- Public comment is limited to three minutes each.

6. SFPUC Update

7. Geary Boulevard Improvement Project update

Geary Improvements: Design/delivery in two phases

- Geary Rapid Project: Completed; on-time, on-budget delivery
- Geary Boulevard Improvement Project: Quick-Build implementation and detailed design complete, construction coming later in 2026

7. Geary Boulevard Improvement Project update

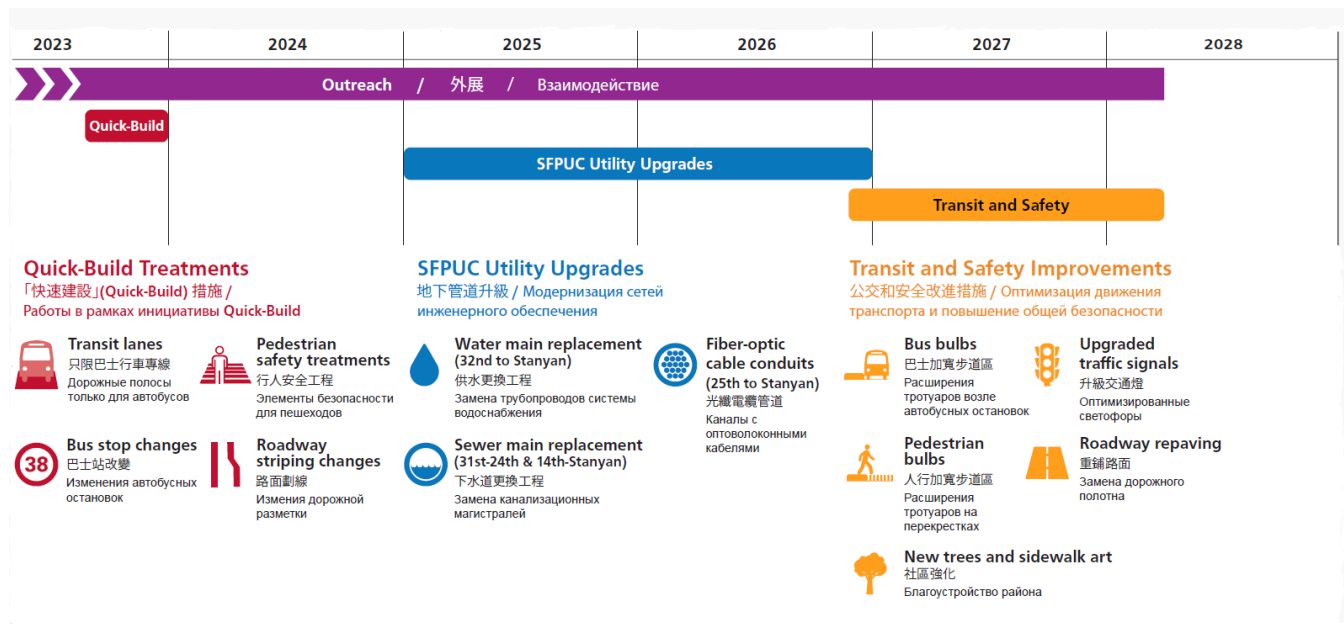

Overview

- Schedule update
- Upcoming surface contract construction update
- Recent Richmond event participation
- Recent Geary safety trends

7. Geary Boulevard Improvement Project update

Schedule update

- Transit and Safety Improvements have shifted to reflect contract award occurring July 2026, anticipating Notice to Proceed in October 2026 and construction beginning in late 2026. More information about timing and sequencing of construction will be available after initial submittals like the baseline schedule
- SFPUC upgrades updated to reflect completion ahead of schedule

7. Geary Boulevard Improvement Project update

Surface contract construction update

- Preparing for initial construction outreach activities:
 - ✓ Mailer to nearby residents and merchants ahead of construction beginning
 - ✓ Office Hours at Joe's Ice Cream parklet to allow drop-in questions of project team on Tuesday, November 10 between 2-5 p.m.
 - ✓ Richmond Review advertisements
 - ✓ SFMTA blog post
 - ✓ Bi-weekly construction forecasts (using SFPUC template style)
 - ✓ Contractor signs to be posted every 100-feet within active construction areas
 - ✓ Contractor to distribute flyers to merchants ahead of any temporary parking removal
 - ✓ Preparing to launch the Small Business Working Group

7. Geary Boulevard Improvement Project update

Recent Richmond event participation

The Geary project team distributed project information at Heart of the Richmond Night Market (August 15) and Richmond Autumn Moon Festival (September 12).

