

SAN FRANCISCO  
MUNICIPAL TRANSPORTATION AGENCY  
BOARD OF DIRECTORS

RESOLUTION No. 191015-131

WHEREAS, Market Street is San Francisco's busiest street for people walking, cycling, and riding public transit including taxis; approximately 500,000 people walk along Market Street on a given day, there are over 200 Muni vehicles per hour during peak hours and there are 650 bicyclists in the peak direction during rush hour; and

WHEREAS, Market Street has several key transportation needs including a need to improve safety for all modes, transit performance challenges, accessibility challenges, a discontinuous bike facility, and aging infrastructure; and

WHEREAS, The Better Market Street (BMS) Project is a proposed, major capital investment to address these key transportation needs and to beautify the public realm along 2.2 miles of Market Street between Octavia Boulevard and Steuart Street; and

WHEREAS, San Francisco Public Works is the sponsor agency for the BMS Project in partnership with the San Francisco Municipal Transportation Agency (SFMTA) and other city agencies; and

WHEREAS, The Planning Department has determined that prohibiting the entry of vehicles on Market Street between Steuart and 9<sup>th</sup> streets, in the westbound direction, and Market Street between 10<sup>th</sup> and Main streets, in the eastbound direction, except for buses, taxis, bicycles, commercial vehicles, and emergency vehicles and on Market Street between 9<sup>th</sup> and 12<sup>th</sup> streets, in the westbound direction, and between 12<sup>th</sup> and 11<sup>th</sup> streets, in the eastbound direction, except for Muni, AC transit, taxis, bicycles, and emergency vehicles, and other vehicular circulation changes are designed to implement Objective 18 of the City's General Plan's Transportation Element pursuant to California Vehicle Code section 21101(f) in order to allow the right-of-way to be allocated for other users of the street, thereby improving safety, prioritizing sustainable transportation modes, providing for loading to support adjacent land uses, and improving Market Street as a civic space; and

WHEREAS, The SFMTA has determined that prohibiting the entry of vehicles on Market Street between Steuart and 9<sup>th</sup> streets, in the westbound direction, and Market Street between 10<sup>th</sup> and Main streets, in the eastbound direction, except for buses, taxis, bicycles, commercial vehicles, and emergency vehicles provides for the health and safety of citizens pursuant to California Vehicle Code section 21101(f) because collisions on Market Street are of significant concern because they involve a high number of vulnerable roadway users and Market Street has four of the top 10 intersections for pedestrian- and bicycle-involved collisions in the past five years; and

**PAGE 2**

WHEREAS, SFMTA staff have determined that permanently closing Bush/Battery Street, southbound, between Bush and Market streets and Page Street between Franklin and Market streets to vehicular traffic, except for bicycles and emergency vehicles, is necessary in order to enhance safety and comfort for vulnerable street users and to improve traffic and transit operations in the vicinity since SFMTA staff have determined that the above referenced street segments are no longer needed for vehicular traffic, given the closure of Market Street and associated turn restrictions, pursuant to California Vehicle Code section 21101(a); and

WHEREAS, Section 891 of the Streets and Highways Code provides that agencies responsible for the development or operation of bikeways or roadways where bicycle travel is permitted may utilize minimum safety design criteria other than those established by Section 890.6 if the following conditions are met: the alternative criteria are reviewed and approved by a qualified engineer, the alternative criteria is adopted by resolution at a public meeting after public comment and proper notice, and the alternative criteria adheres to the guidelines established by a national association of public agency transportation officials; and

WHEREAS, The protected bikeway proposed as part of the project meets these three requirements; and

WHEREAS, The protected bikeway has been reviewed and approved by a qualified engineer prior to installation; and

WHEREAS, The alternative criteria for the project are to discourage motor vehicles from encroaching or double parking in the bicycle facility, provide a more inviting and greater sense of comfort for bicyclists, and to provide a greater perception of safety for bicyclists; and

WHEREAS, The project's alternative criteria adhere to guidelines set by the National Association of City Transportation Officials; and

WHEREAS, The SFMTA has proposed the installation of parking and traffic modifications as a part of the BMS Project as follows:

WHEREAS, Final SFMTA decisions, whether made by the City Traffic Engineer or the SFMTA Board, can be reviewed by the Board of Supervisors pursuant to Ordinance 127-18; however, the proposed project is not subject to the Board of Supervisors review because the project is a large capital project that is over \$600M; and

WHEREAS, In accordance with CEQA, the CEQA Guidelines and Chapter 31 of the San Francisco Administrative Code, the San Francisco Planning Department determined that an Environmental Impact Report (EIR) was required for the Better Market Street project and published a Notice of Preparation (NOP) for an Environmental Impact Report (EIR) on January 14, 2015; and

WHEREAS, The Planning Department published the Initial Study and provided public notice of the availability of the Initial Study on March 30, 2016; and

**PAGE 11**

WHEREAS, The Planning Department published the Draft EIR for the proposed project and western variant and provided public notice of the availability of the Draft EIR for public review and comment on February 27, 2019; and

WHEREAS, The San Francisco Planning Commission held a duly noticed public hearing on the Draft EIR on April 4, 2019, and accepted written comments until April 15, 2019; and

WHEREAS, The Planning Department prepared a response to comments received on environmental issues, and made minor text changes to the Draft EIR in a Responses to Comments document published on September 23, 2019; and

WHEREAS, The San Francisco Planning Commission, on October 10, 2019, certified the Final EIR and found that the contents of said report and the procedures through which the report was prepared, publicized, and reviewed complied with the provisions of CEQA, the CEQA Guidelines and Chapter 31 of the San Francisco Administrative Code, and found that the Final EIR was adequate, accurate and objective, and that the Responses to Comments document contains no significant revisions to the Draft EIR; and

