Traffic lanes on Van Ness Avenue have been shifted to create two construction zones for upcoming utility work. ### **ONGOING: Construction of Mission Bay Loop**

**Now until Further Notice:** The SFMTA has resumed construction on 18<sup>th</sup>, 19<sup>th</sup> and Illinois streets, the project is expected to be completed in early 2018.

The Mission Bay Loop is a key component for San Francisco's T Third rail line and is critical to operating the T Third Central Subway service plan. The loop provides turn-around capabilities for the T Third Street light rail line via a connection of trackway from 3<sup>rd</sup> Street to 18<sup>th</sup>, Illinois and 19<sup>th</sup> streets, which will allow the SFMTA to operate the necessary service levels needed to support current and planned growth within the eastern portion of San Francisco.

Traffic, including travelling by bike, may be affected by the construction work. All work areas will be clearly marked and there will be flaggers to help direct traffic. Traveling around and through the construction area should expect minor delays.

Since early April 2017, the contractor has been working on the sewer infrastructure within the center of Illinois Street starting at 18<sup>th</sup> and Illinois streets. General work hours are from 8 a.m. to 5 p.m., Monday through Friday.

In order to conduct the work, parking on both sides including along the historical Crane Cove Park fence (east side of Illinois Street) will be removed 24 hours, 7 days a week from 18<sup>th</sup> to 19<sup>th</sup> and Illinois streets for the duration of the project (approximately until winter of 2018).

Traffic lanes traveling both north and south will remain open and there will be flaggers posted to help direct traffic. The northbound bike lane will be converted to a shared roadway. Expect minor delays when traveling around and through the construction area.

Local access to properties along the project site will be maintained. Sewer work is scheduled to be completed by summer of 2018.
