Proposed permit

Shared electric moped with permit may park:

• at motorcycle meters without payment

• between parallel metered spaces (as is legal for motorcycles) without payment

• in RPP areas on stretches of curb 8 ft. or shorter, or motorcycle stalls
Proposed permit

Permit conditions:

• Permit fee of $325/year per vehicle; $162.50 for less than six months

• Expanded data requirement from e-moped sharing organizations

• Permit only for shared electric mopeds

• Shared electric mopeds must be available for sharing 100% of the time
Next Steps

• Begin issuing permits this summer

• Monitor crowding and stagnation and work with permittees to adjust as necessary

• Evaluate effectiveness/necessity of “scrap curb” limitation in RPP areas
Thank You
