

## Octavia 'Open Street' Project Public Open House Tuesday, June 4 at 7pm

As part of the *Octavia Boulevard Enhancement Project*, SFMTA is advancing a proposal to close one block of Octavia Street — between Linden and Hayes streets — to vehicular traffic to create safer travel conditions around Patricia's Green. The project is in response to long-standing requests from residents to calm traffic and create more public space around Hayes Valley's central gathering area.

The project will also simplify the Hayes & Octavia intersection by providing shorter crosswalks and a more defined bicycle crossing, additionally benefitting transit and vehicle flow. More loading space will be provided on Fell Street to accommodate the growing demand for passenger loading.

After several years of studying temporary closures tied to community events, we invite you to an open house to speak with staff about what we learned and provide your feedback. This is an opportunity to formally comment on the project prior to it being considered by the SFMTA Board of Directors.

## Public Open House III June 4, 7-8:30pm – arrive anytime! Hayes Valley Playground (Hayes & Buchanan)
