41. Work seniority for regular Full-Time Operators shall be defined as the length of continuous service determined from the date of Full-Time employment either as temporary or permanent from a regular 9163 Civil Service list. In the event that two or more employees' seniority begins on the same date, said employees' places will be determined by the order of said employees on the Civil Service eligible list from which they were appointed. Work seniority shall prevail for Operators with regard to preference in signups and work assignments.
42. An Operator permanently promoted to any position in SFMTA other than that of Operator shall retain work seniority in case of return to the Operator's classification within one year of promotion. After one year, any past service as an Operator shall not be counted in establishing work seniority.
43. An Operator receiving a non-civil service or limited tenure appointment to any position in SFMTA other than that of Operator shall retain work seniority in case of return to the Operator's classification within one year of promotion. After one year, any past service as an Operator shall not be counted in establishing work seniority.

Section 7.2 City Seniority

44. City seniority shall be defined as the length of continuous service determined from the day the employee begins work with the City and shall prevail in determining the length of vacations and preference in vacation sign-ups.

Section 7.3 Seniority List

45. Seniority list detailing the date of commencement of service for all Operators and their ranking in order of work seniority and vacation seniority shall be maintained at all times in the office of the SFMTA Executive Director. SFMTA shall make available for inspection the seniority list to Transport Workers Union Local 250-A's duly elected executive officers and division chairpersons; provided however that Transport Workers Union Local 250-A has furnished SFMTA with an accurate list of officers and division chairpersons in each designated area or division. Officers of the Transport Workers Union Local 250-A shall have access to the seniority list at all times, and on the first day of each month a revised copy of the seniority list will be supplied to the Transport Workers Union Local 250-A.

ARTICLE 8. BENEFITS

Section 8.1 Basic Fringe Benefits

46. For Informational Purposes only: Operators are entitled to receive such fringe benefits as are granted to miscellaneous employees in the City in accordance with applicable provisions of the Charter, ordinances or CSC Rules, except as may be additionally provided in this MOU.

Health Coverage Effective

47. The contribution model for employee health insurance premiums will be based on the SFMTA's contribution of a percentage of those premiums and the employee's payment of the balance (Percentage-Based Contribution Model), as described below:

1) Employee Only:

For medically single employees (Employee Only) who enroll in any health plan offered through the Health Services System ("HSS"), the SFMTA shall contribute ninety-three percent (93%) of the total health insurance premium, provided however, that the SFMTA's contribution shall be capped at ninety- three percent (93%) of the Employee Only premium of the second-highest- cost plan.

2) Employee Plus One:

For employees with one dependent who elect to enroll in any health plan offered through the HSS, the SFMTA shall contribute ninety-three percent (93%) of the total health insurance premium, provided however, that the SFMTA's contribution shall be capped at ninety-three percent (93%) of the Employee Plus One premium of the second-highest-cost plan.

3) Employee Plus Two or More:

For employees with two or more dependents who elect to enroll in any health plan offered through the HSS, the SFMTA shall contribute eighty-three percent (83%) of the total health insurance premium, provided however, that the SFMTA's contribution shall be capped at eighty-three percent (83%) of the Employee Plus Two or More premium of the second-highest-cost plan.

4) Contribution Cap

In the event HSS eliminates access to the current highest cost plan for active employees, the City's contribution under this agreement for the remaining two plans

shall not be affected.

5) Average Contribution Amount

For purposes of this Agreement, to ensure that all employees enrolled in health insurance through the City's HSS are making premium contributions under the Percentage-Based Contribution Model, and therefore have a stake in controlling the long term growth in health insurance costs, it is agreed that, to the extent the City's health insurance premium contribution under the Percentage-Based Contribution Model is less than the "average contribution," as established under Charter section A8.428(b), then, in addition to the City's contribution, payments toward the balance of the health insurance premium under the Percentage-Based Contribution Model shall be deemed to apply to the annual "average contribution." The parties intend that the City's contribution toward employee health insurance premiums will not exceed the amount established under the Percentage-Based Contribution Model.

Section 8.2 Dental Plan

48. For permanent Operators, the SFMTA shall pay the full cost of the current citywide dental plan for employees and dependents, and will pay directly to the provider, but Operators who enroll in the Delta Dental PPO Plan shall pay the following premiums for respective coverage levels:
- \$5 per month for Operators enrolled in employee only plan;
 - \$10 per month for Operators enrolled in employee + 1 dependent plan; or
 - \$15 per month for Operators enrolled in employee +2 dependent plan.
49. The aforesaid SFMTA contributions toward an Operator's fringe benefits described in Section 8.1, and this section 8.2, shall not be considered as part of an Operator's compensation for the purpose of computing straight time earnings, compensation for overtime worked, premium pay, or retirement benefits, nor shall such contributions be taken into account in determining the level of any other benefit that is a function of or percentage of salary.

Section 8.3 Pickup of Operator Contribution to Retirement System

50. Represented employees agree to pay their own employee retirement contribution to SFERS. For employees who became members of SFERS prior to November 2, 1976 (Charter Section A8.509 Miscellaneous Plan), SFMTA shall pick up one-half percent (0.5%) of the total employee retirement contribution.

Second Fiscal Year 2015-2016

Effective October 10, 2015, represented employees who are members of SFERS hired before July 1, 2011, shall receive a base wage increase of three and eighteen hundredths percent (3.18%) in exchange for their agreement to pay two and one-half percent (2.5%) of the seven and one-half percent (7.5%) employee retirement contribution previously picked up by SFMTA.

Effective October 10, 2015, represented employees who became members of SFERS on or after July 1, 2011, shall receive a base wage increase of three and eighteen hundredths percent (3.18%) in exchange for their agreement to pay one third of the employee retirement contribution being picked up by SFMTA on October 9, 2015.

Effective October 8, 2016, represented employees who are members of SFERS hired before July 1, 2011, shall receive a base wage increase of three and sixteen hundredths percent (3.16%) in exchange for their agreement to pay another two and one-half percent (2.5%) of the seven and one-half percent (7.5%) employee retirement contribution previously picked up by SFMTA.

