As part of Muni Forward, the SFMTA will implement transit priority and pedestrian safety improvements along 19th Avenue that will make it safer to walk, increase the reliability of transit service, and enhance the customer experience—on and off the bus. This project includes sidewalk widening at bus stops ("transit bulbs") as well as optimizing and consolidating bus stops to make stop spacing more even, which will help make Muni service more reliable. The project will also widen the sidewalk at corners (a treatment known as "pedestrian bulbs") along 19th Avenue to support pedestrian safety.
