#### PROPOSED FY 2017 & 2018 OPERATING BUDGET

## **Proposed Revenue Sources** (\$Mil)

ltem	Description	Annual Revenue Impact FY 17	Annual Revenue Impact FY 18
Change Youth Definition	Increase Youth Age to 18 from 17 – similar to the Free Muni Program for Low and Moderate Income Youth and in support of the Regional definition	(2.2)	(2.2)
Set Discount Fares at 50% of Adult Fares	Establish senior, youth and disabled discount fares at 50% of the adult fares (FTA requires senior fares be set no higher than 50% of adult fares). Low and moderate income seniors, youth and disabled riders have the Free Fare programs and low income adults have access to the Lifeline Program	1.4	1.5
Premium for cash paying riders	Establish a \$0.25 premium for riders paying cash to reduce cash payments and to encourage use of Clipper <sup>®</sup> . This will reduce dwell times and improve farebox performance.	3.8	3.9

All fare proposal subject to Title VI equity analysis prior to approval.

#### PROPOSED FY 2017 & 2018 OPERATING BUDGET

## **Proposed Revenue Sources** (\$Mil)

Line Item	Description	Annual Revenue Impact FY17	Annual Revenue Impact FY18
Increase Vendor Commissions	Vendor commissions have not been increased in many years. The current vendor commission is \$0.50 per fare item and maps. Increasing the commission to \$0.75 for fare products and \$1.50 for maps will encourage vendors to sell these items.	(0.1)	(0.1)
Express Line premium fare	<ul> <li>Establish a premium fare for single rides on the Express lines.</li> <li>Increase adult rate \$0.50 and discount by \$0.25.</li> <li>Increase adult rate \$1.00 and discount by \$0.50</li> </ul>	2.5 5.2	2.6 5.4
Monthly "A" pass increase (BART)	Increase "A" pass \$5 above indexed price (covers 5.5% BART pass-through increase per trip).	0.7	0.7
Tokens and Passes for needy Populations	Provide 50% discount to non profit agencies	(1.0)	(1.0)

All fare proposal subject to Title VI equity analysis prior to approval.

### Disparate Impact & Disproportionate Burden Analysis All Fare Changes Combined

Change	% Minority Impacted	System- wide Average: Minority	Disparate Impact?	% Low- Income Impacted	System- wide Average: Low- Income	Dispropor -tionate Burden?
All Fare Decreases	61%	58%	No	86% <sup>1</sup>	51%	No
All Fare Increases	57%	58%	No	50%	51%	No

<sup>1</sup> Low-income customers would disproportionately benefit from the fare decreases; as a result there is not a disproportionate burden impact.

#### Set Discount Fares at 50% of Adult Fares Demographic Analysis

Fare Category	% Minority Impacted	% Low- Income Impacted
Youth*	89%	80%
Senior*	45%	50%
Disabled*	64%	83%

\* Data come from the 2013 Systemwide On-Board Survey. Since then, many of these customers have transitioned to the Free Muni program, so the impact would be significantly less than indicated in the table.

- Since the SFMTA collected demographic data, most low- and moderateincome youth, seniors and people with disabilities have already transitioned to the Free Muni program
- This has also included a significant minority population (for example, 94% of Free Muni for Youth public high school students were members of an ethnic minority or mixed race)

### Clipper Card Cash Value vs. On-Board Cash Payment Demographic Analysis

Fare Category	Clipper Card Cash Value % Minority	On-Board Cash % Minority	Clipper Card Cash Value % Low Income	On-Board Cash % Low Income
Adult	49.4%	58.1%	36.3%	60.6%
Youth*	79.9%	88.3%	65.1%	78.6%
Senior*	42.7%	43.9%	45.6%	56.0%
Disabled*	57.7%	50.0%	71.9%	86.0%

\* Discount fare customers at or below the median Bay Area household income are eligible for Free Muni programs Data come from the 2013 Systemwide On-Board Survey. Since then, many of these discount fare customers have transitioned to the Free Muni program.

