

Van Ness Business Advisory Committee Membership Application

Major upgrades are underway on Van Ness Avenue in San Francisco to rehabilitate and revitalize aging infrastructure on the historic corridor.

This massive civic improvement project is bringing San Francisco its first Bus Rapid Transit (BRT) system, a much-needed and globally-proven solution to improve transit service and address traffic congestion on Van Ness Avenue, a major north-south arterial. This new BRT service will serve one of the region's major employment and commercial centers with one of the highest population densities in San Francisco.

Along with a new BRT system, construction of the project also includes several upgrades including replacing more than 22,000 feet of 1800s-era water main, installing a reliable and seismically safe sewer system the length of Van Ness Avenue, overhauling the system that supplies 1,200 hydrants dedicated to emergency firefighting and updating streetlights with brighter, more efficient lights and adding sidewalk lighting.

The San Francisco Municipal Transportation Agency, responsible for the design, engineering, construction and operation of the Van Ness Improvement Project is seeking Van Ness Avenue business leaders to serve as representatives for its Van Ness Business Advisory Committee (BAC). Members provide feedback, recommendations and advice on the ways that the City can help businesses during construction, while providing a forum for businesses to raise issues, discuss and have input on project responses to these issues.

To apply for membership, please complete the attached application by Friday, March 29, 2019, and return to:

Peter Gabancho
Project Manager
San Francisco Municipal Transportation Agency
One South Van Ness, 3rd floor
San Francisco, CA 94103

Van Ness Business Advisory Committee (BAC)

Composition and Purpose

The Van Ness Business Advisory Committee (BAC) consists of representatives from a diverse cross-section of Van Ness corridor businesses. The BAC will provide input to the Van Ness Improvement Project team by providing varied perspectives from the surrounding community and city.

The issues, goals, and concerns relating to the surrounding community will be taken into consideration within the context of supporting this important project.

Advisory Group Goals

- To provide the Van Ness Improvement Project team feedback and guide decisions related to the construction and implementation of the Van Ness Improvement Project .
- To hear project presentations on the approach, content and data at appropriate times and to respond with community guidance and input.
- To make the project team aware of community priorities and concerns.
- To act as a channel to disseminate project information to the community and for the project team to receive feedback from the community.

Meeting Information

- Meetings will be scheduled to review project information and to seek feedback.
- Meeting notices and agendas will be distributed to members and posted on the project website a minimum of 72 hours in advance of the meeting.
- Van Ness Improvement Project team members will be present at all meetings to facilitate and take meeting minutes.
- Meeting minutes will be posted on the Van Ness Improvement Project website within the week following a Van Ness BAC meeting.
- Meetings will be held on Thursdays, on the Third Thursday of the month; invitations will be sent out at least one week prior. Changes to this schedule will be made 30 days advanced notice.
- Van Ness BAC members are expected to attend meetings and not to miss more than two in a row. Van Ness BAC members are required to RSVP for each meeting a minimum of 48 hours in advance of the meeting to confirm a quorum.
- Public comment will be taken for each agenda item after discussion of the item by the Van Ness BAC.

Decision Making

The nature of this BAC is advisory and will serve as a connector between the community and the Van Ness Improvement Project team. The BAC will share the community's interests with the project team and in turn BAC members will share project information with their respective communities.

Van Ness Business Advisory Committee (BAC) Criteria and Selection Process

- Size of Membership – 11
- Composition of membership:
 - Broad range of characteristics including:
 - Demographics
 - Business type and size