7. Geary Boulevard Improvement Project

Recent Richmond event participation

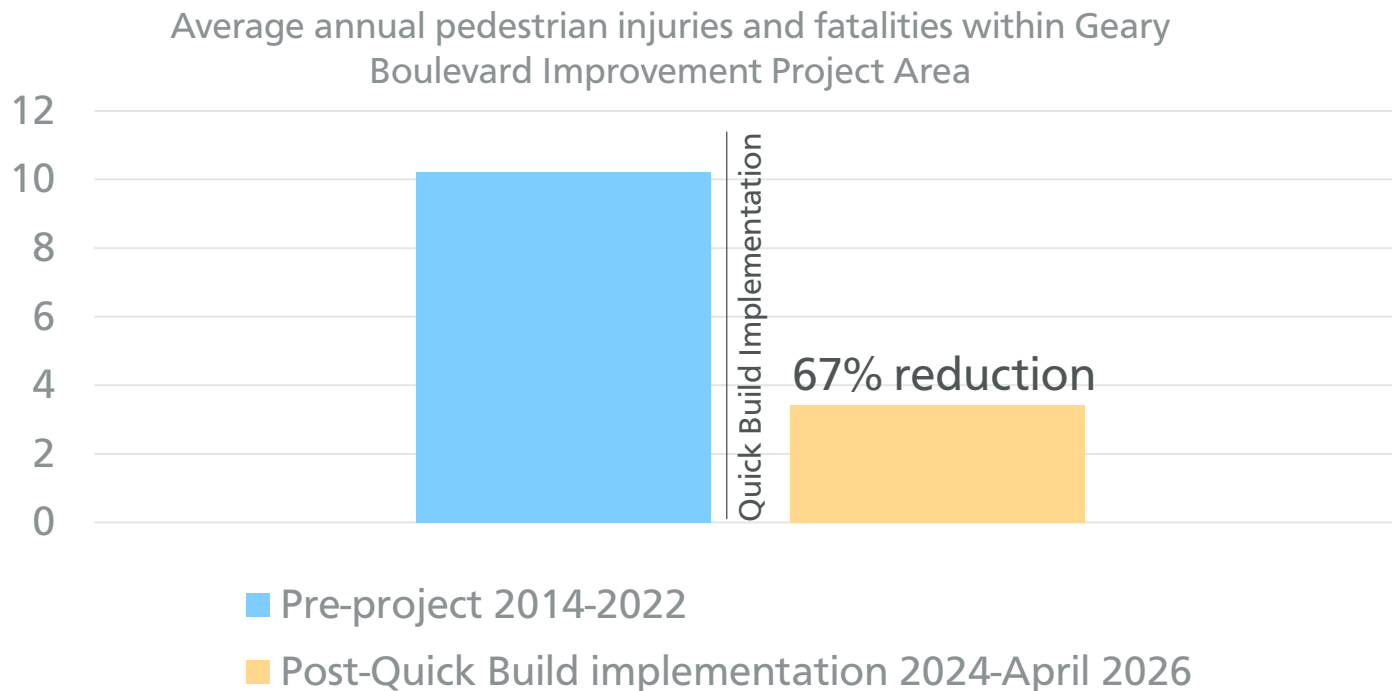

The PUC held a public gathering (October 1) at Argonne Playground to mark the end of the main part of their underground work. Geary project team members also attended to mark the occasion.

7. Geary Boulevard Improvement Project update

Recent Geary safety trends

- We've observed a significant 67% reduction in an average annual injury and fatality collisions involving pedestrians within the Geary Project area (Geary between 34th Avenue and Stanyan Street). A final evaluation will be conducted after construction.