Effective October 8, 2016, represented employees who became members of SFERS on or after July 1, 2011, shall receive a base wage increase of three and sixteen hundredths percent (3.16%) in exchange for their agreement to pay one half of the remaining employee retirement contribution being picked up by SFMTA on October 7, 2016.

Effective January 14, 2017, represented employees who are members of SFERS hired before July 1, 2011, shall receive a base wage increase of three and sixteen hundredths percent (3.16%) in exchange for their agreement to pay the final two and one-half percent (2.5%) remaining of the seven and one-half percent (7.5%) employee retirement contribution previously picked up by SFMTA.

Effective January 14, 2017, represented employees who became members of SFERS on or after July 1, 2011, shall receive a base wage increase of three and sixteen hundredths percent (3.16%) in exchange for their agreement to pay all of the remaining employee retirement contribution being picked up by SFMTA on January 13, 2017.

For the base hourly wage rates (top step) during the term of this Agreement, see Appendix C. For wage rates at other steps, see section 4.1.

51. Pursuant to San Francisco Administrative Code section 16.61-1 (4)(a), the Transport Workers Union Local 250-A elected, effective January 11, 1997 to place all employees covered by this agreement into a full retirement contribution status. The parties recognize that the implementation of full contribution rather than

reduced contribution is irrevocable.

52. To the extent the SFMTA continues to pick up any portion of the Operator's required contributions to SFERS as set forth above, such pickup of contributions shall not be considered as part of an employee's compensation for the purpose of computing straight time earnings, compensation for overtime worked, premium pay, or retirement benefits, nor shall such contributions be taken into account in determining the level of any other benefit which is a function of or percentage of salary.

Section 8.4 Insurance Plan

53. (a) A life insurance policy of \$50,000 with a permanent total disability benefit provision, subject to the conditions and provisions of said policy, shall be provided for all Operators with 5 years or more of - service, the full premium cost of which shall be paid for by SFMTA. For Operators with 1 year or more but with less than 5 years of service a similar policy of \$6,000 will be provided. Coverage shall be suspended for an Operator who has been off the payroll and been absent from service for a continuous period of twelve months.
54. (b) Job-Connected Incidents. SFMTA shall provide \$175,000 accidental death, dismemberment and loss of sight coverage for each Operator from the first date of employment. This accidental death, dismemberment and loss of sight policy shall be limited to injuries sustained during the course of a felonious assault on the Operator provided the injuries arise while the Operator is performing the duties of the Operator's occupation as assigned and authorized by SFMTA, or occurs during direct commutation to and from work by the Operator.

Section 8.5 Medical Exams

55. The SFMTA shall bear the entire cost of any physical examination to which an Operator is required to submit by requirements of the California Highway Patrol or of SFMTA, provided, however, that if the Operator agrees to the scheduled appointment and without prior notice which enables SFMTA, with no charge, to cancel the appointment or a reasonable excuse for an unavoidable failure, fails to keep the appointment, the cost of the missed examination shall be borne by the Operator.
56. Operators required to report to a physician designated by SFMTA for physical examination outside their tour of duty will be allowed pay at their regular rate of pay for three hours for each such visit provided they give to their dispatcher, at the first opportunity after the examination, written verification that such examination was held.
57. Operators shall be given written notice of a scheduled examination not less than 96

hours prior to the appointment. An Operator may be scheduled to fill a canceled appointment with less than 96 hours notice, but if such Operator misses the appointment, the Operator may not be charged for the missed appointment.

58. The standards for, conduct of, and appeals from required medical examinations are governed by the provisions of Civil Service Rule 416.

Section 8.6 Tuition Reimbursement

59. The SFMTA agrees to allocate forty thousand dollars (\$40,000) per each year of this agreement to the Tuition Reimbursement Program for the exclusive use of classifications represented hereunder. Operators in said classifications may not receive more than one thousand dollars (\$1,000) per fiscal year from this special allocation.
60. If any portion of said allocation remains unexpended on June 30th of any fiscal year it shall be carried over to the next fiscal year.
61. The Transport Workers Union Local 250-A shall be sent a quarterly report of the persons who have applied for tuition reimbursements, purpose of reimbursement, and monies allocated.

Eligibility.

62. Any regularly scheduled Full-Time or Part-Time Operator within the SFMTA service who has served a minimum of one (1) year of continuous service in any class immediately prior to receipt of application may apply for tuition reimbursement. Such reimbursement shall be for training courses pertaining to the duties of a higher classification or for the purpose of improving performance in the present classification when such courses are offered by an accredited educational institution.

Expenses.

63. The SFMTA will reimburse each eligible Operator up to \$500 annually for tuition, books, supplies, and other fees for such course if attendance has been approved in advance. The SFMTA will attempt to make such payment promptly upon the Operator's submission of proof of satisfactory completion of the course with a passing grade. If the course is not graded, or is not a credited course, an official transcript or other official document shall be deemed evidence of satisfactory completion.

Pre-Approval.

64. Application for reimbursement shall be prepared on a form provided by the SFMTA Human Resources Department. Courses require pre-approval by the SFMTA

Human Resources Department and the Appointing Officer (or designee), neither of which shall be unreasonably denied. Such application for tuition reimbursement shall be made prior to the date of enrollment in the course and, if approved by the SFMTA Human Resources Department and the Appointing Officer (or designee), reimbursement shall be subject to successful completion of the course. No reimbursement shall be made if the Operator is eligible to receive reimbursement for said tuition under a federal or State Veterans benefit program from other public funds.

Repayment.

65. If an Operator resigns from the City within two (2) years following completion of the training course, the amount of tuition reimbursement shall be repaid by the Operator to the SFMTA by cash payment or out of the Operator's last pay warrant or, if applicable retirement earnings.

Section 8.7 Dependent Care Reimbursement Account (DCAP)

66. The SFMTA shall continue to offer a flexible spending account for Dependent Care Reimbursement (DCAP) which allows employees to establish a "pre-tax" account to reimburse dependent care costs.

