### **Reinstating of Enforcement of Street Sweeping**

As of Monday, June 15, the SFMTA resumed enforcement of parking violations related to [street sweeping](#). Enforcement was previously temporarily suspended in coordination with the original Shelter in Place orders. Now that more activities are reopening in the city, enforcement will allow the mechanical street sweepers more access to the curbs to better clean our streets. Residents should refer to posted signs and move their cars during designated street sweeping times. As a reminder, once the street sweeping truck has swept the curbside, you may park your vehicle there, even if the posted sweeping hours have not expired.

### **Muni Service Adjustments During the COVID-19 Shelter-In-Place Order**

During the rapidly changing environment caused by COVID-19, the SFMTA has been continuing with reduced service adjustment to Muni service in order to focus our limited resources to the busiest lines and those that most critically serve essential trips. The Core network allows Muni to continue to serve San Francisco's medical facilities and focuses on equity to ensure service for our customers most reliant on transit. The frequency of buses varies by line so that lines experiencing some crowding will have more frequent service than others.

The SFMTA also improved service frequencies by one to two minutes on the following lines to help address crowding and allow for better physical distancing: **1) L Bus; 2) T Bus; and 3) 14R Mission Rapid.**

### **Essential Trip Card Discount Program**

To assist people with disabilities and older adults with making essential trips under Muni's temporary transit changes, the SFMTA recently launched the [Essential Trip Card](#) (ETC) Program to address this need. This is a temporary special program that provides two to three round trips at an 80% discount per month, i.e. rider pays \$6 to receive a value of \$30 or pays \$12 to receive a \$60 value. The discount is limited to a value of \$60 taxi service per month per customer.

**To qualify for the program: customer must be either age 65 or older or an adult with disabilities.** Eligible adults may apply for the ETC program by calling 311 and mentioning the program. Staff will be available between 9 a.m. and 4:45 p.m., Monday through Friday. Visit <https://www.sfmta.com/etc> for additional details and for a list of San Francisco taxi companies, visit <https://www.sfmta.com/taxi/directory>.

**SFMTA's pre-existing Shop-a-Round program that offers registered seniors and people with disabilities personalized assistance and rides to and from grocery stores and farmers markets is still available and will continue post public health order.** For more information, visit <https://www.sfparatransit.com/shop-a-round>.

### **Slow Streets Program Update**

On some lower-traffic residential streets, through traffic is being limited to prioritize walking or biking and to provide more space for social distancing during essential travel. Sometimes it is difficult to maintain social distance, especially outside of grocery stores and other essential services. Because of this, many pedestrians are choosing to walk in the street, exposing themselves to vehicle traffic. The SFMTA is implementing the Slow Streets program to allow roadways to be used more as a shared space for foot, bicycle and wheelchair traffic, taking advantage of low vehicle numbers on some roads.

- Streets are not closed completely and local vehicle access is allowed (e.g., driveway access for residents).
- Slow streets are shared streets, all users must give way to others as appropriate. People walking/running/biking do not have exclusive right-of-way over motor vehicles.
- Once installed, Slow Streets corridors will be in effect 24/7.
