19th Avenue Stop Changes

Starting Saturday, Oct. 17, as a part of the 19th Avenue Combined City Project, **the SFMTA will remove eight closely spaced stops on 19th Avenue between Irving Street and Ocean Avenue** to improve transit reliability.

As part of Muni Forward, the SFMTA will implement transit priority and pedestrian safety improvements along 19th Avenue that will make it safer to walk, increase the reliability of transit service, and enhance the customer experience—on and off the bus. This project includes sidewalk widening at bus stops (“transit bulbs”) as well as optimizing and consolidating bus stops to make stop spacing more even, which will help make Muni service more reliable. The project will also widen the sidewalk at corners (a treatment known as “pedestrian bulbs”) along 19th Avenue to support pedestrian safety.
