DISCUSSION

Dodge Alley Proposed Roadway Shared Spaces Closure

The Tenderloin Community Benefit District (TLCBD) is a nonprofit organization working to improve the physical environment and economic opportunity in the Tenderloin neighborhood. TLCBD has applied for a Roadway Shared Spaces permit which would close Dodge Street between Turk Street and its southerly terminus, Saturday, October 10, 2026, through Sunday, October 10, 2027, 3 pm to 10 pm, Thursday through Sunday each week. Dodge Street is a narrow alley running parallel to and between Larkin and Hyde streets, beginning at Turk Street and ending midblock north of Golden Gate Avenue in the Tenderloin. TLCBD proposes activating the space four days each week with live music, performances, children's activities, and outdoor seating. This closure was originally permitted under the pandemic era Shared Spaces program in 2020. Since September 2023, the applicant was granted a permit under the permanent Roadway Shared Spaces program. This current application is a renewal of TLCBD's previous Roadway Shared Spaces permit and proposes no changes to their closure footprint and setup.

The request is to close the following area to vehicular traffic, as requested by the applicant:

- Dodge Street between Turk Street and southerly terminus, Saturday, October 10,

2026, through Sunday, October 10, 2027, 3 pm to 10 pm, Thursday through Sunday each week.

The SFMTA Board of Directors is asked to consider the approval of a Longer-Term Closure of the above area under the authority granted by California Vehicle Code section 21101 and Div. II, section 206 of the Transportation Code for the purpose of issuing a Roadway Shared Spaces permit. Roadway Shared Spaces street closures which exceed a total period of time more than two years are considered to be a Longer-Term Closure and therefore require approval from this Board. TLCBD has held this street closure of Dodge Street for over two years. Staff has found that, based upon a determination of public convenience and necessity, that the subject portion of the above listed street is no longer needed for vehicular traffic during the proposed closure hours, and that the street closure is necessary for the safety and protection of the public who will use the street during the closures. Staff recommends the Board make these findings and approve the street closure as discussed below.

ITEMS

The following item was considered at a Public Hearing held on August 13, 2026, by the Interdepartmental Staff Council on Traffic and Transportation (ISCOTT).

- A. ESTABLISH – SHARED SPACES ROAD CLOSURE – Dodge Street between Turk Street and southerly terminus, Saturday, October 10, 2026, through Sunday, October 10, 2027, 3 pm to 10 pm, Thursday through Sunday each week.

Item A would grant a permit for a Shared Spaces Road Closure for TLCBD to provide community events and outdoor seating.

STAKEHOLDER ENGAGEMENT

Item A was considered at a Public Hearing held on August 13, 2026, by ISCOTT. No public comments concerning this item were received at the hearing.

ALTERNATIVES CONSIDERED

The details of the proposed closure presented in Item A are as requested by the applicant. The alternative would be to not grant the Roadway Shared Spaces permit, which may negatively affect the Tenderloin neighborhood by not activating the streets for events and outdoor seating.

FUNDING IMPACT

The ISCOTT application fee, which applies to Roadway Shared Spaces (Transportation Code SEC 6.16(g)), is set at a cost recovery rate to cover staff's time and effort to review the subject application. The applicant for Item A has paid an application fee of \$1,280 for applications

submitted more than 120 days before the first event.

ENVIRONMENTAL REVIEW

On April 19, 2021, the San Francisco Planning Department determined that the Shared Spaces Program (Case No. 2021-003010ENV), inclusive of Item A, is within the scope of the Better Streets Plan Final Mitigated Negative Declaration (FMND, Case No. 2007.1238E, September 17, 2010), and that the proposal would not require the preparation of a subsequent negative declaration under CEQA Guidelines section 15162. On October 28, 2010, the Planning Commission in Resolution No. 18211, adopted findings under the California Environmental Quality Act (CEQA), the CEQA Guidelines, and Chapter 31 of the Administrative Code (CEQA Findings), and a Mitigation Monitoring and Reporting Program (MMRP), associated with the Better Streets Plan.

Copies of the CEQA determinations are on file with the Secretary to the SFMTA Board of Directors and may be found in the records of the Planning Department by Case Number at <https://sfplanninggis.org/pim> or 49 South Van Ness Avenue, Suite 1400 in San Francisco, and are incorporated herein by reference.

OTHER APPROVALS RECEIVED OR STILL REQUIRED

Pursuant to section 206 of the Transportation Code, the decision of the SFMTA Board of Directors with respect to any proposed Longer-Term Closure of a Traffic Lane shall be final.

A public hearing for Item A was held at the August 13, 2026 meeting of ISCOTT.

The City Attorney has reviewed this item.

RECOMMENDATION

Staff recommends that the SFMTA Board approve a Roadway Shared Spaces street closure application for Dodge Street between Turk Street and its southerly terminus, Saturday, October 10, 2026, through Sunday, October 10, 2027, 3 pm to 10 pm, Thursday through Sunday each week; and make environmental review findings.
