Purpose

Approving the Fourth Amendment to Contract No. SFMTA-2008/9-52, Red Light Camera Photo Enforcement Program Agreement, with Conduent State and Local Solutions, Inc. (formerly Xerox State & Local Solutions, Inc.) to extend the term of the contract by seventeen months to December 31, 2018; increase the contract amount by $333,305 for a total contract amount not to exceed $9,500,000; amend the scope of services to decrease the number of enforced intersections from twenty-six to twenty; and require the Contractor to perform program administration, and provide expert witness court testimony and all related services for citations previously issued by the Contractor during the transition process to a new Red Light Camera Photo Enforcement Program service provider.

Strategic Plan Goals and Transit First Policy Principles

The SFMTA will further the following goal of the Strategic Plan through execution of the contract amendment.

Goal 1: Create a safer transportation experience for everyone.

Objective 1.3 – Improve the safety of the transportation system.

The SFMTA will further the following Transit First Policy Principle through execution of the contract amendment.

1. To ensure quality of life and economic health in San Francisco, the primary objective of the transportation system must be the safe and efficient movement of people and goods.

Description

In 1996, the City and County of San Francisco was one of the first cities in the nation to implement a Red Light Camera Photo Enforcement Program. Since then, the City has operated the Red Light Camera Program to photograph and issue citations to vehicles entering red light camera enforced intersections after the beginning of the red signal phase. The program has proven to be a valuable tool in reducing red light related collisions by up to 40% at enforced intersections. In addition, the presence of the camera enforcement program in the City has generated a “spill-over” effect of reducing red light collisions at neighboring intersections which may not be enforced.

The existing Red Light Camera system relies on technology and infrastructure that is outdated and will likely become obsolete soon. The SFMTA has completed a Request for Proposals (RFP) to solicit proposals for a replacement system that will use state of the art automated enforcement technology and equipment. Staff expects that the replacement system will be implemented in early 2018. The proposed Fourth Amendment will maintain the existing system while the SFMTA and the new contractor installs and implements the new system.
On April 19, 2011, the SFMTA Board of Directors approved a contract between the SFMTA and ACS State & Local Solutions, Inc. for an amount not to exceed $7,500,000, and a total contract term of up to five years, consisting of an initial three-year term with an option to extend the term for up to an additional two years at the City's sole discretion for operational and administrative support services at all existing enforced intersections of the Red Light Camera Photo Enforcement Program. On April 2, 2012, ACS State & Local Solutions, Inc. changed its name to Xerox State & Local Solutions, Inc.

The Director of Transportation approved the First Amendment to the contract on June 14, 2013, to provide for enforcement of illegal right turns at Market St and Octavia Blvd. On April 16, 2014, the Second Amendment was executed by the SFMTA Board of Directors with Xerox State & Local Solutions, Inc. which exercised the SFMTA’s option to extend the contract for an additional two years until April 30, 2016. The Third Amendment was executed by the Director of Transportation on March 25, 2016, to extend the contract for an additional fifteen months, until July 31, 2017, and increase the not to exceed amount from $7,500,000, to $9,166,650. On February 16, 2017, Xerox State & Local Solutions, Inc. changed its name to Conduent State & Local Solutions, Inc.

The proposed Fourth Amendment to the contract will extend the contract term by an additional seventeen months, until December 31, 2018, increase the contract amount by $333,305 for a not to exceed amount of $9,500,000, decrease the number of enforced intersections from twenty-six to twenty, and provide for additional support services needed during the transition to the new service provider. The SFMTA regularly reviews operations of its red light camera systems to ensure effectiveness. In response to recent amendments to state law, local jurisdictions now have to confirm that their photo enforcement systems are needed “at a specific location for reasons related to safety.” As a result, the SFMTA has discontinued enforcement at some locations due to a low red light running crash history, low number of red light running citations issued, and a history of other improvements that have addressed safety concerns without requiring continued use of photo enforcement equipment.

**STAKEHOLDER ENGAGEMENT**

No outreach was done for this amendment.

**ALTERNATIVES CONSIDERED**

The existing contract with Conduent State & Local Solutions, Inc. includes the option for the SFMTA to self-administer the Red Light Camera Photo Enforcement Program. Conduent State & Local Solutions, Inc. could lease software, provide training, consultation and software development services to the SFMTA at the following cost:

<table>
<thead>
<tr>
<th>Service</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Software License Lease Per Month</td>
<td>$447/month per enforcement location</td>
</tr>
<tr>
<td>Training Per Hour</td>
<td>$120</td>
</tr>
<tr>
<td>Consultation Services Per Hour</td>
<td>$120</td>
</tr>
<tr>
<td>Software Development Services Per Hour</td>
<td>$145</td>
</tr>
</tbody>
</table>
SFMTA staff has determined that self-administration is not the recommended method to proceed due to the lack of SFMTA staffing resources and sufficient technical knowledge to provide administrative and operational support for the program.

**FUNDING IMPACT**

Funding for this contract comes from the FY2018 and FY2019 SFMTA Operating Budgets.

**ENVIRONMENTAL REVIEW**

On June 16, 2017, the SFMTA, under authority delegated by the Planning Department, determined that the contract amendment is not a “project” under the California Environmental Quality Act (CEQA) pursuant to Title 14 of the California Code of Regulations Sections 15060(c) and 15378(b).

A copy of the CEQA determination is on file with the Secretary to the SFMTA Board of Directors and is incorporated herein by reference.

**OTHER APPROVALS RECEIVED OR STILL REQUIRED**

Approval was obtained by the Civil Service Commission for Contract number 48177-14/15 on July 31, 2015.

The City Attorney has reviewed this report.

**RECOMMENDATION**

Staff recommends that the San Francisco Municipal Transportation Agency Board of Directors approve the Fourth Amendment to Contract No. SFMTA-2008/9-52, Red Light Camera Photo Enforcement Program Agreement, with Conduent State and Local Solutions, Inc. (formerly Xerox State & Local Solutions, Inc.) to extend the term of the contract by seventeen months to December 31, 2018; increase the contract amount by $333,305 for a total contract amount not to exceed $9,500,000; amend the scope of services to decrease the number of enforced intersections from twenty-six to twenty; and require the Contractor to perform program administration, and provide expert witness court testimony and all related services for citations previously issued by the Contractor during the transition process to a new Red Light Camera Photo Enforcement Program service provider.

   5.2 **Payment Limited to Satisfactory Services.** Contractor is not entitled to any payments from City until the SFMTA approves Services, including any furnished Deliverables, as satisfying all of the requirements of this Agreement. Contractor shall pay its LBE subcontractors within three working days after receiving payment from SFMTA, except as otherwise authorized by the LBE Ordinance. The Controller is not authorized to pay invoices submitted by Contractor prior to Contractor’s submission of all required CMD payment forms. Failure to submit all required CMD payment forms with each payment request may result in the Controller withholding 20% of the payment due pursuant to that invoice until the required CMD payment forms are provided. 5.6 **Getting Paid for Goods and/or Services from the City.**
