result of the implementation of fare increase initiative that went into effect in fiscal year 2004. Nonoperating revenues slightly increased compared to the previous year by \$11,053 or 5%. This category includes operating support received from other sources, primarily federal and state operating grants and parking-related revenues, such as parking fines, taxes, garages, and meters. Parking fines and garage revenues increased in fiscal year 2004. The increase is attributable to rate and fees increases approved by the Board that went into effect during fiscal year 2004. Capital contributions increased by \$7,643, or 5%. Capital contributions consist principally of funds received or receivable from federal, state and local grant agencies that provide funding for many of MUNI's capital projects. Net transfers which consist primarily in subsidy from the city's General Fund remained almost at the same level in 2004 compared to fiscal year 2003.

Management's Discussion and Analysis June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

Total expenses for the year ended June 30, 2004 were \$553,121. This is higher by \$23,814 than the previous year due to increases in general and administrative expenses and depreciation for newly acquired rolling stock. General and administrative expenses increased by \$13,950. The increase is attributable partly to general liability claims reserves, which increased by approximately \$8,000. In addition, the increase included payment of \$8,600 to CalTrain Joint Powers Board (JPB) as a local subsidy. In prior years, funding for JPB costs was provided by the City's General Fund, and fiscal year 2004 represents the first year in which this obligation was included in MUNI's budget.

#### Fiscal Year 2003

Total revenues for the year ended June 30, 2003 were \$596,806. This is \$58,303 lower than for the previous year, due primarily to a decrease in capital contributions and nonoperating revenues.

Operating revenues increased by \$2,035, or 2%, which was primarily due to increase in transit advertising revenue and the net increase in passenger revenue due to recognition of deferred token revenue in fiscal year 2003. Nonoperating revenues decreased compared to the previous year by \$10,393, or 5%. This category includes operating support received from other sources, primarily federal and state operating grants and parking-related revenues, such as parking fines, taxes, garages, and meters. State operating grants decreased in fiscal year 2003 mainly from reduction in operating support from the State's sales taxes due to economic slowdown as well as decrease in interest income due to lower interest rates. Capital contributions decreased by \$55,791, or 26%. Capital contributions consist principally of funds received or receivable from federal and state grant agencies that provide funding for many of MUNI's capital projects. Net transfers increased by \$5,846, or 5%, due to increase in subsidy from the city's General Fund.

Total expenses for the year ended June 30, 2003 were \$529,307. This is slightly higher by \$582 than the previous year due to increases in salaries and fringe benefits and depreciation for newly acquired rolling stock, offset by decrease in materials and supplies expenses. The decrease in material and supplies expenses compared to fiscal year 2002 was substantially attributable to a write-off of \$7,145 of obsolete items in fiscal year 2002. The workers' compensation reserve increased by \$15,321 due primarily to the increased severity in the claims and an increase in claims reserves, which also increased workers' compensation expense.

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### **Capital Assets and Debt Administration**

Capital Assets. MUNI and SFMRIC's investment in capital assets amounts to \$1,745,399, net of accumulated depreciation at June 30, 2004. This investment includes land, building structures and improvements, equipment, infrastructure, and construction-in-progress. The capital assets increased by \$92,741, or 6%, compared to the previous year. This increase is attributable to increases of equipment due to the acquisition of new rolling stock and capitalization of infrastructure investments.

#### Summary of Capital Assets

The Third Street Light Rail project, a major expansion of the Muni Metro system, will link communities in the City's southeast neighborhoods to South of Market, Mission Bay, downtown, and the rest of the Metro system. Construction of Phase I, which links the 4<sup>th</sup> and King Street area to the Bayshore Caltrain station, continued in fiscal year 2004 and is scheduled to be complete in the summer of 2005. Testing and training will be performed

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

through the following fall and winter, with revenue service slated to begin in Spring of 2006. Phase II of the Third Street project, the Central Subway, will provide an underground transit link between 4<sup>th</sup> and King Street north to Union Square and Chinatown. In fiscal year 2004, conceptual engineering began on Phase II.

Other capital asset events during the fiscal year 2004 included:

- Completion and capitalization of MUNI Surface Street Improvement project on 15<sup>th</sup> and Taraval and K-line overhead rail construction.
- Acquisition of additional 2 BREDA Light Rail vehicles.
- Acquisition of additional 108 trolley coaches.
- Completion and capitalization of Potrero and Presidio Yard Feeder upgrade project.
- Completion and capitalization of the Utah and 24<sup>th</sup> shop renovation project.

