PROJECT APPROACH
Centered on Community

- Partner with community-based organizations and **we follow their lead** (BMAGIC, Hunters Point Family, CYC & El Centro)

- Develop holistic solutions that help the **current community** grow & thrive into the future

- Prioritize solutions for those **most vulnerable to transportation changes**. Residents define whom are most vulnerable in the Bayview.

- Outreach events designed to **meet people where they are** and to **reduce meeting overload**

Short-term & Long-Term Projects

BAYVIEW
COMMUNITY BASED TRANSPORTATION PLAN

PROJECT PREFERENCE WORKSHEET

In the fall of 2018, we asked over 1,500 Bayview residents:

What streets do we need to focus on for repairs, safety improvements, and investment?

Now that we’ve identified Priority Corridors - what kind of improvements do you want?

3rd Street

More residents identified 3rd Street as a priority than any other street. Residents comments/priorities included:

- Improve pedestrian safety
- Support the African American Cultural District
- Improve parking management on 3rd St & side-streets

Should we... (choose one)

- Focus more on 3rd St than other Bayview streets
- Equal focus between 3rd St and other Bayview streets
- Focus less on 3rd St and more on other Bayview Streets

Overcoming Transportation Challenges

Getting around in the Bayview isn’t always easy, especially for vulnerable populations. Who do you think faces the most transportation challenges?

- Youth
- Single Parents
- Residents who don’t speak English
- Residents who don’t own a car

- Seniors
- Low-income residents
- Residents with a disability
- Renters

Priority Corridor:
Williams Ave

Legend
- Signalized Intersection
- Marked Crosswalk
- Bus stops (54)
