

Introducing . . .

Green Cab's new wheelchair-accessible ramp van.

With the help of an SFMTA-administered grant from the TNC Access-for-All Fund, Green Cab has purchased a 2025 Toyota Sienna hybrid minivan, converted for use as a ramp taxi, to serve both wheelchair users and the general public in San Francisco.

*Green Cab's fleet is dispatched by Yellow Cab. Callers to Green's dispatch number, **415-626-4733**, will be served by the nearest available cab affiliated with Yellow's dispatch service.*

You can order Green Cab's ramp van directly by calling 415-301-6383 and requesting ramp cab #9049. If the cab is not available, the passenger will be served by the nearest available ramp taxi in Yellow Cab's fleet.

We hope you'll enjoy riding with Green Cab.
