The Muni System

• Over 700,000 daily riders – more than BART, Caltrain, AC Transit and SamTrans combined
• Over 25% of all trips – and 33% of commute trips – in San Francisco are made by transit
• Over 80% of Muni trips are by bus and surface rail
Challenges

• San Francisco is growing
• Muni service is subject to gaps and delays
• Riders expect more
Muni Forward

• **Improving reliability**: Over 50 miles of reliability improvements, like transit-only lanes, bus bulbs and traffic signals that stay green for transit

• **Creating a Rapid Network**: More Rapid lines and expanded frequency

• **More service**: 10% service increase since 2015 and new connections

• **Brand new fleet**: All-new bus and rail vehicles

• **Equity**: A focus on improving service in Equity Strategy neighborhoods
5 Fulton Rapid Project

Traffic circle

Traffic signals

Transit bulbs

Ped island and flashing beacon
9 Rapid Improvements

- Transit priority on nearly the entire route
- Expanded Rapid service
- Larger, more spacious vehicles
- Pedestrian safety features
Results

• Ridership increased 8% over two years on Rapid bus