ARTICLE 9. HOLIDAYS

Section 9.1 List of Holidays

67. The following fourteen (14) days shall be considered paid holidays under the provisions, hereinafter set forth: New Year's Day, Martin Luther King, Jr.'s Birthday, President's Day, Memorial Day, Independence Day, Labor Day, the Second Monday in October (Indigenous Peoples and Italian American Heritage Day), Veteran's Day, Thanksgiving, the day after Thanksgiving Day, Christmas, Operator's Birthday and two (2) Floating Holidays which shall be bid pursuant to the procedures set forth in Section 9.9. In the event a legal holiday falls on a Saturday, the preceding Friday shall be observed as a holiday. Additionally, in the event a legal holiday falls on a Sunday, the following Monday shall be observed as a holiday.

Section 9.2 Holiday Pay When Not Assigned to Work

68. Each Operator who is not assigned to duty on a holiday listed above, shall be paid as follows: Eight (8) hours straight time.

Section 9.3 Holiday Pay When Assigned to Work

69. Operators assigned to work on any of such holidays will perform such assignments and will be paid as follows:

70. Operators who start their shift on December 31 and whose shift continues to January 1 shall be paid one and a half times their regular hourly pay rate for hours worked between 12:00 am – 4:00 am on January 1.
71. Operators who work on a holiday shall be paid the regular run pay and, in addition, shall receive a holiday pay computed as set forth in Section 9.2.
72. Operators who are assigned to duty on any of the foregoing holidays and who do not report for duty will not be paid for such holiday.
73. When a contract holiday falls within an Operator's vacation period or in the event an Operator's floating holiday coincides with any other holiday listed herein, such Operator shall receive holiday pay for each such holiday, computed as set forth in Section 9.2. Any Operator having an unused vacation day as a result of a holiday falling during the Operator's vacation period shall take the vacation day with pay at a time established pursuant to the procedures set forth in Section 9.7.
74. An Operator assigned to work on a holiday shall have the option of choosing an alternative day off with pay in lieu of holiday pay pursuant to the procedure set forth in Section 9.7. The Operator shall be paid regular run pay for the holiday worked and shall be paid the eight hours holiday pay on the alternative day off. Not more than three holidays may be so treated by an Operator in each fiscal year.

Section 9.4 Limitations on Eligibility for Holiday Pay

75. An Operator who has performed no work for SFMTA during a continuous period of thirty (30) calendar days or more immediately preceding a holiday, except for absence during paid vacation, shall not receive any pay for the holiday or be allowed another day off in lieu thereof. Operators who are on leave of absence or who are on the inactive list will not be paid for holidays occurring during their period of absence.

Section 9.5 Paid Status

76. An Operator shall not receive wages for a paid holiday unless the Operator reports for work on the Operator's last scheduled work day before the holiday and the first scheduled work day after the holiday, or is on a paid status on such days. Paid status includes an absence for which sick leave is paid or for an industrial accident or for an absence as a result of an assault.

Section 9.6 Work on Floating Holiday

77. An Operator shall not be required to work on that Operator's floating holidays.

Section 9.7 Maximum Operators Off On Same Day For Floating Holidays

78. Beginning on July 1, 2011, a maximum of three percent (3%) of the Operators in any division may take floating holidays on the same day unless, consistent with service needs, the Division Manager or Assistant Manager in their sole discretion determines that such limit may be exceeded. This three percent (3%) limit is contingent on SFMTA meeting the standard of ninety-eight and one-half percent (98.5%) of scheduled service being delivered. If SFMTA does not meet this standard for any quarter, then no more than one percent (1%) of the Operators in any division will be permitted to take floating holidays on the same day during the following quarter, and the limit shall remain at one percent (1%) until SFMTA meets the 98.5% standard. Once SFMTA achieves the 98.5% standard, the limit will return to 3% the following quarter.

Section 9.8 Other Paid Time Off

79. An Operator will be permitted to have a day off to meet personal needs subject to the following conditions:
- (a) The Operator shall use paid leave. In cases of a verifiable emergency, an Operator with no available paid leave may be permitted to take the day off without pay. For purposes of this section, "Paid leave" is defined as vacation, floating holidays and any days off available to the Operator under Section 9.3.
 - (b) A roster of those requesting days off shall be maintained by the Division Manager and the Transport Workers Union Local 250-A division chairperson, and days off will be permitted in order of request.
 - (c) Requests for the day off must be placed on the roster not less than 96 hours before the Operator's regular report time for the day requested off.
 - (d) The maximum number of days off per year permitted Operators for personal needs pursuant to this section is three.
 - (e) Up to four times a year, an Operator shall be permitted to use four hours of accrued paid leave: (1) for a medical or dentist appointment where the Operator provides the Division Manager or Assistant Manager with five days advance notice and written verification of the appointment (Operator may use paid sick leave); or (2) for a verifiable emergency, including family emergencies (as approved by the Division Manager or Assistant Manager).

ARTICLE 10. LEAVES OF ABSENCE

Section 10.1 Bereavement Leave

80. Three (3) days' leave with pay shall be allowed to each Operator for the death of the employee's spouse or domestic partner, parents, step parents, grandparents, parents-in-law, sibling, step child, adopted child, a child for whom the Operator has parenting responsibilities, aunt or uncle, legal guardian, or any person who is residing in the household of the Operator. Such leave shall not exceed three working days and shall be taken within 30 calendar days after the date of death.

Section 10.2 Leave without Pay for Bereavement

81. In addition to the three (3) paid days, an Operator may take up to two (2) days leave without pay for the reasons described in this section at the Operator's option. The Operator may request pay on these two (2) days be charged against the Operator's floating holiday or vacation.

Section 10.3 Jury Duty Leave

82. An Operator shall be provided leave with pay on a work day when the Operator serves jury duty, provided the Operator gives prior notice of the jury duty to the supervisor. Such pay shall be the same as if the Operator had worked in accordance with the Operator's regular schedule for such day.
83. Operators assigned to jury duty whose regular shifts are outside of court hours shall not be required to work those shifts when serving jury duty, provided the Operator gives prior notice of the jury duty to the supervisor.
84. To receive leave with pay for jury duty, Operators must (1) provide written proof of jury service from the court to verify actual appearance for each day of jury duty, and (2) decline any payment from the court for jury duty.
85. If an Operator is required to call in during the work day for possible midday jury duty, the Operator shall coordinate in advance with the Operator's supervisor about whether and when to report to work.