Significant capital asset events during the fiscal year 2003 included:

- Completion and capitalization of MUNI Metro electrical improvement emergency lighting in March 2003.
- Acquisition of additional 13 BREDA Light Rail vehicles.
- Acquisition of additional 96 trolley coaches.
- Acquisition of 95 Neoplan motor coaches.
- Completion and capitalization of the L-line re-railing and track replacement at the Zoo in March 2003.

#### Leveraged Lease-Leaseback of Breda Vehicles

In April 2002, MUNI entered into the leveraged lease-leaseback transaction over 118 Breda light rail vehicles (the Equipment). The transaction was structured as a head lease of the Equipment to separate special purpose trusts and a sublease of the Equipment back from such trusts. The sublease provides MUNI with an option to purchase the Equipment in approximately 27 years, the scheduled completion date of the sublease. During the term of the sublease, MUNI maintains custody of the Equipment and is obligated to insure and maintain the Equipment throughout the life of the sublease.

MUNI received an aggregate of \$388.2 million from the equity investors in full prepayment of the head lease. MUNI deposited \$352.7 million of this lease payment into two escrows. One escrow was deposited with a debt payment undertaker whose repayment obligations are guaranteed by Financial Security Assurance, an "Aaa/AAA" bond insurance company.

MUNI recorded deferred revenue in fiscal year 2002 of \$35.5 million for the difference between the amount received of \$388.2 and the amount paid to the escrows of \$352.7 million. The deferred revenue amortized in fiscal year 2004 amounted to \$1.3 million.

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

In September 2003, after obtaining final approval from the Municipal Transportation Agency board of directors and the City and County's board of supervisors, MUNI entered into a second leveraged lease-leaseback transaction over 21 Breda light rail vehicles (the Equipment). The transaction was structured as a head lease of the Equipment to one separate special purpose trust (formed on behalf of a certain equity investor) and a sublease of the Equipment back from such trust. The sublease provides MUNI with an option to purchase the Equipment in approximately 26 years, the scheduled completion date of the sublease. During the term of the sublease, MUNI maintains custody of the Equipment and is obligated to insure and maintain the Equipment throughout the life of the sublease.

MUNI received an aggregate of \$72.6 million from the equity investors in full prepayment of the head lease. MUNI deposited approximately \$67.5 million of this head lease payment into two escrows. As a result of the cash transactions above, MUNI recorded deferred revenue in fiscal year 2004 of \$4.4 million for the difference between the amount received of \$72.6 million and the amount paid to the escrows of \$67.5 million (minus \$.7 million for other transaction expenses). The deferred revenue amortized in fiscal year 2004 amounted to \$126.

#### Long-Term Debt

SFMRIC is authorized to issue debt to fund each of its programs, but no debt or bonds are outstanding. MUNI's Transit Improvement Program (TIP) is also authorized to issue bonds, but no bonds are outstanding as of June 30, 2004 and 2003.

#### **Economic Factors and Next Year's Budget**

The economic recession that began in April 2000 continues to affect several sources of MUNI revenues. Beginning in fiscal year 2002, MUNI's revenue sources began to decline as they are sensitive to economic conditions and factors such as employment and tourism levels. At the same time, the fixed costs associated with MUNI's core services have continued to rise, such as wage rates, health benefit costs, and fuel costs. Because of these factors, MUNI and the City have implemented measures to reduce costs by shifting the burden of the employee retirement contribution to the employee (a cost previously carried by the employer), and generally not filling nonvehicle driver vacant positions in 2004. In addition, these economic difficulties were considered in preparing MUNI's budget for fiscal year 2005. In order to balance the budget, reductions in both service and personnel were approved. In addition, flexible capital funds were utilized to support operating expenditures on a one-time basis.

Management's Discussion and Analysis

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### **Requests for Information**

This report is designed to provide a general overview of MUNI and SFMRIC's finances for all those with a general interest. The financial statements and related disclosures in the notes to the financial statements and supplemental information are presented in accordance with the accounting and reporting standards known as "accounting principles generally accepted in the United States of America." Questions regarding any of the information provided in this report or requests for additional financial information should be addressed to Alicia Fletche, Finance and Administration, MUNI, 875 Stevenson, Room 260, San Francisco, CA 94103.