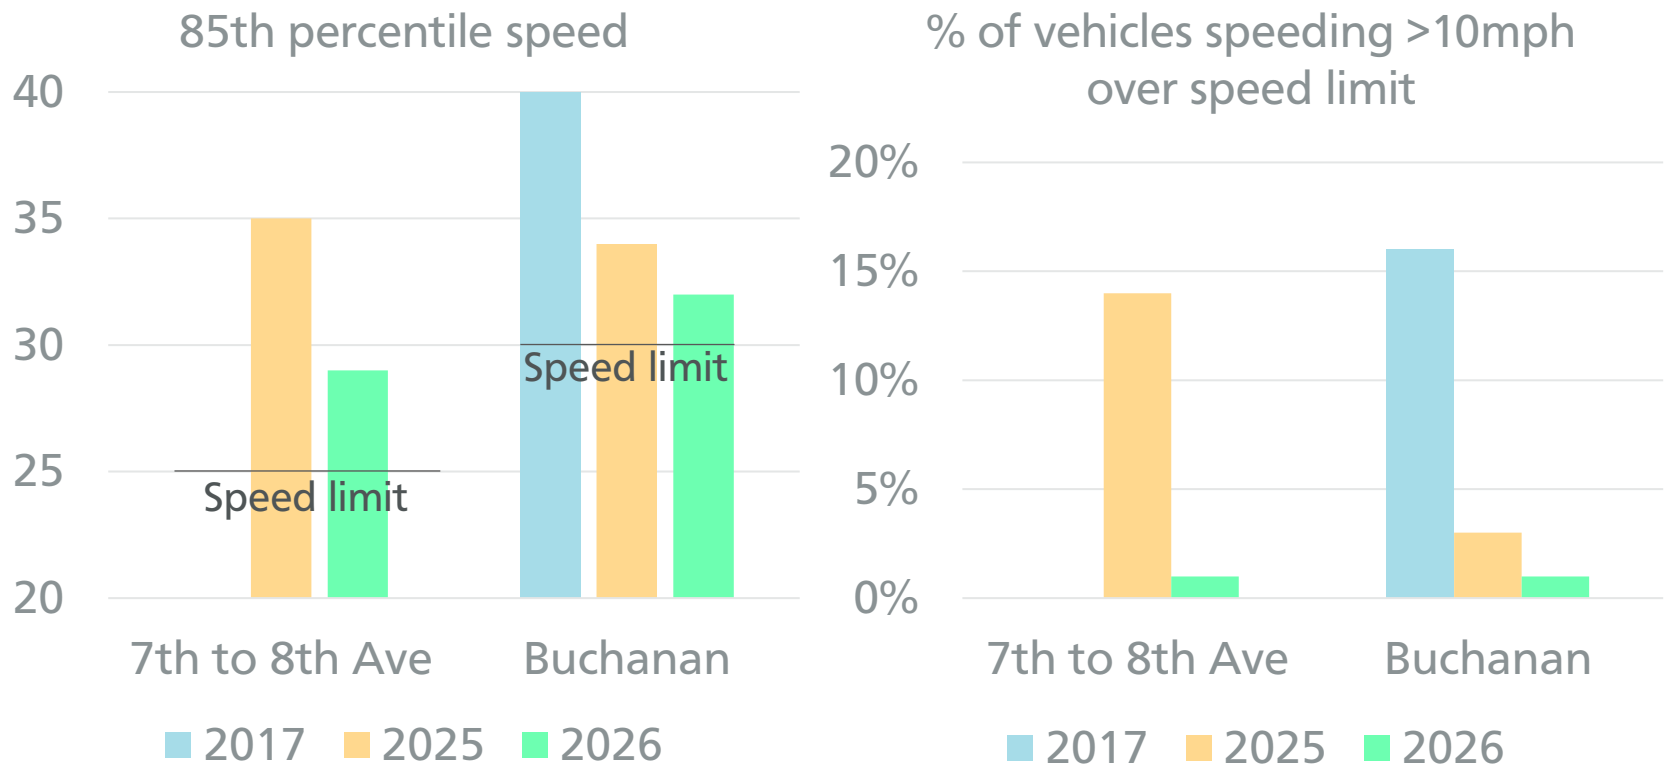

Source: TransBase collisions database – 2014-April 2026

7. Geary Boulevard Improvement Project update

Recent Geary safety trends

The new Automated Speed Enforcement (ASE) cameras have been effective in reducing speeding along Geary Boulevard.

16,000 daily vehicles at 7th to 8th Ave; 20,000 daily vehicles at Buchanan (May 2026)

7. Geary Boulevard Improvement Project update

Recent Geary safety trends

- Of the whole Richmond District (D1), the number of Geary intersections within the Top 10 most collisions has decreased from 3 intersections before the project to 1 intersection now.

Intersections in District 1 with the Highest Number of Injuries and Fatalities Due to Traffic Collisions