Section 10.4 State Disability Insurance

86. The payment of sick leave pursuant to Rule 420 of the Civil Service Commission

shall not be affected and shall be supplementary to payments from State Disability Insurance. An Operator entitled to SDI shall receive in addition thereto such portion of the Operator's accumulated sick leave with pay as will equal, but not exceed, the regular biweekly gross earnings of the Operator, including any regularly paid premiums. Such supplementary payments shall continue for the duration of the Operator's illness or disability or until sick leave with pay credited to the Operator is exhausted, whichever occurs first.

Section 10.5 State Unemployment Insurance Program

87. The SFMTA agrees to continue participating in the State Unemployment Insurance Program as long as applicable laws so require.

Section 10.6 Pregnancy and Parental Leave

88. SFMTA shall administer pregnancy and parental leave according to State, Federal, and Local law. An employee may contest a Pregnancy and Parental Leave decision through the grievance and arbitration procedures of this Agreement or through the applicable Civil Service Rules, the City Administrative Code and Federal and State law. Provided, however, if the employee, group of employees, or Union elects to pursue remedies for a pregnancy and parental leave decision outside the procedures of the Agreement, it shall constitute a waiver of the right to pursue that complaint through the grievance and arbitration process.
89. Union and the employee shall elect only one administrative remedy through the City and County of San Francisco. That election is irrevocable, provided that if the employee elects initially to use the grievance procedure of the MOU, then before advancing the grievance to arbitration, the employee and the Union must elect between the grievance procedure and other administrative remedies. If the employee elects to proceed with the grievance, that election constitutes a waiver of the right to pursue other City administrative remedies. If the employee elects to invoke another administrative remedy, the Union shall withdraw the grievance. In this situation, the City shall use the initial date of the grievance in determining the timelines of the administrative complaint. It is understood that this paragraph shall not foreclose nor prejudice the election by an affected employee of any administrative or statutory remedy provided by law.

Section 10.7 Childcare/Personal Leave Without Pay

90. An Operator will be granted childcare or personal leave without pay in accordance with the provisions of Civil Service Rules 420.33 and 420.20 if SFMTA determines that it will not interfere with the needs of the service.

Section 10.8 Domestic Partners

91. In all Articles of this MOU which provide rights or benefits for dependents of a transit Operator, the same shall be provided to a Domestic Partner consistent with existing law which may be subsequently amended.

Section 10.9 Sick Pay or Vacation Pay

92. Any Operator using sick pay or vacation pay credit shall be given the option of receiving either eight (8) hours pay or an amount equivalent to run pay from their sick or vacation credit. Sick leave without pay will be permitted only after all sick leave with pay has been exhausted.

Section 10.10 Industrial Accident Leave

Transport Workers Union Local 250-A Notification

93. Notice of the occurrence of an injury to any employee sustained in the course of employment shall be given to the Transport Workers Union Local 250-A as soon as knowledge of such an injury comes to SFMTA.

Industrial Injury Leave

94. An Operator who is absent because of an occupational or non- occupational disability and who is receiving Temporary Disability, Vocational Rehabilitation Maintenance Allowance, or State Disability Insurance, may request that the amount of disability indemnity payment be supplemented with salary to be charged against the Operator's accumulated unused sick leave with pay credit balance at the time of disability, or vacation, so as to equal the normal salary the Operator would have earned for the regular work schedule. An Operator who wishes not to supplement, or who wishes to supplement with vacation, must submit a written request to the appointing officer or designee within seven (7) calendar days following the first date of absence. Disability indemnity payments will be automatically supplemented with sick pay credits (if the Operator has sick pay credits and is eligible to use them) to provide up to the Operator's normal salary unless the Operator makes an alternative election as provided in this section. Operator supplementation of workers' compensation payment to equal the full salary the Operator would have earned for the regular work schedule in effect at the commencement of the workers compensation leave shall be drawn only from an Operator's paid leave credits including vacation, sick leave balance, or other paid leave as available. Pursuant to Civil Service Rule 420.24, an Operator returning from disability leave as defined by CSC Rule 420.24 will accrue sick leave and/or supplemental disability credits at an accelerated rate. Salary may be paid on regular time-rolls and charged against the Operator's sick leave with pay, or vacation credit balance during any period prior to the determination of eligibility for disability indemnity payment without requiring a signed option by the Operator. Sick leave with pay, or vacation credits shall be used to supplement disability indemnity pay in increments of at least one (1) hour. Notwithstanding

past practice, if an Operator is injured from an unavoidable collision accident or malfunction of MUNI equipment while operating MUNI equipment resulting in loss of time from work, the Operator shall suffer no loss of pay time on the day the injury occurs. In the event of such injury, the Operator shall be paid eight (8) hours time for each scheduled work day lost during the waiting period until workers compensation temporary disability benefits begin, and after the waiting period, the Operator shall receive from MUNI 60% of the difference between workers compensation temporary disability benefits and eight (8) hours time for each scheduled work day lost for a maximum of one (1) month of continuous absence each fiscal year, or through the end of the current sign-up period, whichever period is greater. An Operator may request to supplement the Operator's pay while on leave to be changed against the Operator's accumulated unused sick leave, or vacation. SFMTA shall continue to pay premiums at the amounts set forth in Article 8 for the Operator and the Operator's dependents until the end of the period in which the Operator receives workers compensation temporary disability benefits.

Section 10.11 – Incapacity as a Result of Criminal Violence

95. For informational purposes only: In accordance with Administrative Code section 16.170, Operators who are incapacitated from the performance of their duties by reason of bodily injury or illness received in the performance of their duties and caused by an act of criminal violence shall be entitled, regardless of the period of service with SFMTA, to disability benefits equal to and in lieu of their salary, while so disabled, for a period or periods not exceeding 12 months in the aggregate with respect to any one such injury or illness. The entitlement to this disability benefit shall be determined by the Civil Service Commission. See Civil Service Rule 420.15. This section shall not be subject to the grievance procedure.