Questions regarding the City and County of San Francisco or request for a copy of the City's Comprehensive Annual Financial Report should be addressed to the Office of the Controller, City Hall, 1 Dr. Carlton B. Goodlett Place, Room 316, San Francisco, CA 94102.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### (1) Description of Reporting Entity

The financial statements include the San Francisco Municipal Railway (MUNI) and the San Francisco Municipal Railway Improvement Corporation (SFMRIC), whose operations are interrelated. All significant interentity transactions have been eliminated. The entities together are a department of the City and County of San Francisco (the City) and, as such, are reported as an enterprise fund in the City's Comprehensive Annual Financial Report.

MUNI has been the transit agency for the City since 1912 making it one of the first public transit agencies in the United States. MUNI's sources of income include passenger fares, grant funds, City subsidies, and other miscellaneous revenues. In November 1999, voters approved Proposition E, a Charter amendment, which authorized the creation of a Municipal Transportation Agency (MTA) to run MUNI and the MTA Board to oversee MUNI. The Board is comprised of seven members as appointed by the Mayor of San Francisco and confirmed by the Board of Supervisors of San Francisco. Directors' terms are staggered. Proposition E sets standards for performance and service to be provided by MUNI.

Proposition E also called for the integration of the City's Department of Parking and Traffic (DPT) into the MTA by July 1, 2002. Although the MTA includes both the DPT and MUNI throughout 2004, these financial statements only reflect the operations and financial position of MUNI and SFMRIC for both 2004 and 2003.

SFMRIC is a nonprofit corporation whose sole purpose is to provide capital financial assistance on behalf of MUNI by purchasing equipment and improving facilities. SFMRIC has no employees.

#### (2) Significant Accounting Policies

#### (a) Basis of Accounting

MUNI and SFMRIC are accounted for using the accrual method. Under this method, revenues are recorded when earned and expenses are recorded when the related liability is incurred. MUNI and SFMRIC apply all Governmental Accounting Standards Boards (GASB) Statements, as well as the Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

#### (b) Cash and Cash Equivalents

MUNI maintains its deposits and investments and a portion of its restricted deposits and investments as part of the City's pool of cash and investments. MUNI's portion of this pool is displayed on the statement of net assets as "Deposits and investments with City Treasury." Income earned or losses arising from pooled investments are allocated on a monthly basis to appropriate funds and entities based on their month-end cash balances.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, the City reports certain investments at fair value in the statements of net assets and recognizes the corresponding change in fair value of investments in the year in which the change occurred. In accordance with GASB Statement No. 31, MUNI has reported its investments at fair value based on quoted market information obtained from fiscal agents or other sources.

MUNI considers its pooled deposits and investments held with the City Treasury to be demand deposits and, therefore, cash equivalents for the purposes of the statements of cash flows. The City also holds nonpooled deposits and investments for MUNI. Nonpooled restricted deposits and highly liquid investments with maturities of three months or less are considered to be cash equivalents.

Of the restricted deposits and investments of SFRMIC which are held outside City Treasury, \$220 as of June 30, 2004 and \$160 as of June 30, 2003 are considered cash equivalents as they do meet the same definition of cash and cash equivalents.

#### (c) Investments

MUNI and SFMRIC record investments at fair value with changes in fair value recorded as a component of gains/losses.

#### (d) Inventories

Inventories are valued at cost using the average-cost method. Inventories are expensed using the consumption method.

Rebuilt inventory items include motors, transmission, and other smaller parts that are removed from existing coaches that are overhauled and repaired.

#### (e) Capital Assets

Capital assets are stated at cost. Depreciation is computed by the straight-line method based on the estimated useful lives of the related assets which range from 10 to 60 years for building structures and improvements and infrastructure and from 3 to 45 years for equipment. No depreciation is recorded in the year of acquisition and a full year's depreciation is taken in the year of disposal.

#### (f) Construction-in-Progress

Construction-in-progress represents the design and construction costs of various uncompleted projects. As facilities are accepted by MUNI and become operative, they are transferred to the facilities and improvements and machinery and equipment accounts and depreciated in accordance with MUNI's depreciation policies. Costs of construction projects that are discontinued are recorded as expense in the year in which the decision is made to discontinue such projects.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### (g) Accrued Vacation and Sick Leave

Accrued vacation pay, which vests and may be accumulated up to ten weeks per employee, is charged to expense as earned. Unused sick leave accumulated on or prior to December 6, 1978 is vested and payable upon termination of employment by retirement, death, or disability caused by industrial accident. Sick leave earned subsequent to that date is nonvesting, charged to expense when earned. The amount of allowable accumulation is set forth in various memorandums of understanding but is generally limited to six months per employee.

