CONSTRUCTION WORK AND OTHER UPDATES *continued*

**UPDATE: Townsend Corridor Improvement Project**

Muni customers, pedestrians, people on bicycles, drivers and other road users should be aware that construction is occurring at the intersection of Townsend and 4<sup>th</sup> streets next to the Caltrain station. It will require pedestrians extra time to cross between the Caltrain Station and Muni stops on the opposite side of 4<sup>th</sup> Street as access to the southernmost crosswalk requires a short detour. Please follow signs.

Stops for the following routes are now located on the new boarding island mid-block on Townsend Street between 4<sup>th</sup> and 5<sup>th</sup> streets:

- 10 Townsend
- 47 Van Ness
- 83X Mid-Market Express
- 30 Stockton (drop off only)
- 45 Union/Stockton (drop off only)

Note that riders on bicycles, scooters and other two-wheeled vehicles are not permitted on the boarding island, but must share the travel lane.

Road users should observe signs. For updated Muni routes visit [www.sfmta.com/townsend](http://www.sfmta.com/townsend).

Temporary passenger loading zones for private cars, ride hail, paratransit, private shuttles and other vehicles are now located on both sides of Townsend Street mid-block between 3<sup>rd</sup> and 4<sup>th</sup> streets. Taxi pick up and drop off is temporarily located on 4<sup>th</sup> Street at the entrance to the Caltrain Station.

For more information about this project, visit: [www.sfmta.com/townsend](http://www.sfmta.com/townsend).

Access for people walking, biking, and driving will be maintained during construction both at the Caltrain station and throughout the Townsend corridor. Signs on location will be regularly updated while crews work on the projects in sections throughout the corridor. Construction will generally occur between 7 a.m. and 4 p.m., Monday through Friday with some night and weekend work.
