8. Presentation, discussion, and possible action regarding the SFMTA Electric Powered Vehicle Policy. (Gary Chang, Senior Program Manager. Explanatory documents include a resolution.)
9. Presentation, discussion, and possible action regarding the Operations and Customer Service Committee (OCSC) report and recommendations.
10. Presentation, discussion, and possible action regarding the Engineering, Maintenance and Safety Committee (EMSC) report and recommendations.

### EMSC Motion 180425.01

The SFMTA CAC supports the proposed plan for E-Scooters. It is recommended that SFMTA provide guidelines on how and where scooters are placed, and that SFMTA consistently encourage SFPD to enforce the state laws against sidewalk riding. It is further recommended that SFMTA work with the scooter companies to share user travel data so that analyses are done to update a comprehensive transit plan which can ultimately reduce congestion.

### EMSC Motion 180425.02

The SFMTA CAC recommends that complete cars (1106, 1108, 1139, 1140, 4008, 4009) slated to be scrapped not be scrapped but rather retained for the planned expansion of the historic rail line service in the future. As other cars are being moved

to a new storage area, these cars can also be moved at the same cost as the other cars. The cost and storage of stripping the cars is offset by the moving cost of the cars, thus keeping the cars intact is far more beneficial for Muni. The argument of 'significant rust' also applies to the cars that are kept - they too have been stored outdoors for the past 15 years. To an outside observer it makes no sense to scrap a complete car instead of a completely stripped car. Therefore, it is recommended that if necessary, already completely stripped, gutted cars 1026, 1027, and 1028 be scrapped in exchange for 3 of the complete cars.

#### 11. Council Member Information and Agenda Item Requests. (For discussion only)