Effective July 1, 2002, any full-time employee leaving employment with the City upon service or disability retirement may receive payment of a portion of sick leave credits at the time of separation. The amount of this payment equals 2.5% of accrued sick leave credits at the time of separation, multiplied by the number of whole years of continuous employment, multiplied by the employee's salary rate, exclusive of premiums or supplements, at the time of separation. The number of hours for which an employee may receive cash payments cannot exceed one thousand forty (1,040) hours, including any vested sick leave.

#### (h) Capital Grants and Contributions

Capital grants and contributions from external sources are recognized as capital contribution earned at the time reimbursable expenditures related to the grants are incurred.

The U.S. Department of Transportation, through the Federal Transit Administration (FTA), provides capital assistance to MUNI for the acquisition and construction of transit-related property and equipment. This assistance generally approximates 80% of acquisition cost and is administered by MUNI and by the Metropolitan Transportation Commission (MTC). The capital assistance provided to MUNI by the California Transportation Commission and San Francisco County Transportation Authority (SFCTA) is generally used as local match to the federal capital assistance. However, additional capital assistance provided to MUNI by other agencies is administered by MTC, and is also generally used as a local match for the federal capital assistance. With the inception of the Third Street Light Rail Project, SFCTA is also a primary local funding source for capital projects. Certain MUNI expenditures for projects approved for funding by the SFCTA that are currently unbilled but will be billed to SFCTA in the near future are recorded as other current receivables.

#### (i) Operating Assistance Grants

Operating assistance grants are recognized as revenue when approved by the granting authority and/or when related expenditures are incurred.

MUNI receives operating assistance from federal and various state and local sources. Transportation Development Act funds are received from the City to meet, in part, MUNI's operating requirements based on annual claims filed with and approved by the MTC. Sales tax represents an allocation by MTC of the 1/2% transactions and use tax collected within San Francisco County for transit services. Federal operating assistance is distributed to MUNI by the FTA after approval by MTC.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### (j) Transit Impact Development Fees

Transit Impact Development Fees (TIDF) are restricted for the capital and operating costs of increased peak period transit service associated with new office construction in downtown San Francisco. These fees are recorded as nonoperating revenues in the year in which they are assessed.

#### (k) Token Revenues

Token revenues are recognized at the time the tokens are sold.

#### (1) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### (3) Net Assets

Net assets as of June 30, 2004 and 2003 consist of the following:

Restricted assets:			
Deposits and investments with City Treasury	\$	37,462	45,614
Deposits and investments outside City Treasury		4,415	4,593
Receivables		5,548	6,001

Invested in capital assets		1,745,231	1,652,327
Net assets	· \$	1,700,552	1,620,639

#### (4) Deposits and Investments

MUNI's deposits and investments with the City Treasury are held by the City pursuant to investment policy guidelines established by the City Treasurer. The objectives of the policy are, in order of priority, preservation of capital, liquidity, and yield. The policy addresses soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio which may be invested in certain instruments with longer terms to maturity. The Comprehensive Annual Financial Report of the City categorizes the level of custodial risk associated with the City's pooled deposits and investments. As of June 30, 2004 and 2003, MUNI and SFMRIC's unrestricted deposits and investments were \$17,079 and \$433, respectively. The increase of MUNI's unrestricted deposits and investments and the related decrease in MUNI's receivable from San Francisco Transportation Authority (SFCTA) resulted from a timely billing and payment by the funding agency.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

The restricted assets' deposits and investments outside the City Treasury are held by a trustee. As of June 30, 2004 and 2003, MUNI and SFMRIC had deposits and investments with the trustee of \$4,415 and \$4,593, respectively. Of the deposits, \$220 and \$160 as of June 30, 2004 and 2003, respectively, meet the definition of cash and cash equivalents.

#### (5) Capital Assets

Capital asset balances and their movements as of and for the year ended June 30, 2004 and 2003 are as follows:

	\$	282,779	190,157

#### (6) Long-Term Debt

SFMRIC is authorized to issue debt to fund each of its programs under separate indentures. Transit Equipment Progress bonds totaling \$51,500 have been authorized, of which \$30,500 is available for issuance and none are outstanding. Transit Improvement Program (TIP) bonds amounting to \$44,000 have been authorized, of which \$7,800 is available for issuance. As of June 30, 2004 and 2003, no bonds were outstanding under the TIP.

