PUBLIC OUTREACH

In order to inform Muni customers about service changes and inform local residents about construction work, the following outreach is currently planned or being implemented.

Primary, recurring outreach tactics

- Supervisor updates as necessary
- Email blasts/ project updates
- Merchant and neighborhood association meetings
 - Dogpatch Neighborhood Association
 - Potrero Dogpatch Merchants Association
 - Dogpatch Merchants Association
- Platform alert posters

PUBLIC OUTREACH

Detailed, specific outreach tactics

- Signage plan
 - Platform decommission: signs will be posted before and after the platform's decommission in mid-November to alert customers
 - Bus shuttle service: signs will be posted along the bus shuttle route and will act as wayfinding and bus stop finding signs
- Ambassador deployment
 - Platform decommission: ambassadors will be deployed near the platform to alert customers that the platform is out of use
 - Bus shuttle service: ambassadors will be deployed at Embarcadero and key stops along the T Third to assist customers during the service change
