

Potrero Streetscape Improvements Community Workshop

What's happening Please join us to discuss the future design of streetscape improvements for Potrero Avenue, 17th to 25th streets, and adjacent Hampshire Street. The project will revitalize the public space near SF General Hospital, with pedestrian-safety and sidewalk improvements, new landscaping and reconfigured traffic lanes to improve Muni service. We would like to hear your thoughts on ways to make this important corridor better.

When: Tuesday, July 30, 2013; 6 p.m. to 8 p.m.

Where: San Francisco General Hospital cafeteria
1001 Potrero Ave. (near 22nd Street), second floor