Notes to Financial Statements June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

MUNI entered into a lease-purchase agreement with System Finance Corporation for network infrastructure upgrade amounting to \$511. The first payment of \$100 was paid on November 1, 2002, and the balance is to be paid in five equal installments of \$86 due and payable semiannually with a stated rate of interest of 3.43%. The total principal and interest payments in fiscal year 2004 were \$163 and \$10, respectively. As of June 30, 2004, the future annual debt service on the capital lease is as follows:

		rincipai payment		Interest
Fiscal year ending June 30: 2005	\$	168	·	4
Total		168	\$ _	4

Long-term portion	\$		=	

#### (7) Employee Benefit Plans

#### (a) Retirement Plan Description and Funding Policy

The City has a single-employer defined benefit retirement plan (the Plan) which is administered by the San Francisco City and County Employees' Retirement System (the Retirement System). The Plan covers substantially all full-time employees of MUNI along with other employees of the City. The Plan provides basic retirement, disability, and death benefits based on specified percentages of final average salary, and provides cost-of-living adjustments after retirement. The Plan also provides pension continuation benefits to qualified survivors. The San Francisco City and County Charter and Administrative Code are the authority which establishes and amends the benefit provisions and employer obligations of the Plan. The Retirement System issues a publicly available financial report that includes financial statements and required supplemental information for the Plan. That report may be obtained by writing to the San Francisco City and County Employees' Retirement System, 30 Van Ness Avenue, Suite 3000, San Francisco, CA 94102, or by calling (415) 487-7020.

Contributions are made to the basic plan by both MUNI and its employees. Employee contributions are mandatory. Employee contribution rates for 2004 and 2003 varied from 7.5% to 8% as a percentage of covered payroll. MUNI is required to contribute at an actuarially determined rate. No MUNI contributions were required for 2004 and 2003 as the actuarially determined contribution rate as a percentage of covered payroll was 0%. MUNI's contributions to the Retirement System on behalf of its employees amounted to \$8,753 and \$16,786 for the years ended June 30, 2004 and 2003, respectively. Effective in 2004, the full 7.5% employee contribution was paid by the employees with the exception of transit operators. Thus, MUNI retirement costs on behalf of its employees were reduced Thus, MUNI's contributions to the Retirement System on behalf of its employees were reduced. For those groups of employees not mandated to contribute to the

Notes to Financial Statements June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

Retirement System, MUNI's contributions remained at 7.5% to 8.0% of covered payroll. MUNI's contributions in 2004 and 2003 were equal to the required employee contributions.

#### (b) Deferred Compensation Plan

The City offers its employees, including MUNI employees, a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all employees and permits them to defer a portion of their salaries until future years. The deferred compensation is not available to employees or other beneficiaries until termination, retirement, death, or unforeseeable emergency.

MUNI has no administrative involvement and does not perform the investing function. MUNI has no fiduciary accountability for the plan, and accordingly, the plan assets and related liabilities to the plan participants are not included in these financial statements.

#### (c) Healthcare Benefits

Healthcare benefits for employees, retired employees, and surviving spouses (beneficiaries) are financed by beneficiaries and by the City through the City and County of San Francisco Health Service System, an internal service fund. The contribution for all of the City's fund groups is determined by a Charter provision based on similar contributions made by the ten most populous counties in California. The costs to MUNI for the years ended June 30, 2004 and 2003 were \$41,625 and \$38,324, respectively. Included in these amounts are \$11,109 and \$9,525 for 2004 and 2003, respectively, to provide postretirement healthcare benefits for retired employees. MUNI's liability for postretirement healthcare benefits is limited to its annual contribution.

#### (8) Peninsula Corridor Joint Powers Board

The City is a participant in the Peninsula Corridor Joint Powers Board (PCJPB), along with the Santa Clara Valley Transportation Authority and the San Mateo County Transit District. PCJPB is governed by a separate board composed of nine members, three from each participant. The PCJPB was formed in October 1991 to plan, administer, and operate the Peninsula CalTrain rail service. The PCJPB began operating the Peninsula CalTrain rail service on July 1, 1992; prior to that time, such rail service was operated by the California Department of Transportation. The agreement establishing the PCJPB expired in 2001, upon which it will continue on a year-to-year basis thereafter, until a participant withdraws, which requires a one-year notice. MUNI contributes for 11.6% of the net operating costs and administrative expenses of the PCJPB for operating and capital needs, which amounted to \$8.6 million and \$8.7 in fiscal years 2004 and 2003, respectively.

