**PURPOSE**

To approve various routine parking and traffic modifications.

**STRATEGIC PLAN GOALS AND TRANSIT FIRST POLICY PRINCIPLES:**

1. Make streets safer for everyone.
2. Deliver reliable and equitable transportation services.
3. Eliminate pollution and greenhouse gas emissions by increasing use of transit, walking, and bicycling.

This action supports the following SFMTA Transit First Policy Principles:

1. To ensure quality of life and economic health in San Francisco, the primary objective of the transportation system must be the safe and efficient movement of people and goods.
2. Public transit, including taxis and vanpools, is an economically and environmentally sound alternative to transportation by individual automobiles. Within San Francisco, travel by public transit, by bicycle and on foot must be an attractive alternative to travel by private automobile.
3. Decisions regarding the use of limited public street and sidewalk space shall encourage the use of public rights of way by pedestrians, bicyclists, and public transit, and shall strive to reduce traffic and improve public health and safety.

**ITEMS**

The following items were considered at Public Hearing on January 16, 2026

- A. ESTABLISH – NO PARKING, ANY TIME, VEHICLES OVER 7 FEET HIGH, Cambridge Street, north side, from Stoneybrook Avenue to 200 feet easterly (Requested by residents).

The proposed modification would establish a parking restriction to improve STOP sign visibility.

- B. RESCIND – TOW-AWAY, NO STOPPING ANY TIME, ESTABLISH – 4-HOUR TIME LIMIT, 8 AM TO 6 PM, MONDAY THROUGH FRIDAY, Winston Drive, west side, from 80 feet to 160 feet south of Buckingham Way (Requested by SFMTA).

The proposed modification would establish a 4-hour parking time limit on a short segment of Winston Drive, consistent with parking time limits established on proximal segments of Winston Drive and Buckingham Way in 2023.

- C. ESTABLISH – RESIDENTIAL PERMIT PARKING AREA W (Eligibility only, no signs), 24th Street, both sides, between Alabama Street and Florida Street (Requested by residents).

The proposed modification would extend RPP Area W to this block facing restricted street parking and allow the residents to purchase parking permits for their vehicle to park within Area W.

- D. ESTABLISH – RESIDENTIAL PERMIT PARKING AREA I (Eligibility only, no signs), 24th Street, both sides, between Harrison Street and Treat Avenue (Requested by residents).

The proposed modification would extend RPP Area I to this block facing restricted street parking and allow the residents to purchase parking permits for their vehicle to park within Area I.

## **ENVIRONMENTAL REVIEW**

The proposed traffic and parking modifications are subject to the California Environmental Quality Act (CEQA). CEQA provides a categorical exemption from environmental review for operation, repair, maintenance, or minor alteration of existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities pursuant to Title 14 of the California Code of Regulations Section 15301.

The SFMTA, under authority delegated by the San Francisco Planning Department, has determined that the proposed parking and traffic modifications in Items A-D (Case No. 2026-000312ENV, January 5, 2026) are categorically exempt from CEQA pursuant to Title 14 of the California Code of Regulations Section 15301.

The proposed action is the Approval Action for Items A-D as defined by San Francisco Administrative Code Chapter 31.

A copy of the CEQA determination is on file with the Secretary to the SFMTA Board of Directors, and may be found in the records of the Planning Department by Case Number at <https://sfplanninggis.org/pim/> or 49 South Van Ness Avenue, Suite 1400 in San Francisco, and are incorporated herein by reference.
