

San Francisco International Airport

NOTICE

April 13, 2022

TO: San Francisco International Airport Ground Transportation Providers
SUBJECT: **Federal Mask Mandate Extension**

At the direction of the CDC, the Transportation Security Administration (TSA) has extended the mask mandate on public conveyances and at transportation hubs through May 3, 2022. This short extension was announced as a precautionary measure as the country monitors an uptick in cases. You must continue to ensure that your passengers and staff wear a mask covering the nose and mouth while in your vehicles and while moving around SFO. Certain exceptions are allowed, including removing the mask for short periods while eating or drinking. The full text of the CDC order can be read here: https://www.cdc.gov/quarantine/pdf/Mask-Order-CDC_GMTF_01-29-21-p.pdf