ARTICLE 11. PART-TIME OPERATORS

Section 11.1 Part-Time Operator Definition

96. A Part-Time Operator is an Operator employed by SFMTA and regularly scheduled on a less than full-time basis. Upon qualification as a transit operator, such employee will serve a probationary period in accordance with Civil Service rules.

Section 11.2 Part-Time Operator Positions

In its sole discretion, SFMTA may create and fill Part-Time 9163 Operator positions to operate the following equipment: rubber tire or light rail vehicle. Part-

The probationary period of a Part-Time Operator filling a position from an eligible list shall be for a period of six (6) consecutive months of regularly scheduled service as defined by Civil Service Rule 417. The probationary period may be extended by mutual agreement between the SFMTA and the Operator. The Rule, which is not subject to the grievance process, is attached as Appendix C to this MOU, for information only. The probationary period for other types of appointments, such as displacement (“bumping”) or transfers, shall be 520 hours. The probationary period may be extended by mutual agreement between the SFMTA and the Operator.

Section 11.4 Recognition

98. The Transport Workers Union Local 250-A is recognized as the employee representative for all Part-Time Operators. All of the terms and conditions of employment applying to Full- Time Operators shall apply to Part-Time Operators except as may be specifically set forth in this Agreement.

Section 11.5 Number of Part-Time Operators

99. SFMTA asserts that the subject of establishing a cap, a percentage, or any limitation on the number of Part-Time Operators SFMTA may employ is outside the scope of bargaining, and SFMTA is not required by law to negotiate or participate in the impasse procedure/interest arbitration about this subject. The Transport Workers Union Local 250-A asserts that the subject of establishing such a limitation on the number of Part-Time Operators is within the scope of bargaining.
100. For the purpose of reaching an agreement on a comprehensive collective bargaining agreement for the period from July 1, 2014 through June 30, 2017, SFMTA agrees to limit the number of Part-Time Operators employed or budgeted to no more than fifteen (15%) percent of the number of budgeted FTE Operator positions.

Section 11.6 Established Work Week

101. A Part-Time Operator’s individual workweek shall be the schedule assigned to that Operator and shall be within the established workweek for Part-Time Operators.

102. The established workweek for Part-Time Operators shall begin at 12:00 AM on Saturday and end at 11:59 PM on Friday.

Section 11.7 Minimum and Maximum Hours Of Work

103. If regularly scheduled to work or authorized to work by an SFMTA authorized representative, each Part-Time Operator shall be guaranteed a minimum of three and one-half (3.5) hours work.

Each Part-Time Operator shall be scheduled to work no more than seven (7) hours operating a revenue service vehicle per workday and twenty eight (28) hours per workweek, except during training. To meet service needs, a Part Time Operator may accept additional hours of work for which the Operator is not regularly scheduled. Nothing in this section shall interfere with a Part-Time Operator's completion of any run, performance of unscheduled driving, work on weekends or for special events, provided that the total hours worked does not extend beyond twenty eight (28) hours per week, except during training.

Section 11.8 Benefits for Part-Time Operators

104. Part-Time Operators shall be entitled to the benefits provided in Article 8 of this Agreement.

Section 11.9 Part-Time Dental, Vision, and Flexible Spending Plans

105. Part-Time Operators shall be eligible to enroll in the City's Health Service System and may participate in flexible spending account programs to the same extent as Full-time Operators.

Section 11.10 Part-Time Holidays

106. Part-Time employees, including employees on a reduced work week schedule, who regularly work a minimum of twenty (20) hours in a bi-weekly pay period shall be entitled to holidays as provided herein on a proportionate basis.

Section 11.11 Part-Time Uniforms

107. Section 4.5.2, Uniforms, Shoes, and Equipment, shall apply to Part-Time Operators. The Shoes and Uniform Maintenance Allowance in Section 4.5.2 shall be provided to Part-Time Operators on the same basis as Full-Time Operators pursuant to Section 4.3.

Section 11.12 Transit Passes

108. Part-Time Operators shall be eligible for transit passes on the same basis as Full-Time Operators pursuant to Section 4.3.
109. In the event a Part-Time Operator needs a replacement identification card, SFMTA shall charge the Part-Time Operator a ten-dollar (\$10) fee to replace the identification card. SFMTA may waive the fee if the Part-Time Operator produces verifiable proof satisfactory to the SFMTA that the loss or destruction was beyond the Part-Time Operator's control.
110. Failure to properly display identification or any attempt to misuse this privilege will be cause for refused entry into the system, revocation of privilege and/or disciplinary action. Pass privileges will be revoked when a Part-Time Operator ceases to be employed in active status.

Section 11.13 Part-Time Choice of Shifts/Sign Up

111. Part-Time Operator shift assignments shall be posted to show reporting and ending location, starting and ending time for any weekend split-time- run, and regular days off (RDO). Part-Time and Full-time Operator assignments shall be posted separately and separate bids shall be conducted for each.

(b) The JSC will have jurisdiction to review Operator-involved accidents that have been determined to be preventable by a Transit Safety Professional ("TSP") or by the Operator's Division Safety Instructor as set forth in Section 19.9 Collision and/or Incident Procedure, and for which discipline has been initiated and grieved. The review will take place between steps 2 and 3 of the grievance process and must be based on the standards set forth in Section 19.9 Collision and/or Incident Procedure. The JSC will be provided with all documents and video relevant to the initial determination, including but not limited to witness statements. The JSC may issue a report of its findings and conclusions as to whether the accident was correctly classified as preventable. The report will be admissible, but not binding, in any subsequent grievance or arbitration proceedings related to the accident. The JSC does not have authority to make any findings or recommendations as to the disciplinary consequences of the accident.
197. (c) The parties will meet before July 1, 2019 to select one neutral chairperson for JSC accident determinations with expertise in bus transportation and safety, and one with expertise in rail transportation and safety. Each neutral must agree to serve an initial one year term and to be available as required by this Section 17.2. These conditions are subject to mutual modification by the parties. Any such agreed upon modification will be memorialized in writing and signed by authorized representatives of the parties.