#### (9) Self-Insurance

MUNI is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. MUNI is fully self-insured for its general liability and auto liability, and public transportation bus and light rail liabilities, respectively. In addition, claims liabilities are calculated considering the effect of inflation, recent claim settlement trends,

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

including frequency and amount of payments, and other economic and social factors. MUNI is self-insured for workers' compensation claims. The respective liabilities as of June 30, 2004 and 2003 have been actuarially determined and include an estimate of incurred but not reported claims. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic social factors.

Changes in the balances of claims liabilities and workers' compensation liabilities for the years ended June 30, 2004 and 2003 are as follows:

	 2004	2003
Accrued claims liabilities, beginning of fiscal year Incurred claims and changes in estimates Claims payments	\$ 26,435 11,577 (7,667)	29,911 3,538 (7,014)
Accrued claims liabilities, end of fiscal year	\$ 30,345	26,435
Accrued workers' compensation, beginning of fiscal year Incurred workers' compensation and changes in estimates Workers' compensation payments	\$ 97,663 30,434 (20,917)	82,342 34,982 (19,661)
Accrued workers' compensation, end of fiscal year	\$ 107,180	97,663

Workers' compensation expense is part of personal services, while claims expense is part of general and administrative under operating expenses in the accompanying financial statements for the years ended June 30, 2004 and 2003.

#### (10) Transactions with the City

The amount of operating subsidy provided to MUNI each year is limited to the amount budgeted by the City. Such subsidy is recognized as revenue in the year received. At times, a budget deficit can be caused by a revenue shortfall for which there is an expectation that those or other revenues will be received in the subsequent year relating to the prior years. In those circumstances, the City allows MUNI to show a deficit on a budgetary basis. This policy does not provide cash to finance receivables. Consequently, MUNI at times maintains a cash overdraft with the City, which can be repaid only through collection of receivables.

The General Fund support from the City reflected in the accompanying financial statements includes a revenue transfer of \$312 to fund additional interest expense for the year ended June 30, 2004 that was recorded relating to any overdraft with the City Treasurer during the fiscal year.

#### (11) Federal, State, and Local Assistance

MUNI receives capital grants from various federal, state, and local agencies to finance transit-related property and equipment purchases. As of June 30, 2004, MUNI had approved capital grants with unused balances amounting to \$232 million. Capital grants receivable as of June 30, 2004 totaled \$55 million.

Notes to Financial Statements June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

MUNI also receives operating assistance from various federal, state, and local sources including Transit Development Act funds and sales tax allocations. As of June 30, 2004, MUNI had various operating grants receivable of \$27.9 million. In 2004, MUNI's operating assistance includes BART ADA revenues of \$1,383 and other state and local grants of \$1,501 to fund project expenses that are operating in nature.

The capital and operating grants identified above include funds received and due from SFCTA. During the fiscal year ended June 30, 2004, new capital grants were approved by SFCTA in the amount of \$62.5 million and payments received by MUNI for capital grants totaled \$116.4 million. As of June 30, 2004, MUNI had funds due from SFCTA for capital grants in the amount of \$35.8 million. Similarly, MUNI receives operating grants from SFCTA. During the fiscal year ended June 30, 2004, SFCTA approved new operating grants in the amount of \$15.8 million and payments received by MUNI totaled \$12.8 million. As of June 30, 2004, MUNI had \$5.09 million of funds due from SFCTA for operating grants.

#### (12) Property Rights in Perpetuity with the Port of San Francisco

Given that the proposed Metro East Light Rail Vehicle Maintenance and Operating Facility (Metro East) is an integral part of the Third Street Light Rail Project and is vital for relieving overcrowded conditions at MUNI's existing light rail facility, MUNI identified an approximately 17-acre site of the Western Pacific Railroad under the jurisdiction of the Port of San Francisco (Port) as the best location for the Metro East facility.

In March 2001, MUNI and the Port entered into a Memorandum of Understanding (MOU) under which MUNI may use the Metro East in perpetuity for rail vehicle maintenance, operations, and other operational needs at a cost of \$25.7 million. Such amount paid to Port was reflected as a special item, with the funding received from SFCTA as a capital contribution, in the statement of revenues, expenses, and changes in net assets for the year ended June 30, 2001.

The MOU also required MUNI to pay the Port an additional \$4 million to construct the Illinois Street Bridge over Islais Creek. Construction of this bridge will mitigate traffic in the area and improve coordination with MUNI's Metro East and Third Street Light Rail Project. In the event the Port fails to expend the money toward construction of the bridge within three years after the effective date of the MOU, the Port shall return the \$4 million to MUNI. MUNI has agreed to reasonably extend this deadline up to March 2005, provided the Port has demonstrated good faith efforts toward construction of the bridge. Any such return of funds shall have no effect on the rights granted to MUNI as specified in the MOU. Accordingly, the \$4 million paid to the Port is reflected as a noncurrent deferred charge, with the funding received from SFCTA as long-term deferred credit, in the accompanying statements of net assets as of June 30, 2004 and 2003. The Port has procured the design and construction contract and has issued direction to proceed with Phase II to build the Illinois Street Bridge. The construction is expected to be completed in early 2006.

