### ***Street Closures***

To accommodate events that will take place at the ballpark, the following street closures will be enforced:

- Two and a half hours before the opening pitch, the SFMTA will close eastbound King Street between 3<sup>rd</sup> and 2<sup>nd</sup> streets to vehicle traffic. King Street will reopen after first pitch until the seventh inning.
- From the seventh inning until post-game traffic dies down, the SFMTA will again close eastbound King Street between 3<sup>rd</sup> and 2<sup>nd</sup> streets to vehicle traffic in order to reduce congestion on city streets.
- Additionally, the northbound portion of the 4th Street Bridge (Peter R. Maloney Bridge) will be closed to all traffic except Muni, taxis and bicycles during the post-game period.

### ***Taxi Stands***

- 2<sup>nd</sup> Street, west side, between Brannan and King Streets
- 2<sup>nd</sup> Street, east side, between Townsend and King Streets
- 3<sup>rd</sup> Street, east side, north of King Street

### ***Special Event Parking Rates***

During baseball games and other major events with more than 10,000 expected attendees at the Oracle Park, **parking meters close to the ballpark will charge a special event rate of \$9 per hour.** These rates help reduce congestion and keep parking spots available in the neighborhoods near the ballpark, discouraging circling for free or cheap parking. Start times for special event rates vary based on the start time of the event. More information on special event parking regulations can be found on [www.sfmta.com/special-event-parking](http://www.sfmta.com/special-event-parking).

For additional details and about transportation to ballpark, visit [www.sfmta.com/oracle-park](http://www.sfmta.com/oracle-park). For more event details, visit [www.mlb.com](http://www.mlb.com).

**UPDATE: L Taraval Improvement Project—Segment B**

The L Taraval Improvement project continues construction along Segment B replacing and repairing the infrastructure along the L Taraval line between Sunset Boulevard and 15<sup>th</sup> Avenue, and on Ulloa Street near West Portal.

The rail tracks west of the intersection of Ulloa and Madrone streets have been taken offline to complete construction. Work needs to be performed during construction to facilitate the reconstruction of the water and sewer mains as well as replace the tracks and overhead lines. The L Bus now runs between West Portal and the SF Zoo. Customer can transfer to a train at West Portal Station to travel downtown.

The upgraded sewer and water lines, permanent boarding islands and increased accessibility will make riding safer and more reliable.

The current construction phase is focused on replacing water and sewer lines. Construction is scheduled to take place from 8 a.m. to 5 p.m., Monday through Friday.

For additional project details, visit [SFMTA.com/LTaraval Project](http://SFMTA.com/LTaraval Project). For project updates of work from Monday, Aug. 29 through Saturday, Sept. 10, visit [www.sfmta.com/L-Taraval Improvement Project](http://www.sfmta.com/L-Taraval Improvement Project).

### ONGOING: 19th Avenue (CA Route 1) Combined City Project *continued*

As part of the [19th Avenue Combined City Project](#), the SFMTA will implement transit priority and safety improvements for people walking along 19th Avenue. The improvements will make it safer to walk, remove stops to make transit service more reliable, and enhance customers' experiences—on and off the bus.

To improve safety along 19<sup>th</sup> Avenue, the SFMTA will: **1)** install pedestrian bulbs at 19 intersections and transit bulbs at 13 intersections; **2)** modify traffic and pedestrian signals to give people who walk more time to cross the street; and **3)** extend the bus zone at one intersection. Installing transit bulbs allow Muni vehicles to stop for passengers without having to pull out of traffic, and pedestrian bulbs increase the visibility at intersections of people who walk.

As part of the project, seven Muni stops were removed on 19th Avenue between Irving Street and Ocean Avenue last October. **The following Muni routes have been affected with the stop removal:**

- **28 19th Avenue**
- **91 3rd Street/19th Avenue Owl**

To find additional information about the transit reliability and pedestrian safety components, visit [sfmta.com/28Rapid](https://sfmta.com/28Rapid). For overall project information, visit [sfpublicworks.org/19th-Avenue](https://sfpublicworks.org/19th-Avenue).

### **ONGOING: Castro Westbound Platform Elevator Closed for Upgrades**

The rehabilitation on the westbound platform elevator at Muni Castro Station has begun and will continue for about six months. During this time, the elevator will be closed for upgrades.

The Castro elevator is the eighth of 12 being rehabilitated systemwide as part of the [Muni Elevator Improvement Project](#). The project will greatly improve accessibility and convenience, especially for wheelchair users, seniors, and others with disabilities who benefit from elevator access.