Section 17.3 Joint Study Committee on Workers Compensation

198. SFMTA and the Transport Workers Union Local 250-A shall establish a committee to review the SFMTA's procedures for handling and resolving workers' compensation claims and make recommendations for their improvement. This committee shall begin meeting upon the request of either party. If the parties mutually agree, this MOU may be reopened during its term for the sole purpose of negotiating over any changes to the workers' compensation system recommended by the committee. Issues negotiated during any such reopener shall not be subject to interest arbitration.

ARTICLE 18. RULES AND POLICIES

199. It is the intent of SFMTA management during the course of this contract to update the rules and policies. The current rules and policies will be reviewed and updated and rewritten as appropriate, and shall not modify or violate any terms of this MOU. The proposals will be given to the Transport Workers Union Local 250-A and meet and confer sessions shall be held as to all rules that significantly affect terms and conditions of employment.
200. In an emergency, SFMTA management may give immediate effect to a rule or policy if it determines that immediate imposition is necessary for the safety of passengers or Operators or the operational sufficiency of the system. The time period for which the emergency is in force will be indicated on the order announcing the emergency rule or policy. An emergency rule or policy may not remain in force for longer than 30 days unless SFMTA has given notice and opportunity to bargain and the Transport Workers Union Local 250-A has either failed to request bargaining or the Transport Workers Union Local 250-A has refused to participate in negotiations.

ARTICLE 19. DISCIPLINE

Section 19.1 Standards for Discipline

Permanent Operators

201. SFMTA's Executive Director/CEO or designee may discipline any non-probationary permanent Operator for just cause. In imposing discipline, SFMTA shall act in a fair and equitable manner. Discipline imposed shall be related to the offense committed with due regard for the Operator's employment record.

Probationary Operators

202. The Executive Director/CEO or designee may release or discipline an Operator during the Operator's probationary period without cause, and such decisions

shall not be subject to the grievance procedure in Article 22.

Section 19.2 Right to View Photographs and Video

203. Before SFMTA makes a decision to suspend or terminate an Operator as a result of a Customer Service Complaint, Drivecam video, or other video submitted as part of a Customer Service Complaint, the Division Manager or Assistant Manager shall offer the Operator an opportunity to watch the video or photos provided by the complainant and watch the Drivecam Video. In addition, the parties acknowledge that SFMTA has provided the Transport Workers Union Local 250-A with an access number or password to Drivecam video, and the Transport Workers Union Local 250-A may watch Drivecam video without waiting for a meeting with the Division Manager or Assistant Manager

Section 19.3 Timelines for Discipline and Disciplinary Grievance Arbitration

204. The timelines provided for discipline and grievances may be extended by mutual agreement of the Transport Workers Union Local 250-A and SFMTA, which agreement shall not be unreasonably denied. The reasonableness of any denial by either the Transport Workers Union Local 250-A or SFMTA of a request for an extension of a timeline in Article 19 and Article 22 shall be an issue for determination at arbitration. Any period of time when the Operator is on sick leave, vacation, workers comp leave or is on any other official leave shall be excluded from the calculation of the applicable number of working days after knowledge of the event, conduct, or occurrence.

Section 19.4 Definition of Discipline And Progressive Discipline

Disciplinary Suspension or Discharge

205. "Discipline" shall be defined to include disciplinary suspension without pay, or discharge. Changes in assignment and reassignments made for the purpose of improving service or addressing performance problems shall not constitute discipline and shall not be subject to the grievance procedure in Article 22.

Warnings and Written Reprimands

206. Oral or written warnings, including caution and reinstruction, and written reprimands shall constitute elements of progressive discipline, but shall not be subject to the grievance procedures in Article 22. If an Operator submits a written rebuttal within thirty (30) working days from the date of the written reprimand or warning to the Office of Human Resources, SFMTA shall attach the Operator's written rebuttal to any written reprimand or warning and shall place both the written reprimand or warning and the rebuttal in the Operator's

official personnel file. If any written reprimand, caution and reinstruction, performance evaluation, oral or written warning is submitted in evidence in any disciplinary or grievance proceeding, the Operator's rebuttal shall be submitted at the same time, and all issues relating to the written reprimand, caution and reinstruction, performance evaluation, oral or written warning, or the Operator's rebuttal may be argued in that proceeding without regard to the time elapsed since the written reprimand, caution and reinstruction, performance evaluation, oral or written warning or Operator's rebuttal was issued.

Performance Evaluations

207. Performance evaluations shall not constitute discipline and shall not be subject to the grievance procedure in Article 22. If an Operator submits a written rebuttal within thirty (30) working days from the date of the performance evaluation to the Office of Human Resources, SFMTA shall attach the written rebuttal to the unfavorable performance evaluation and shall place both the performance evaluation and the written rebuttal in the Operator's official personnel file.

Progressive Discipline

208. For most offenses, SFMTA will use a system of progressive discipline under which the Operator will be given increasingly more severe discipline. A common pattern might include oral warning, written warning, suspension, and finally, discharge for cause.
209. Progressive discipline need not apply in cases of severe misconduct including but not limited to reporting to work or operating a SFMTA transit vehicle or equipment while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, the unlawful use or possession of a drug or alcoholic beverage, mishandling of funds, vicious conduct, or serious willful abuse of SFMTA equipment.

Section 19.5 Initiation of Discipline

210. SFMTA shall initiate discipline no later than twenty-eight (28) working days after SFMTA has knowledge of the event, conduct, or occurrence on which the discipline is based. This timeline shall be extended in cases involving any of the following: (1) investigations of multiple employees; (2) law enforcement response or reports; (3) temporary unavailability of a witness; (4) language barriers; (5) accidents subject to determination by the TSP; (6) EEO matters; (7) investigations conducted by non-SFMTA personnel; (8) any other case in which SFMTA and the Transport Workers Union Local 250- A mutually agree.

Section 19.6 Pre-Discipline Due Process Rights

211. Notice Of Proposed Disciplinary Suspension or Discharge

SFMTA shall initiate discipline by giving the Operator and the Transport Workers Union Local 250-A a preliminary written notice of the proposed disciplinary suspension or discharge.

