EMSC Motion 150422.01

The SFMTA CAC urges the SFMTA to leave Geneva/Beach division as the home of the historic fleet where there is ample room for storage and maintenance, as well as space for future expansion of the historic fleet.

EMSC Motion 150422.02

The SFMTA CAC recommends the SFMTA modify its Real Estate Vision Plan to expand the storage capacity of the LRV fleet at MME from 74 vehicles to 119 vehicles as submitted by the CAC, and to reacquire the Upper Yard property from the Mayor's office to alleviate the pressures of capacity issues at Green division. Both of these actions will accommodate the expansion of the upcoming Siemens LRV fleet while allowing for flexibility in the maintenance operations.

EMSC Motion 150422.03

The SFMTA CAC urges the SFMTA to store the historic horsecar body and Portugal car in an indoor facility, such as Burke warehouse should the vehicles have to vacate Marin, in order to preserve them and protect them from decay.

EMSC Motion 150422.04

In order to make for a more comprehensive read, the SFMTA CAC recommends staff to add detailed data/information to support the text in the 2015-2030 SRTP. Easy to read and understand items are the mainstay graphs, charts and tables. Past, current and future comparisons should be included. A line-by-line analysis and ridership data should be part of the plan as well as performance summaries.

EMSC Motion 150422.05

The SFMTA CAC recommends that items regarding the historic vehicles be included in the SRTP. The 2006 SRTP included detailed information of the fleet, service increase to the F Line, E Line start-up, E Line expansion and G Line study.