29

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

#### (13) Commitments and Contingencies

#### (a) Grants and Subventions

Receipts from federal and state grants and other similar programs are subject to audit to determine if the monies were expended in accordance with appropriate statutes, grant terms, and regulations. MUNI believes that no significant liabilities will result.

#### (b) Operating Leases

MUNI leases certain equipment and various properties for use as office space, fleet storage space, and machine shops under lease agreements that expire at various dates through 2030. These agreements are accounted for as operating leases. Rent expense was \$6,016 and \$5,928 for the years ended June 30, 2004 and 2003, respectively.

MUNI has operating leases for certain buildings and equipment that require the following minimum annual payments:

Year ending June 30:	
2005	\$ 3,637
2006	1,060
2007	554
2008	510
2009	511
2010 - 2014	325
2015 – 2019	177
2020 – 2024	147
2025 – 2029	121
2030 - 2034	36
Total	\$ 7,078

#### (c) Other Commitments

As of June 30, 2004, MUNI has outstanding commitments of approximately \$77,337 with third parties for various capital projects. Grant funding is available for the majority of this amount. MUNI also has outstanding commitments of approximately \$8,005 with third parties for noncapital expenditures. Various local funding sources are used to finance these expenditures.

Notes to Financial Statements

June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

MUNI is also committed to numerous capital projects for which it anticipates that federal and state grants will be the primary source of funding. SFMRIC's board of directors has authorized SFMRIC to extend financial guarantees to MUNI for certain projects. The projects for which SFMRIC has guaranteed funding and the maximum amounts of such guarantees as of June 30, 2004 are as follows:

Tank Cleanup	\$ 35
Local Match CA 90-0498	32
Local Match CA 23-9008(92)	76
Diesel Bus Rehabilitation	43
Central Control and Revenue Center	150
Rail Replacement Program	1,139
Islais Creek Storage and	
Maintenance Facility	878
Local Match CA 90-0607	14
Local Match for Paratransit Program	112
	\$ 2,479

In addition, MUNI is involved in various lawsuits, claims, and disputes, which have arisen in MUNI's routine conduct of business. In the opinion of management, the costs that might be incurred, if any, would not materially affect MUNI's or SFMRIC's financial position or changes in their net assets.

#### (14) Leveraged Lease-Leaseback of Breda Vehicles

#### Tranche 1

The Municipal Transportation Agency board of directors authorized the Director of Transportation to solicit proposals regarding a leveraged lease-leaseback transaction involving up to 150 BREDA light rail vehicles. The transaction would not involve financing or procurement of any new vehicles. Rather, MUNI's intention was to obtain an upfront economic benefit in return for entering into a lease-leaseback transaction involving the Breda light rail vehicles, without impairing the day-to-day operations of the transit system.

In April 2002, MUNI entered into the leveraged lease-leaseback transaction over 118 Breda light rail vehicles (the Tranche 1 Equipment). The transaction was structured as a head lease of the Tranche 1 Equipment to separate special purpose trusts and a sublease of the Tranche 1 Equipment back from such trusts. The sublease provides MUNI with an option to purchase the Tranche 1 Equipment in approximately 27 years, the scheduled completion date of the sublease. During the term of the sublease, MUNI maintains custody of the Tranche 1 Equipment and is obligated to insure and maintain the Tranche 1 Equipment throughout the life of the sublease.

Notes to Financial Statements June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

MUNI received an aggregate of \$388.2 million from the equity investors in full prepayment of the head lease. MUNI deposited \$352.7 million of this head lease payment into two escrows. One escrow was deposited with a debt payment undertaker whose repayment obligations are guaranteed by Financial Security Assurance, an "Aaa/AAA" rated bond insurance company. The other escrow was invested in U.S. government bonds with maturity dates that match the completion of the sublease. Payments under these escrows are to be made at such times and in such amounts so as to fund MUNI's scheduled payments under the sublease as well as to provide a source of funding for MUNI's purchase option if it chooses to exercise it. Although these escrows do not represent a legal defeasance of MUNI's obligations under the sublease, management believes that the creditworthiness of these escrows is such that they will fund MUNI's obligations under the sublease and that the possibility that MUNI will need to access other monies to make sublease payments is remote. Therefore, the trust assets and the sublease obligations are not recorded on the financial statements of MUNI as of June 30, 2004 or 2003.