212. The written pre-discipline notice must contain a specific statement of charges or grounds upon which the proposed disciplinary action is based, the date the proposed disciplinary action would be effective, the scheduled date for the Pre-Discipline Skelly Meeting, which shall be no more than seven (7) working days after SFMTA initiates discipline as described in Section 19.5. If SFMTA alleges that the Operator violated a rule, policy, regulation, or procedure that has been adopted in writing, the rule, policy, regulation or procedure shall be stated in the notice.

213. SFMTA shall attach to the preliminary written notice the written materials, reports or documentation, including any public complaints with complainant's contact information redacted, upon which the proposed disciplinary action is based.

214. The notice shall be served on the Operator personally or by certified mail, return receipt requested, at the Operator's address on file with SFMTA.

Pre-Discipline Skelly Meeting

215. Prior to discipline being imposed, the Operator shall have the right to respond either orally or in writing at the scheduled Skelly meeting. The purpose of the meeting shall be to permit the Operator to respond to the charges against the Operator, to offer information regarding the proposed disciplinary action, and to examine the materials, if any, on which the proposed action is based. Specifically, during the Skelly meeting, the Operator shall have the following rights:

- A notice of the proposed action;
- The reasons for the proposed discipline;
- A copy of the charges and the materials upon which the action is based; and
- The right to respond, either orally or in writing, to the authority initially bringing charges.
- The right to have a union representative present.

Post Skelly Meeting

216. SFMTA shall consider the Operator's response and notify the Operator of the decision no more than seven (7) working days after the Skelly meeting.

Section 19.7 Implementation of Discipline

217. SFMTA shall implement discipline upon completion of Step 2 of the grievance procedure in Article 22 or, if no grievance is initiated within that time, five (5) working days after the post-Skelly Meeting notice.
218. In cases of an Operator reporting to work or operating a SFMTA transit vehicle or equipment while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, the unlawful use or possession of a drug or alcoholic beverage, mishandling of funds, vicious conduct, or serious willful abuse of SFMTA equipment, the discipline shall be implemented immediately upon the service of the post-Skelly Meeting notice.
219. Where an Operator is subject to a disciplinary suspension, the Operator will have the option to serve the suspension through a temporary reduction in pay. An Operator's pay may be reduced up to 20% for sufficient time to result in a loss of pay equivalent to the pay that would have been lost during the suspension, had it been served, provided that in no event shall a reduction in pay have the effect of reducing an Operator's pay below any rate required by law. The reduction in pay option shall apply to any number of days of suspension.

Section 19.8 Customer Service Complaints

220. The Division Manager or Assistant Manager or designee will review customer service complaints and determine which ones warrant further investigation. If the customer service complaint ("CSC") lacks merit, the Division Manager or Assistant Manager shall not conduct any further investigation. Customer service complaints involving prohibited discrimination or access rights shall not be subject to the provisions of this section.
221. The Division Manager or Assistant Manager will meet periodically with the TWU Local 250A Chairperson to review customer service complaints and identify and resolve issues related to such complaints.
222. If the Division Manager or Assistant Manager determines that a customer service complaint may have merit and an investigation is necessary, the Division Manager or Assistant Manager or designee will discuss the CSC with the TWU Local 250A Division Chairperson. The Division Manager or Assistant Manager will not proceed with the investigation until such meeting has been held. However, if the Division Chair Person fails to respond to a request to schedule a meeting within a reasonable time, or fails to attend a scheduled meeting, the investigation will proceed. As one element of any investigation of a customer service complaint, the Division Manager or Assistant Manager shall

schedule a telephone conference with the complainant and shall offer the Operator and the TWU Local 250A Chairperson the opportunity to listen and submit suggested questions to the Division Manager or Assistant Manager while the Division Manager or Assistant Manager asks the complainant questions.

223. Every effort will be made to resolve customer complaints at the Transit Operating Division level.

Section 19.9 Collision and/or Incidents Procedure

224. The procedure described in this Section 19.9 shall apply only to investigations and discipline based on Operator collisions and/or incidents. For the purpose of this Section 19.9, an incident shall mean “injury to persons or damage to property directly related to the operation of a vehicle, but not caused by a collision.”

Investigation of A Collision And/Or Incident

225. In the event an Operator is involved in a collision or incident, SFMTA’s Chief Safety Officer shall assign a skilled Transit Safety Professional to investigate. SFMTA’s Chief Safety Officer shall assign at least one skilled Transit Safety Professional (“TSP”) to each of the following: (a) Motor Coach, (b) Trolley Coach, and (3) Rail. The assigned TSP shall rate each collision and incident as preventable or non-preventable. The TSP’s determination as to whether the collision or incident is preventable or non-preventable shall be subject to review under the procedure set forth in Section 17.2.

Definition of Preventable or Non-Preventable

226. SFMTA shall classify the collision or incident as preventable or non-preventable by applying the National Safety Council’s Safe Driver Award Program definition in effect on July 1, 2011. The National Safety Council Safe Driver Award Program defines a preventable collision or incident as one that “results in property damage and/or personal injury, regardless of who was injured, what property was damaged, to what extent, or where it occurred, in which the driver in question failed to exercise every reasonable precaution to prevent it.”

Definition of Major and Minor Accidents

227. Major accidents include, but are not limited to, collisions and incidents involving fatalities, pedestrians, injuries resulting in transport to a hospital, property damage greater than \$15,000, and those involving a violation of traffic laws or SFMTA safety rules.
228. Minor accidents include, but are not limited to, collisions and incidents involving damage to property of \$15,000 or less and minor injuries.

