SLOW STREETS IN THE OUTER MISSION: OUTREACH SUMMARY

About Slow Streets and Phase 4 Outreach

The Slow Streets team began outreach activities in early November 2020 to gather community feedback on additional Slow Streets throughout San Francisco. The seven focus neighborhoods from this phase of the Slow Streets program are areas where the team had not heard a lot of community feedback in previous phases. This phase of the program focused on ensuring that Slow Streets could reach underserved communities to create an accessible citywide network.

During the outreach process, the team initiated a number of outreach activities to disseminate information about the program and to promote the proposal of corridors in each neighborhood that was recommended to become a Slow Street. Here is a summary of the activities completed:

- Launched a neighborhood specific survey to gather community feedback on proposed Slow Streets in the Outer Mission
- Held four virtual office hours to talk to members of the community
- Engaged with neighborhood and community group representatives to discuss Slow Streets
- Mailed postcards to residents located along a proposed Slow Street
- Posted posters along the proposed corridors and at key community points of interest
- Worked with District Supervisor's offices to promote the proposal

Summary of Feedback

During the outreach process, a survey was launched to gather community feedback on our Slow Streets in the Outer Mission. **Below is a summary of what we heard from the community:**
