### **PURPOSE**

Approving a Roadway Shared Spaces street closure application for Elm Street between Van Ness Avenue and Polk Street, Thursday, December 4, 2025, through Friday, December 4, 2026, 8 am to 4 pm, Monday through Friday; and making environmental review findings.

### **STRATEGIC PLAN GOALS AND TRANSIT FIRST POLICY PRINCIPLES**

This item will support the following goals and objectives of the SFMTA Strategic Plan:

Goal 6: Eliminate pollution and greenhouse gas emissions by increasing use of transit, walking and bicycling.

Goal 7: Build stronger relationships with stakeholders.

This item will support the following Transit First Policy Principles:

1. To ensure quality of life and economic health in San Francisco, the primary objective of the transportation system must be the safe and efficient movement of people and goods.
3. Decisions regarding the use of limited public street and sidewalk space shall encourage the use of public rights of way by pedestrians, bicyclists, and public transit, and shall strive to reduce traffic and improve public health and safety.

### **DISCUSSION**

Tenderloin Community School (TCS) is a PreK-5th Grade public elementary school located on Turk Street between Van Ness Avenue and Polk Street. TCS also has an entrance on Elm Street, a one-way westbound alley parallel to Turk Street. Scott Bravmann has applied for a Roadway Shared Spaces permit on behalf of Friends of Elm Alley to close Elm Street between Van Ness Avenue and Polk Street, Thursday, December 4, 2025, through Friday, December 4, 2026, 8 am to 4 pm, Monday through Friday. Friends of Elm Alley has operated a daily weekday street closure in this location since April 2021. This application is a renewal from the previous year and proposes no changes to their closure footprint and setup. No objects are placed in the roadway other than barricades. The Elm Street Shared Space provides additional outdoor recreation area for schoolchildren during recess and lunchtime and facilitates a school bus loading and unloading area twice a day.

The Elm Street Shared Space is also known as “Elm Alley School Street”, modeled after “school streets” in other cities around the world—a car-free space fronting a school to provide an outdoor play area and allow for the safe arrival and departure of schoolchildren. The Elm Alley School Street is a community-driven project funded through the Tenderloin Community Action Plan, which was led by SF Planning in collaboration with the Mayor’s Office of Housing and Community Development, Office of Economic Workforce Development, Department of Public Health, Human Services Agency, United Way Bay Area, and community leaders and entrepreneurs in the Tenderloin.

The request is to close the following area to vehicular traffic, as requested by the applicant:

- Elm Street between Van Ness Avenue and Polk Street, Thursday, December 4, 2025, through Friday, December 4, 2026, 8 am to 4 pm, Monday through Friday.

The SFMTA Board of Directors is asked to consider the approval of a Longer-Term Closure of the above areas under the authority granted by California Vehicle Code section 21101 and Div. II, section 206 of the Transportation Code for the purpose of issuing a Roadway Shared Spaces permit. Roadway Shared Spaces street closures which exceed a total period of time more than two years are considered to be a Longer-Term Closure and therefore require approval from this Board. Friends of Elm Alley has held this street closure of Elm Street for over two years. Staff has found that, based upon a determination of public convenience and necessity, that the subject portion of Elm Street is no longer needed for vehicular traffic during the proposed closure hours, and that the street closure is necessary for the safety and protection of the public who will use the street during the closure. Staff recommends the Board make these findings and approve the street closure as discussed below.

## **ITEMS**

The following items were considered at a Public Hearing held on October 23, 2025, by the Interdepartmental Staff Committee on Traffic and Transportation (ISCOTT).

- A. ESTABLISH – SHARED SPACES ROAD CLOSURE – Elm Street between Van Ness Avenue and Polk Street, Thursday, December 4, 2025, through Friday, December 4, 2026, 8 am to 4 pm, Monday through Friday.

Item A would grant a permit for a Shared Spaces Road Closure for Friends of Elm Alley to provide a school street on Elm Street for Tenderloin Community School.

## **STAKEHOLDER ENGAGEMENT**

Item A was considered at a Public Hearing held on October 23, 2025, by ISCOTT. Two public comments were received at the hearing. A community member and an aide from the District 5 Supervisor's Office spoke in support of the item and its benefit to children in the Tenderloin.

## **ALTERNATIVES CONSIDERED**

The details of the proposed closures presented in Item A are as requested by the applicant. The alternative would be to not grant the Roadway Shared Spaces permit, which may negatively affect the Tenderloin neighborhood by not activating an alley for use by schoolchildren.

## **FUNDING IMPACT**

The ISCOTT application fee, which applies to Roadway Shared Spaces (Transportation Code SEC 6.16(g)), is set at a cost recovery rate to cover staff's time and effort to review the subject application. The applicant for Item A has paid an application fee of \$1,245 for applications submitted more than 120 days before the first event.

**ENVIRONMENTAL REVIEW**

On April 19, 2021, the San Francisco Planning Department determined that the Shared Spaces Program (Case No. 2021-003010ENV), inclusive of Item A, is within the scope of the Better Streets Plan Final Mitigated Negative Declaration (FMND, Case No. 2007.1238E, September 17, 2010), and that the proposal would not require the preparation of a subsequent negative declaration under CEQA Guidelines section 15162. On October 28, 2010, the Planning Commission in Resolution No. 18211, adopted findings under the California Environmental Quality Act (CEQA), the CEQA Guidelines, and Chapter 31 of the Administrative Code (CEQA Findings), and a Mitigation Monitoring and Reporting Program (MMRP), associated with the Better Streets Plan.

Copies of the CEQA determinations are on file with the Secretary to the SFMTA Board of Directors and may be found in the records of the Planning Department by Case Number at <https://sfplanninggis.org/pim/> or 49 South Van Ness Avenue, Suite 1400 in San Francisco, and are incorporated herein by reference.

**OTHER APPROVALS RECEIVED OR STILL REQUIRED**

Pursuant to section 206 of the Transportation Code, the decision of the SFMTA Board of Directors with respect to any proposed Longer-Term Closure of a Traffic Lane shall be final.

A public hearing for Item A was held at the October 23, 2025, meeting of ISCOTT.

The City Attorney has reviewed this item.

**RECOMMENDATION**

Staff recommends that the SFMTA Board approve a Roadway Shared Spaces street closure application Elm Street between Van Ness Avenue and Polk Street, Thursday, December 4, 2025, through Friday, December 4, 2026, 8 am to 4 pm, Monday through Friday; and make environmental review findings.