Procedure for Minor Accidents

229. 1. The assigned TSP will grade the accident as preventable or non-preventable.
230. 2. If the minor accident is graded preventable, the TSP will review the Operator's driving record using a rolling twelve (12) month period from the date of the current accident. If the Operator has no other preventable accidents during that period, the current accident will be referred to the Division Manager or Assistant Manager.
231. 3. The Division Manager or Assistant Manager, in the presence of a Chairperson, will review the accident with the Operator. The Division Manager or Assistant Manager may change the original grading based upon information the Operator or the Transport Workers Union Local 250-A provides at the review. If the accident is deemed preventable at the conclusion of the review, no discipline will be attached to that minor accident.
232. 4. If the Operator has no other preventable accident in the twelve (12) month rolling period preceding the current accident, the Division Manager or Assistant Manager will determine whether this review is sufficient to assist the Operator in preventing future accidents.
233. 5. If the Division Manager or Assistant Manager determines that retraining is necessary, the Operator will be sent for retraining. SFMTA will determine the extent and content of the training.
234. 6. The decision of the Division Manager or Assistant Manager for minor accidents not referred for discipline is not subject to further review.
235. 7. If the Operator has one or more preventable accidents in the twelve (12) month period preceding the current accident, the current accident will be graded by the TSP, who will determine if the accident is preventable or non-preventable.
236. If the TSP determines the accident was preventable, the accident will then be referred to the Chief Safety Officer for review. If the Chief Safety Officer upholds the determination of preventability, the Division Manager or Assistant Manager, in the presence of a Transport Workers Union Local 250-A Chair, will review the accident. If the Division Manager or Assistant Manager

determines that discipline is appropriate, the matter will proceed through the discipline process.

Procedure For Major Accidents

237. 1. For major accidents, the assigned TSP will grade the accident as preventable or non-preventable.
238. 2. If the accident is graded preventable, the Division Manager or Assistant Manager in the presence of a Transport Workers Union Local 250-A Chair, will review the accident.

Initiation Of Discipline Based On Collision Or Incident

239. If the Division Manager or Assistant Manager determines that discipline is appropriate, the Division Manager or Assistant Manager shall initiate discipline by giving the Operator and the Transport Workers Union Local 250-A a preliminary written notice of the proposed disciplinary suspension or discharge and scheduling a Skelly meeting. The Hearing Officer for the Skelly Meeting shall be a Division Manager or Assistant Manager or designee from a division other than the division at which the Operator is assigned. If the Operator does not agree with the Skelly Officer's decision, the Operator may appeal the discipline by filing a disciplinary grievance at Step 2 (labor relations) of the grievance procedure in Article 22.

Section 19.10 Appeals of Suspensions and Disciplinary Discharge Through the Grievance Procedure

240. Permanent employees who have satisfactorily completed the probationary period may grieve suspensions and disciplinary discharges using the grievance procedures in Article 22.

Section 19.11 Personnel Files

241. An Operator shall have the right to review any material of a derogatory nature before it is placed in the Operator's personnel file. If the Operator submits a written rebuttal within thirty (30) working days from the date of SFMTA management gives the Operator the material. SFMTA shall attach the Operator's written rebuttal to the derogatory material and have those comments attached to derogatory material in the personnel file.
242. An Operator, or a Transport Workers Union Local 250-A representative with the Operator's written authorization, shall have the right to examine and/or to obtain copies of materials in the Operator's personnel file. The Operator shall make an advance appointment with the SFMTA Human Resources office to examine the file.

243. If material of a derogatory nature from any source, including a Customer Service Complaint or any other investigation, is found not to relate to a particular Operator (i.e. involves mistaken identity) the material shall not be placed in or shall be removed from the Operator's personnel file.
244. Only one (1) official personnel file shall be maintained on any represented employee. The official personnel file shall be located at the SFMTA Human Resources Division.

386. A number of active 9163 positions will be set aside by the SFMTA Executive/CEO or designee and shall be designated transitional work
387. Any employee who is medically certified and qualified for any one of the designated positions must be able to perform the job or be trained to perform the job within five (5) days or less.
388. Employees will be assigned to these positions on a first-come, first-serve basis. If two or more requests are made on the same date, seniority shall prevail.
389. Preference shall be given to:
- a. Employees returning from industrial injury and released for transitional work;

392. The positions that will be designated Light duty shall be at the discretion of the SFMTA Executive Director/CEO or designee.

ARTICLE 28. NO STRIKE CLAUSE

The SFMTA reserves the right to take any action necessary to comply therewith.

395. A reasonable accommodation decision is appealable through the applicable Civil Service Rules, the City Administrative Code and federal and state law. If the employee elects to proceed with the grievance, that election constitutes a waiver of the right to pursue other City administrative remedies. If the employee elects to invoke another administrative remedy, the Union shall withdraw the grievance. In this situation, the City shall use the initial date of the grievance in determining

the timeliness of the administrative complaint. It is understood that this paragraph shall not foreclose nor prejudice the election by an affected employee of any administrative or statutory remedy provided by law.

396. The SFMTA agrees to provide notice to the Transport Workers Union Local 250-A prior to taking an action required by the provisions of the ADA that is in conflict with the provisions of this MOU, and, to meet and confer with the Transport Workers Union Local 250-A on request.

APPENDIX A - PRIVATIZATION

August 1, 1986 - PRIVATIZATION

This section acknowledges the Public Utilities Commission policy regarding privatization of Municipal Railway transit service adopted in Resolution 86-0103 March 25, 1986 is as follows:

The Public Utilities Commission reaffirms its commitment to maintain the most cost effective means of providing transportation and transportation related services, specifically to include fair and adequate consideration of the private enterprise providers' role therein.

The Public Utilities Commission continues the policy of seeking and considering the widest possible range of public input and comment, especially from private sector providers, in the planning and decision making process.

In furtherance of these goals, the Public Utilities Commission hereby directs the staff to:

- a. Further develop a model of the "full costs" of transportation and transportation related services now being provided by the Municipal Railway in order to provide an improved method of making valid cost comparisons between the costs of Municipal Railway provided services and the costs of providing these services through private sector providers who have the capability of doing so.
- b. Review the process of soliciting private sector input into the planning and decision making of the Public Utilities Commission with respect to the Municipal Railway and to eliminate any constraints to such input as may exist.
- c. Establish, with the approval of the commission, a fair and effective means of resolving the complaints of any private sector provider who believes that private sector opportunities to reduce cost while maintaining service levels and fare structures have not been fairly or adequately considered by the Public Utilities Commission or staff.

The Commission has at various times executed 13 (c) agreements in connection with UMTA grants. The Commission will adhere to the terms of such agreements, including terms relating to the rights of employees and their Transport Workers Union Local 250-A, which may be involved in the process of considering the privatization of Municipal Railway transit service. Local 250A will be informed whenever an issue involving 13 (c) agreements of which it is a party is under active review.