WHEREAS, A copy of the Better Market Street FEIR is on file with the Secretary to the SFMTA Board of Directors, and may be found in the records of the Planning Department at 1650 Mission Street in San Francisco, and are incorporated herein by reference; and

WHEREAS, Public Works, the sponsor agency, approved the proposed project with the western variant and adopted the CEQA Findings, including a statement of overriding considerations, and the Mitigation Measure and Reporting Program (MMRP) on October 11, 2019; and

WHEREAS, The public has been notified about the proposed modifications and has been given the opportunity to comment on those modifications through the public hearing process; and, now, therefore, be it

RESOLVED, That Final SFMTA decisions, whether made by the City Traffic Engineer or the SFMTA Board, can be reviewed by the Board of Supervisors pursuant to Ordinance 127-18; however, the proposed project is not subject to the Board of Supervisors review because the project is a large capital project that is over \$600M; and be it further

RESOLVED, The SFMTA Board of Directors has reviewed and considered the Better Market Street Final EIR and record as a whole, and finds that the Better Market Street Final EIR is adequate for the Board's use as the decision-making body for the actions taken herein; and, be it further

RESOLVED, The SFMTA Board of Directors adopts the Better Market Street Final EIR CEQA findings as its own, including the mitigation measures applicable to the Better Market Street Project and western variant, M-TR-1: Construction Management Plan – Additional Measures; M-CP-1a: Prepare and Submit Additional Documentation for the Market Street Cultural Landscape District; M-CP-1b: Develop and Implement an Interpretive Program; M-CP-1c: Hold Public Commemorative and Educational Program Series; M-CP-4: Tribal Cultural

Resources Interpretive Program; M-NO-1: Prepare and Implement a Construction Noise Control Plan to Reduce Construction Noise at Noise-Sensitive Land Uses; M-NO-3: Nighttime Construction Vibration Control Measures – Annoyance; and M-AQ-1: Off-Road Construction Equipment Emissions Minimization; the SFMTA Board of Directors adopts these mitigation measures as a condition of this approval; a copy of the CEQA findings and MMRP are on file with the Secretary to the SFMTA Board of Directors; and, be it further

RESOLVED, That the SFMTA Board of Directors adopts the BMS Project, including the western variant, which consists of a separate bikeway, private vehicle restrictions, Muni only lanes, Muni service and stop changes, a new F line loop, and parking and loading changes; and, be it further

RESOLVED, That the SFMTA Board of Directors concurs with the Planning Department's determination that prohibiting the entry of vehicles on Market Street between Steuart and 9<sup>th</sup> streets, in the westbound direction, and Market Street between 10<sup>th</sup> and Main streets, in the eastbound direction, except for buses, taxis, bicycles, commercial vehicles, and emergency vehicles and on Market Street between 9<sup>th</sup> and 12<sup>th</sup> streets, in the westbound direction, and between 12<sup>th</sup> and 11<sup>th</sup> streets, in the eastbound direction, except for Muni, AC transit, taxis, bicycles, and emergency vehicles, and other vehicular circulation changes are designed to implement Objective 18 of the City's General Plan's Transportation Element pursuant to California Vehicle Code section 21101(f) in order to allow the right-of-way to be allocated for other users of the street, thereby improving safety, prioritizing sustainable transportation modes, providing for loading to support adjacent land uses, and improving Market Street as a civic space; and, be it further

RESOLVED, That the SFMTA Board of Directors finds that prohibiting the entry of vehicles on Market Street between Steuart and 9<sup>th</sup> streets, in the westbound direction, and Market Street between 10<sup>th</sup> and Main streets, in the eastbound direction, except for buses, taxis, bicycles, commercial vehicles, and emergency vehicles provides for the health and safety of citizens pursuant to California Vehicle Code section 21101(f) because collisions on Market Street are of significant concern because they involve a high number of vulnerable roadway users and Market Street has four of the top 10 intersections for pedestrian- and bicycle-involved collisions in the past five years; and, be it further

RESOLVED, That the SFMTA Board of Directors finds that permanently closing Bush/Battery Street, southbound, between Bush and Market streets and Page Street between Franklin and Market streets to vehicular traffic, except for bicycles and emergency vehicles, is necessary in order to enhance safety and comfort for vulnerable street users and to improve traffic and transit operations in the vicinity since SFMTA staff have determined that the above referenced street segments are no longer needed for vehicular traffic, given the closure of Market Street and associated turn restrictions, pursuant to California Vehicle Code section 21101(a); and, be it further

RESOLVED, That the SFMTA Board of Directors approves the parking and traffic modifications, as set forth in Items A through VVVV above, as a part of the BMS Project; and be it further

RESOLVED, That the SFMTA Board amends Transportation Code Division II to designate transit-only areas at the following locations: Market Street, eastbound, between 10<sup>th</sup> and Main streets; Market Street, westbound, between Beale and 8<sup>th</sup> streets; Market Street, eastbound, between Gough and 10<sup>th</sup> streets; Market Street, westbound, between 8<sup>th</sup> and 12<sup>th</sup> streets; 11<sup>th</sup> Street, northbound, from Market Street to 134 feet south of Market Street (in F trackway area); 2<sup>nd</sup> Street, northbound, from Market and Stevenson streets; Main Street, northbound, from Market Street to 180 feet southerly; Charles J Brenham Place, southbound, from McAllister to Market Street; and to rescind transit-only areas on Market Street, eastbound, between 12<sup>th</sup> and 3<sup>rd</sup> streets; and Market Street, westbound, between South Van Ness Avenue and 3<sup>rd</sup> Street.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of October 15, 2019.
