**SFMTA Updates Muni Service Plan for Wednesday Morning**

**San Francisco**—The San Francisco Municipal Transportation Agency (SFMTA), which manages transportation in the city, including the Municipal Railway (Muni), has announced an updated Muni service plan for Wednesday morning's commute. Although light rail lines and bus routes will return to their regular routes for the morning commute, customers should continue to monitor media news outlets and real-time Muni updates for information about service.

For real-time Muni updates during the week, 5 a.m. to 9 p.m., and special events, follow us on [www.twitter.com/sfmta\\_muni](http://www.twitter.com/sfmta_muni) or sign up for e-mail or text alerts at [www.sfmta.com](http://www.sfmta.com).

This morning BART is still accepting customers with a valid Muni proof of payment between Daly City and Embarcadero stations. Muni customers are advised to go to the BART Station Agent gate to request entrance to the BART system rather than tagging their Clipper card.

**Muni Service**

*Established by voter proposition in 1999, the SFMTA, a department of the City and County of San Francisco, oversees the Municipal Railway (Muni), parking and traffic, bicycling, walking and taxis. With five modes of transit, Muni has approximately 700,000 passenger boardings each day. Over one million people get around this city each day and rely on the SFMTA to ensure safe and reliable travel by transit, walking, bicycling, taxi and driving.*