Compared to Clipper Card cash value users, adult on-board cash payers are:

- 9% more likely to be minority
- 24% more likely to be low income\*
- Have an estimated annual median income of under \$35,000 (vs. \$70,000)

\*The Lifeline Pass is an alternative for customers who ride often enough to make a pass purchase worthwhile and who earn less than twice the Federal Poverty Level; however, a full-time worker earning San Francisco's \$12.25 minimum wage would not meet income eligibility thresholds

## Proposed Capital Budget

FY 2017 and FY 2018

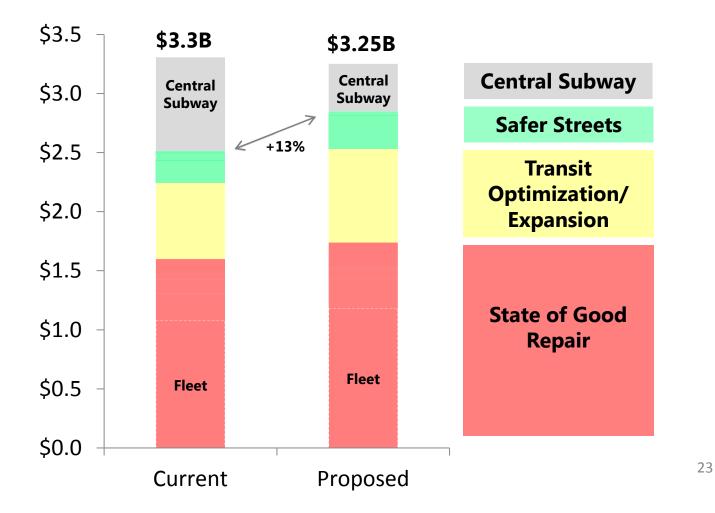

## What is the Capital Improvement Program(CIP)?

- 1. A financially constrained 5-year program of capital projects
- 2. An **implementation plan** for regional, citywide, and agency-wide **strategies** and **policy goals**
- 3. The **Capital Budget** is the first two years of the Capital Improvement Program (CIP)

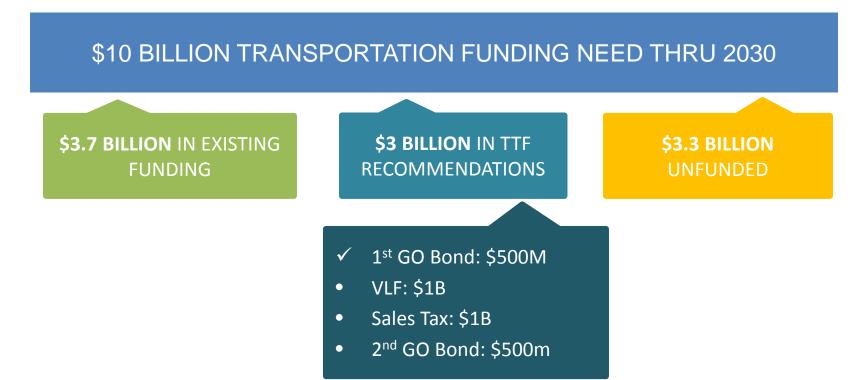

## **Capital Improvement Program Revenue Overview**

Preliminary FY17-21 CIP (\$B)

## The Proposed CIP Now Includes Revenue from a Potential November 2016 Ballot Measure

- New revenue sources currently under consideration are needed to fill critical gaps in the agency's capital program.
- Seeking to advance new revenue measures in 2016 and 2018, consistent with Mayor's 2013 Transportation Task Force recommendations
- Specific measure and expenditure plan are under development

## The CIP Currently Assumes \$65M per Year from New Revenue Source Passed in 2016

- New revenue is assumed to begin in FY18
- Initial allocation is driven by current funding gaps for high priority programs
  - Focus on transit investments, such as fleet, that are difficult to fund with other sources
  - Advance critical state of good repair, enhancement and safety needs identified in the Mayor's Transportation Task Force report
  - Future years and measures will have a greater emphasis on streets, which are currently receiving significant funding from G.O. Bond

#### **Transit (FY 18-21)**

\$55M per year divided between:

- Fleet Expansion (Motor Coach and Light Rail Vehicles)
- Facilities (Upgrades and Enhancements)
- Transit Optimization (Muni Forward, Major Corridor and Rail Capacity Strategy Projects)

#### **Streets (FY 18-21)**

\$10M per year to support Vision Zero:

- WalkFirst
- Bicycle Strategy
- Streetscape Projects
- Signals