As a result of the cash transactions above, MUNI recorded deferred revenue in fiscal year 2002 of \$35.5 million for the difference between the amount received of \$388.2 million and the amount paid to the escrows of \$352.7 million. The deferred revenue will be amortized over the life of the sublease. The deferred revenue amortized in fiscal year 2004 and 2003 amounted to \$1.3 million.

As of June 30, 2004, the outstanding payments to be made on the sublease through 2027 are \$308.2 million and the payments to be made on the purchase option of the Tranche 1 Equipment would be \$643.1 million, if exercised. All of these payments are to be funded from the amounts in escrow. If MUNI does not exercise the purchase option, MUNI would be required to either: 1) pay service and maintenance costs related to the continued operation and use of the vehicles beyond the term of the sublease; or 2) arrange for another party to be the "service recipient," under a "service contract," and to perhaps guarantee the obligations of that party under the service contract if the replacement service recipient does not meet specified credit or net worth criteria.

#### Tranche 2

In September 2003, after obtaining final approval from the Municipal Transportation Agency board of directors and the City and County's board of supervisors, MUNI entered into a second leveraged lease-back transaction over 21 BREDA light rail vehicles (the Equipment). The transaction was structured as a head lease of the Equipment to one separate special purpose trust (formed on behalf of a certain equity investor) and a sublease of the Equipment back from such trust. The sublease provides MUNI with an option to purchase the Equipment in approximately 26 years, the scheduled completion date of the sublease. During the term of the sublease, MUNI maintains custody of the Equipment and is obligated to insure and maintain the Equipment throughout the life of the sublease.

MUNI received an aggregate of \$72.6 million from the equity investors in full prepayment of the head lease. MUNI deposited approximately \$67.5 million of this head lease payment into two escrows. One escrow was deposited with a debt payment undertaker whose repayment obligations are guaranteed by Financial Security Assurance, an "Aaa/AAA" rated bond insurance company. The other escrow was invested in U.S. government bonds with maturity dates that match the completion of the sublease.

Notes to Financial Statements June 30, 2004 and 2003

(Dollars in thousands, unless otherwise noted)

Payments under these escrows are to be made at such times and in such amounts so as to fund MUNI's scheduled payments under the sublease as well as to provide a source of funding for MUNI's purchase option if it chooses to exercise it. Although these escrows do not represent a legal defeasance of MUNI's obligations under the sublease, management believes that the creditworthiness of these escrows is such that they will fund MUNI's obligations under the sublease and that the possibility that MUNI will need to access other monies to make sublease payments is remote.

As a result of the cash transactions above, MUNI recorded deferred revenue in fiscal year 2004 of \$4.4 for the difference between the amount received of \$72.6 million and the amount paid to the escrows of \$67.5 million (minus \$0.7 for certain transaction expenses). The deferred revenue will be amortized over the life of the sublease. The deferred revenue amortized in fiscal year 2004 amounted to \$126.

As of June 30, 2004, the outstanding payments to be made on the sublease through 2029 are \$59.7 million and the payments to be made on the purchase option of the Equipment would be \$198.5 million, if exercised. All of these payments are to be funded from the amounts in escrow. If MUNI does not exercise the purchase option, MUNI would be required to either: 1) pay service and maintenance costs related to the continued operation and use of the vehicles beyond the term of the sublease; 2) arrange for another party to be the "service recipient," under a "service contract," and to perhaps guarantee the obligations of that party under the service contract if the replacement service recipient does not meet specified credit or net worth criteria.

#### (15) Wellness Incentive Program

Effective July 1, 2002, the City established a pilot "wellness incentive program" (the Wellness Program) to promote workforce attendance. Under the Wellness Program, any full-time employee leaving the employment of the City upon service or disability retirement may receive payment of a portion of accrued sick leave credits at the time of separation.

The amount of this payment shall equal to 2.5% of accrued sick leave credits at the time of separation times the number of whole years of continuous employment times an employee's salary rate, exclusive of premiums or supplements, at the time of separation. Vested sick leave credits, as set forth under Civil Service Commission Rules, shall not be included in this computation.

Provision made for the Wellness Program is to cover costs through fiscal year 2005 only. MUNI accrued \$185 at June 30, 2004 as estimated costs under this program.
